PART A – VILLAGE AND TOWN DIRECTORY

Directorate of Census Operations, Punjab

MOTIF

TIGER SAFARI, AMALTAS, LUDHIANA

Zoo in Ludhiana known as **Tiger Safari** is situated on GT Road (Ludhiana-Jalandhar Highway); it is 6 kms. from the main city. Tiger Safari here is stretched out on 25 acres. It was established in 1993 and people can see black bucks, sambhars, rabbits and lots of peacocks in the safari. Majestic tigers roaming about in the dense jungle offer a thrilling experience.

Of course, the Tiger Safari is one place where the children love going. It is quite exciting for children to see the tigers bathing and roaming freely from the windows of the van. We all have seen the tigers in a zoo. But it was exciting to see the tigers sleeping under the bushes to protect themselves from the fierce sun. It is really enjoyable & thrilling to see the tigers bathing in the pool.

(g) Town Directory Statement VII Civic and other amenities in slums, 2009	390
(h) Appendix to Town Directory – Towns showing their outgrowth with population	398

FOREWORD

The District Census Handbook (DCHB) is an important publication of the Census Organization since 1951. It contains both Census and non Census data of urban and rural areas for each District. The Census data provide information on demographic and socio-economic characteristics of population at the lowest administrative unit i.e. of each Village and Town and ward of the District. The Primary Census Abstract (PCA) part of this publication contains Census data including data on household amenities collected during 1st phase of the Census i.e. House Listing and Housing Census. The non Census data presented in the DCHB is in the form of Village Directory and Town Directory contain information on various infrastructure facilities available in the village and town viz; education, medical, drinking water, communication and transport, post and telegraph, electricity, banking, and other miscellaneous facilities. Later on, the Telegraph Services were closed by the Government of India on 15th July, 2013. The data of DCHB are of considerable importance in the context of planning and development at the grass-root level.

2. In the 1961 Census, DCHB provided a descriptive account of the District, administrative statistics, Census tables and Village and Town Directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to Village and Town Directory, Part-B to Village and Town PCA and Part-C comprised analytical report, administrative statistics, District Census tables and certain analytical tables based on PCA and amenity data in respect of Villages. The 1981 Census DCHB was published in two parts: Part-A contained Village and Town Directory and Part-B the PCA of Village and Town including the SCs and STs PCA up to Tahsil/Town levels. New features along with restructuring of the formats of Village and Town Directory were added. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent Village, the distance in broad ranges from the nearest place having such an amenity, was given.

3. The pattern of 1981 Census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 Census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 Census. One of the important innovations in the 1991 Census was the Community Development Block (CD Block) level presentation of Village Directory and PCA data instead of the traditional Tahsil/Taluk/PS level presentation.

4. As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a Village in addition to prescribed facilities of earlier Censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified slums'.

5. The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. These newly added amenities are: Pre-Primary School, Engineering College, Medical College, Management Institute, Polytechnic, Non-formal Training Centre, Special School for Disabled, Community Health Centre, Veterinary Hospital, Mobile Health Clinic, Medical Practitioner with MBBS Degree, Medical Practitioner with no degree, Traditional Practitioner and faith Healer, Medicine Shop, Community Toilet, Rural Sanitary Mart or Sanitary Hardware Outlet in the Village, Community Bio- gas, Sub Post Office, Village Pin Code, Public Call Office, Mobile Phone Coverage, Internet Cafes/ Common Service

Centre, Private Courier Facility, Auto/Modified Autos, Taxis and Vans, Tractors, Cycle-pulled Rickshaws, Carts driven by Animals, Village connected to National Highway, State Highway, Major District Road, and Other District Road, Availability of Water Bounded Macadam Roads in Village, ATM, Self-Help Group, Public Distribution System(PDS) Shop, Mandis/Regular Market, Weekly Haat, Agricultural Marketing Society, Nutritional Centers (ICDS), Anganwadi Centre, ASHA (Accredited Social Health Activist), Sports Field, Public Library, Public Reading Room, Assembly Polling station, Birth & Death Registration Office. In the Town Directory, seven Statements containing the details and the data of each Town have been presented viz.; (i) Status and Growth History of Towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 Census as presented in earlier Census.

6. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

7. The Village and Town level amenities data have been collected, compiled and computerized under the supervision of Smt. Seema Jain, IAS, Director of Census Operation, Punjab. The task of Planning, Designing and Co-ordination of this publication was carried out by Dr.PratibhaKumari, Assistant Registrar General (SS) under the guidance & supervision of Dr.R.C.Sethi, Ex-Addl. RGI and Shri Deepak Rastogi present Addl.RGI. Shri A.P. Singh, Deputy Registrar General, (Map) provided the technical guidance in the preparation of maps. Shri A.K. Arora, Joint Director of Data Processing Division under the overall supervision of ShriM.S.Thapa, Addl. Director (EDP) provided full cooperation in preparation of record structure for digitization and validity checking of Village and Town Directory data and the programme for the generation of Village Directory and Town Directory including various analytical inset tables as well as Primary Census Abstract (PCA). The work of preparation of DCHB, 2011 Census has been monitored in the Social Studies Division. I am thankful to all of them and others who have contributed to bring out this publication in time.

(C.Chandramouli)
Registrar General &
Census Commissioner, India

New Delhi

PREFACE

The publication of District Census Handbook (DCHB) has been a regular feature ever since 1951, the first Census after independence. It aims to provide village/town level statistics for use by the government departments, non-government agencies, academicians and scholars, alike.

At the 1961 Census, a beginning was made to include village level data also on availability of amenities such as educational, medical, postal and communicational, land use pattern etc. in the form of Village Directory. Likewise, for towns, information with regard to their physical, financial, socio-cultural aspects and infrastructure were also added at town level. Keeping in view the great utility of non-census data in the form of Village Directory and Town Directory, the same has remained to be an integral part of the DCHBs ever since 1961. Above all, the analytical part and inclusion of maps presenting data at village level has further enriched the scope and use of this publication. The analytical note describes historical, administrative, physio-graphic and demographic aspect of the district.

The present volume has two parts viz., Part A - Village and Town Directory and Part B – volume of the DCHB will now contain Village and Town wise Primary Census Abstract (PCA) along with Housing amenities data. Now, this time both Part-A and Part-B of DCHB are being published separately for each district.

This volume of Part-A is giving data for each village within the Community Development (CD) Block and each town in the district. In order to ensure greater authenticity of the data, an effort has been made to cross check the same with the information available from other sources. We do hope that the contents and coverage of this publication would be of great use to the user agencies.

The production of the DCHB has always remained to be a joint venture of the Central Government and the State Government. We greatly acknowledge and express our deep gratitude to the Government of Punjab for extending their complete cooperation in providing the requisite data in the form of Village Directory and Town Directory. The District Gazetteers and the Statistical Abstracts brought out by the State Government were of big help to us in the preparation of brief analytical note.

We owe our deepest gratitude to Dr. C. Chandramouli, IAS, Registrar General and Census Commissioner, India and for their directions and support from time to time in accomplishing this onerous task.

The great effort and hard work done by Shri Bhagirath Singh, Deputy Director, Shri Rajender Prasad, Assistant Director, Dr. B.B. Jain, Research Officer (Map), Smt. Renu Bhagat, S.I. Grade I and Shri Santosh Kumar, Compiler are greatly acknowledged.

Last but not the least the publication of DCHB is a collective effort of the staff in the directorate and the services rendered by them (as per list) are acknowledged with thanks.

HISTORY AND SCOPE OF THE DISTRICT CENSUS HANDBOOK

The need of data at the grass root level for the administrative and planning purposes at sub micro level as well as academic studies prompted the innovation of District Census Handbook. District Census Handbook is a unique publication from the Census organization which provides most authentic details of census and non-census information from village and town level to district level. The District Census Handbook was firstly introduced during the 1951 Census. It contains both census and non census data of urban as well as rural areas for each district. The census data contain several demographic and socio-economic characteristics of the lowest administrative unit i.e. of each village and town and ward of the district. The non census data comprise of data on availability of various civic amenities and infrastructural facilities etc. at the town and village level which constitute Village Directory and Town Directory part of the DCHB. The data of DCHB are of considerable importance in the context of planning and development at grass-root level.

In 1961 census DCHB provided a descriptive account of the district, administrative statistics, census tables and village and town directory including Primary Census Abstract. This pattern was changed in 1971 Census and the DCHB was published in three parts: Part-A related to village and town directory, Part-B to village and town PCA and Part-C comprised analytical report, administrative statistics, district census tables and certain analytical tables based on PCA and amenity data in respect of villages. The 1981 census DCHB was published in two parts: Part-A contained village and town directory and Part-B the PCA of village and town including the SCs and STs PCA up to tahsil/town levels. New features along with restructuring of the formats of village and town directory were added into it. In Village Directory, all amenities except electricity were brought together and if any amenity was not available in the referent village, the distance in broad ranges from the nearest place having such an amenity, was given.

The pattern of 1981 census was followed by and large for the DCHB of 1991 Census except the format of PCA. It was restructured. Nine-fold industrial classification of main workers was given against the four-fold industrial classification presented in the 1981 census. In addition, sex wise population in 0-6 age group was included in the PCA for the first time with a view to enable the data users to compile more realistic literacy rate as all children below 7 years of age had been treated as illiterate at the time of 1991 census. One of the important innovations in the 1991 census was the Community Development Block (CD Block) level presentation of village directory and PCA data instead of the traditional tahsil/taluk/PS level presentation.

As regards DCHB of 2001 Census, the scope of Village Directory was improved by including some other amenities like banking, recreational and cultural facilities, newspapers & magazines and 'most important commodity' manufactured in a village in addition to prescribed facilities of earlier censuses. In Town Directory, the statement on Slums was modified and its coverage was enlarged by including details on all slums instead of 'notified

slums'.The scope and coverage of Village Directory of 2011 DCHB has been widened by including a number of new amenities in addition to those of 2001. In the Town Directory, seven Statements containing the details and the data of each town have been presented viz.; (i) Status and Growth History of towns, (ii) Physical Aspects and Location of Towns, (iii) Civic and other Amenities, (iv) Medical Facilities, (v) Educational, Recreational & Cultural Facilities, (vi) Industry & Banking, and (vii) Civic & other amenities in Slums respectively. CD Block wise data of Village Directory and Village PCA have been presented in DCHB of 2011 census as presented in earlier census. The data of DCHB 2011 Census have been presented in two parts, Part-A contains Village and Town Directory and Part-B contains Village and Town wise Primary Census Abstract. Both the Parts have been published in separate volumes in 2011 Census.

BRIEF HISTORY OF THE DISTRICT

It is presumed that this tract formed a portion of the Kingdom of Magadh at the time of Alexander's invasion and ruled by the Nanda Kings. Chander Gupta Maurya overthrew the Nanda dynasty and extended his Empire to Afghanistan. Later, during the reign of the Kushan kings, the territory comprising the Ludhiana district was included in their empire, which at one stage included Uzbekistan and Tazakistan now in southern Russia. With the fall of the Guptas, Ludhiana formed a part of the Empire of Harsha, who built his capital at Thanesar. With the break-up of the Harsha's Empire, the tract of Ludhiana was ruled by the Tomar Rajput Kings of Delhi, the Chauhans, and the Pal Dynasty.

Towards the end of the 10th century, the Turks of Central Asia, who were new converts to Islam. They occupied the whole of Iran, Afghanistan and Turkistan. The Hindus were defeated at Ohind and later at Peshawar. All attempts of Anand Pal and his son failed to check the Turks from ingress into India. Their Generals occupied the Punjab, right up to Lahore. It was at this time that Basil Dev, grandfather of Prithvi Raj Chauhan, established a strong Rajput kingdom in the area of Ajmer and Delhi and Ludhiana tract formed a part of his kingdom. Ghazni dynasty was over thrown by another tribe headed by Mohd. Gauri, a Turko Afghan Chief, who dreamt of establishing Muslim Empire in northern India. Jai Chand, the Rajput king of Kannauj sent him an invitation to invade India and promised all help against his cousin and son-in-law, Prithvi Raj Chauhan. Mohammed Gauri defeated Prithvi Raj at Tarain in 1192 and established his rule over Delhi.

The later Muslim rule is so well known that it needs not to be recounted here. The name of Ludhiana find mention conspicuously when in 1421, a powerful Khokhar Chief, Jasrat, rose in revolt, occupied Ludhiana and made a strong bid for the Empire of Delhi. For some time, Ludhiana remained in possession of Jasrat Khokhar. Ludhiana was also the base of Jasrat Khokhar's attack on Sirhind. However, he had to abandon the town, when the imperial forces under Sultan Mubarak Shah Sayyad advanced towards Ludhiana. Malik Tughan and Jasrat had to retreat across the Satluj.

It was in the reign of Sikander Lodhi that the town of Ludhiana was founded. During his reign, the people in the tract of Ludhiana were oppressed by the plundering Biluchis. Sikander Lodhi sent two of his Generals, Yusaf Khan and Nihang Khan with an army to protect the people against the onslaught of the Biluchis. Yusaf crossed the Satluj to save the people of the Jalandhar Doab against the plundering by the Khokhars. He settled at Sultanpur. The other General, Nihang Khan, continued to reside at Mir Hota as the representative of the Sultan. He called the place, Lodhiana or the town of Lodhis. His grandson, Jalal Khan, built a fort at Ludhiana on the bank of the Satluj. At that time, the Satluj flowed just by the town of Ludhiana, at the place where the Buddha *nala* now exists. Sometimes later, Ludhiana was made a part of the province of Delhi and the Sirhind Division, which was directly under the control of the Lodhi kings.

During the reign of Babar, Ludhiana and the country around it was a *mahal* (district) of the *sirkar* (division) of Sirhind in the *suba* (province) of Delhi. When Humayun, son of Babar was turned out of India, Ludhiana fell into the hands of Sher Shah Suri. After the death of Sher Shah, Sikander Shah Suri, who was the Governor of Punjab held Ludhiana. In 1555 Humayun defeated Sikander Shah Suri at Machhiwara, 25 miles from Ludhiana, leading to his reinstatement as the Emperor. During the reign of Akbar, People from other areas were

brought and settled in the eastern parts of Ludhiana district. In the Ain-i-Akbari, Ludhiana has been mentioned as one of the *mahals* in the Sirhind *Sirkar* of the *Suba* of Delhi and this position continued during the reign of Jahangir and Shah Jahan.

Under the leadership of Guru Gobind Singh, a long drawn out struggle between the Sikhs of the cis-Satluj States and the Muslim Governors of Sirhind commenced. The district of Ludhiana with the adjoining country to the south, specially the forests near Machhiwara, were the places of the Guru's encounters with the enemy. Being defeated by Wazir Khan, the Governor of Sirhind in 1705, Guru Gobind Singh went to Deccan. From there he inspired Banda Bahadur, a Dogra from Jammu and Kashmir State, to continue the fight. Banda gathered some forces in Punjab and defeated and killed Wazir Khan, the Governor of Sirhind. He ran-sacked the town of Sirhind and over-ran the country between the Satluj and Yamuna. Farukhseer was the Emperor of Delhi at that time and he sent his army to curb the activities of Banda. In 1715, Banda was defeated at Gurdas Nangal and later executed. The Sikhs remained depressed and persecuted for some time, but rose again against the tottering Mughal Empire. The Chiefs of the Phoolkian tribe, after some struggle, established Kingdoms for themselves on the ruins of the Mughal Empire. Ala Singh, the founder of the Patiala house, was a contemporary of Rai Kahla of Raikot. Ala Singh ruled at Patiala while the tract of Ludhiana was under Rai Kahla, who had held the lease of a considerable tract of land from the Mughal Emperors. Rai Kahla asserted his independence. A part of Ludhiana was also under Raja Ala Singh of Patiala and a part under the Muslim Governor of Sirhind. In 1741, the Governor of Sirhind and Raja Ala Singh combined to defeat Rai Kahla and threw him out of his territory, though for a short period.

Nadar Shah Durrani invaded India in 1739. He crossed the Satluj at Ludhiana and marched through the District to Delhi along almost the same course as the present Grand Trunk Road. Ludhiana district saw another big fight in 1747 when Ahmad Shah Abdali invaded India for the first time. When he reached the Satluj, he found his passage blocked by the Mughal army. Ahmad Shah Abdali made a long detour up the right bank of the river Satluj and crossed it near Machhiwara or Behlolpur while the Mughal army was waiting for him near Ludhiana. A battle was fought between the contending armies near the villages of Manupur and Barwali, a few miles to the north-east of Khanna. Ahmed Shah Abdali was defeated.

Ahmed Shah Abdali, however, invaded Punjab many a time after that but to his subsequent invasions no resistance was offered by the imperial troops in Sirhind, though his armies were constantly harassed by the Phoolkian Chiefs and the Rais. The Phoolkian Chiefs held sway over Patiala, Jind, Nabha and Faridkot, etc., while the Rais ruled over Raikot and some other parts of Ludhiana district. The Rais were permitted by Ahmed Shah Abdali to take possession of the town and the fort of Ludhiana in about 1760. In 1761, Ahmed Shah Abdali invaded India for the fourth time to punish the Marhattas who had ousted his son, Timur and the Afghan Garrison from Lahore. Marhattas had come under the leadership of their Chief, Raghoba up to Lahore and after defeating the Afghans, had become supreme force in Punjab also. They appointed Adine Beg as their Viceroy at Lahore. When Ahmed Shah Abdali came in 1761, Adina Beg fled to the hills. Ahmed Shah Abdali fought a decisive battle with the Marhattas at Panipat and deated them. Zain Khan was appointed the Governor of Sirhind. In 1762 there was a formidable combination of Phoolkian Cheifs and other Sikh leaders assisted by Jassa Singh Ahluwalia and other Sikh leaders from the Majha tract against Zain Khan. Ahmed Shah Abdali, who was at Lahore heard of this and marching the Satluj in two days, crossed it at Ludhiana, and fell upon the allies. The Sikh army was cut

into pieces and they were badly defeated near Barnala. This great disaster is known as *ghalu ghara* in the Sikh history. In 1763, however, the Sikhs again got together and rose against the Governor of Sirhind. The cis-Satluj Sikhs were aided this time fully by the Sikhs across the Satluj. Zain Khan was defeated and Sirhind fell into the hands of the Sikhs.

With the fall of Sirhind, finished the last vestige of the Mughal control over the division of Sirhind. The next year (1764), Ahmed Shah Abdali passed through the country and recognized Raja Ala Singh of Patiala as the Governor of Sirhind. In 1774, Ahmed Shah Abdali came to India for the last time, but did not proceed beyond Ludhiana. Amar Singh, grandson of Raja Ala Singh was confirmed as the Governor of Sirhind and given the title of Maharaja. The whole of this rich tract thus came to the phoolkian chiefs and their Majha allies; the Mughals had no control whatsoever over them. A part of the district was also in possession of the Rais of Raikot. Their northern boundary was the river Satluj and they also held away over the town of Ludhiana. The low lands opposite their territory were held by Kakkar Sardars and Diwan Mohkam Chand. The whole of the present uplands of Jagraon and Ludhiana Tahsil, with considerable part of the Moga and Zira Tahsils of the Ferozpur district, belonged to the Rais. The land now comprising Samrala tahsil was divided amongst the Sikh leaders. A famous leader of the Sikhs, Tara Singh Ghaiba established himself at Khanna, and Jassa Singh Ahluwalia of Kapurthala got about 30 to 40 villages near Isru.

Twelve years after the fall of Sirhind, in about 1775, the Satluj river changed its course and the whole of the *bet* tract, which is about 50 miles in length and 5 to 6 miles in width, came to this side of the river. The condition of the Ludhiana tract, during that period, was very good, people were prosperous and the rule of the Rais was just and mild. It is said that they got only 1/4th of the produce land as land revenue from the people without any other tax. The peace of the area was however, disturbed by a Sikh Sardar, Bedi Sahib Singh of Una. In 1794, he crossed the Satluj with an army and proclaimed war against the Nawab of Malerkotla. He was, however, defeated by the Maharaja of Patiala, who was a friend of the Nawab. But he came again in 1798 and attacked the Rais of Raikot. The Rais sought the help of the Maharaja of Patiala and an English general, George Thomas, from Hansi and they all defeated the Bedi Chief.

In 1803, Delhi was captured by the East-India Company and this brought the British Government in contact with the Sikh chiefs of the cis-Satluj states. At that time Maharaja Ranjit Singh, the ruler of Lahore, was thinking of extending his dominion beyond the Satluj. A dispute was then brewing up among the Sikh rules of Patiala, Nabha and Jind and this afforded an opportunity to Maharaja Ranjit Singh. In 1806, he crossed the Satluj. Ludhiana town was then in the hands of the Rais and was controlled by Bhag Bhari, the wife of the last Rai ruler, and by Nur-ul-Nisa, his mother. They offered no resistance to Ranjit Singh, who took possession of the town and fort of Ludhiana. He passed on this area to his nephew, Raja Bhag Singh of Jind. Ranjit Singh also took Naraingarh in Ambala district in 1807. In these expeditions, Ranjit Singh took possession of the entire territory of the Rais, except two or three villages which were given to them for maintenance. A part of the territory was given to the Raja of Jind and another part consisting of Jagraon Tahsil and Dakha Pargana was given to Sardar Fateh Singh Ahluwalia of Kapurthala. Bhai Lal Singh of Kaithal got 16 villages about Gujjarwal and the Nabha Chief got some area in Pakhowal. Diwan Mohkam Chand became the Governor of the portion of the country reserved by Ranjit Singh for himself.

By 1809, the British decided that the progress of Maharaja Ranjit Singh, on this side of the river Satluj, should be stemmed and that the Sikh Chiefs of the cis-Satluj States be taken

under their protection. In 1809, a treaty was concluded between Maharaja Ranjit Singh and Mr. Matcalfe to the effect that Maharaja Ranjit Singh would not extend his territory beyond the river Satluj and that all the rulers of the cis-Satluj States would be considered to be under the protection of the British Government. The fort of the Ludhiana was occupied by the British army and Ludhiana town became a military outpost. A British resident was appointed at Ludhiana for the protection of the cis-Satluj chiefs. Maharaja Ranjit Singh had to set up his own fort at Phillaur as a frontier fort of his territory.

When Raja Sangat Singh of Jind died in 1835, the British Government acquired about 80 Villages around Ludhiana and Bassian and appointed an Assistant Political Agent to administer this territory with his headquarters at Ludhiana. Confusion and disorder followed when Ranjit Singh died in 1839. In 1845, the Khalsa army crossed the Satluj and thus started the First Sikh War. Ferozpur was the main point of their attack. The Sikh General Ranjodh Singh Majithia appeared with a force of 10,000 infantry at Phillaur and crossed the Satluj. Nihal Singh Ahluwalia of Kapurthala played a double game. His troops fought the British near Ferozpur. A considerable body of these troops had joined Ranjodh Singh near Ludhiana, while Raja Nihal Singh professed friendship to the British Government. He said that he had no control over his army. Ranjodh Singh was able to subdue the garrison at Ludhiana. Sir Henry Smith was then sent from Ferozpur with 4,000 men to go to the help of the Ludhiana garrison but near Baddowal, this force was attacked by the Sikhs. The British troops were defeated. Ranjodh Singh was joined by some regular troops of the army from Lahore and his strength increased to some 50,000 men. Another battle was fought at Aliwal and there the Sikhs were defeated by the British army led by Sir Henry Smith. The Sikh troops were either driven across the river or dispersed over the uplands or got drowned in the river. After a month, the final victory was won by the British over the Khalsa army at Subraon that ended the First Sikh War. The British Government annexed the territory of Lahore Government on this side of the Satluj. The possession of the Ahluwalia Chiefs on this side of the river was also forfeited by the British and the Nabha Raja lost about a quarter of his territory. The territory of the other minor Chiefs who had opposed the British Government was also confiscated. From these acquisitions was formed the district of Ludhiana in 1847. In the eventful 1857, the Ludhiana town was garrisoned by a small detachment of infantry who turned hostile, and were joined by the local population and mutineers from Jalandhar. But the ammunition in the fort proved useless and they left for Delhi. The local officers took strong action against the rebels. Many of them were hanged and others were heavily fined. All houses within 300 yards of the fort were leveled. The area was kept safe with the help of the levies of Nabha, Malerkotla and fresh recruits. The Kooka rising also deserves mention. They were suspected of political motives, and the British got an opportunity to suppress them, when in 1872 some 150 Kookas attacked Malerkotla. These Kookas were, however, over-powered with the help of the forces of the native rulers. Their leader, Satguru Ram Singh was deported to Rangoon where he remained a State prisoner till his death in 1885.

Thereafter, the district began to develop socially and economically. Some industries were set up at Ludhiana and the town became a centre of industry and commerce. The hosiery and textile industries were set up in the early years of the twentieth century. Khanna and Jagraon developed mainly as commercial centre. More and more people shifted their residence from the rural areas to the urban areas. At the time of partition in 1947, the Muslim inhabitants of the district crossed over to Pakistan and displaced persons from western Punjab started settling here in large numbers. As per the recasted figure of 1951 Census, Ludhiana M.Corp has population of 1,53,795 and this was less than one half of

Amritsar M. Corp 3,36,114. Ludhiana M. Corp. overtook Amritsar M. Corp. in 1981 when population of these two cities reached 6,07,052 and 5,94,844, respectively. As per Census 2011, Ludhiana M. Corp. has a population of 16,18,879.

ANALYTICAL NOTE

(i) Physical Features

Origin of Name:

The district takes its name from Ludhiana city, which serves as the seat of district headquarters. Ludhiana city was founded in the times of Lodi dynasty which ruled at Delhi from 1451-1526 AD. The legend goes that two Lodi chiefs Yusaf Khan and Nihang Khan were deputed by Sikandar Lodi (1489-1517 AD) to restore order in this region. They camped at the site of present city of Ludhiana which was then a village called Mir Hota. Yusaf Khan went across the river Satluj in Jalandhar Doab to check Khokhars, who were plundering the Doab and made a settlement at Sultanpur (now in Kapurthala district), while Nihang Khan stayed back and founded the present city at the site of village Mir Hota. The new town was originally known as Lodiana, which means the town of Lodis. The name was later corrupted to the present name Ludhiana.

Location and Size:

Ludhiana is the most centrally located district, which falls in the Malwa region of the State of Punjab. For administrative purpose it has been placed in the Patiala Division. It lies between north latitude 30°-34' and 31°-01' and east longitude 75°-18' and 76°-20'. It is bounded on the north by the river Satluj, which separates it from Jalandhar and Nawanshahr districts. The river also forms its northern boundary with Hoshiarpur district. On other sides it shares common boundaries with Rupnagar district in the east and Moga district in the west; and Sangrur and Fategarh Sahib districts in the south and south-east, respectively.

Area:

Ludhiana district has an area of 3578.00 sq. km., as supplied by the surveyor General of India. Out of which, 321.9 sq. km. is urban shared among 12 urban units in this district, whereas the remaining 3256.10 sq. km. is rural. The rural area of the district is derived by subtracting urban areas of the district from the total district area, as supplied by the Surveyor General, India. The tahsil wise area, as supplied by the Director Land Records, Punjab is: (1) Samrala 491.58 sq.km. (2) Khanna 212.40 sq.km. (3) Payal 428.98 sq.km. (4) Ludhiana (East) 558.30 sq.km; (5) Ludhiana (West) 619.50 sq.km. (6) Raikot 482.89 sq.km. and (7) Jagraon 784.34 sq.km. The area of the tahsils when summed up works out to 3578 sq. km., does not tally with the area supplied by the Surveyor General, India. The urban area for the district has been obtained by adding up areas of towns, as supplied by the urban civic bodies. The rural area for Tahsil has been obtained by subtracting urban area from the Tahsil area, as supplied by the director Land Records, Punjab. The Community Development Block area has, however, been obtained by adding up village areas of the constituent villages, including census towns and out-growths of urban agglomerations.

Climate:

The climate of the district is characterized by dryness except in the brief spell of monsoon season, a very hot summer and a bracing winter. The cold season is from about the middle of November to the early part of March. The succeeding period up to about the end of June is the hot season. July, August and the 1st half of September constitute the south-west

monsoon. The period from mid-September to about middle of November may be termed as post-monsoon or transitional period.

Temperatures increase rapidly after February. June is generally the hottest month. Hot and scorching dust-laden winds blow during summer season and on individual days the day temperature may reach above 45°C. With the onset of monsoon in early July there is appreciable drop in the day temperatures but the night temperatures are nearly as high as the day temperatures. Due to the presence of increased moisture the weather is sultry and humid and the days are quite uncomfortable. After about mid-September the night temperatures drop appreciably but in the day the temperature does not decrease rapidly. From about November, however, both the day and night temperatures decrease rapidly till January, which is the coldest month. Rains are experienced in the months of January and February due to western disturbances, which cause appreciable drop in temperature.

The rainfall in the district increases from South-West towards the North-East. About 70 per cent of the rainfall is received during the period July to September. The rainfall during December to March accounts for 16 per cent of the rainfall. The remaining 14 per cent rainfall is received in other months of the year. The following table gives monthly rainfall based on average of 5 years 2005-2009 for the district:

Monthly Rainfall: Average of 5 years 2005-2009

Month	Rainfall (mm)	Month	Rainfall (mm)
1	2	3	4
1. January	11.3	7. July	111.1
2. February	17.5	8. August	97.2
3. March	16.7	9. September	73.6
4. April	14.6	10. October	3.8
5. May	17.5	11. November	2.0
6. June	65.4	12. December	3.4
Total			434.1

(Source: Statistical Abstract of Punjab 2010)

Physiographic:

Ludhiana district is centrally located in the Punjab plain region which is marked for its flatness and featurelessness. The topography of the district is a typical representative of an alluvial plain and it owes its origin to the aggradational work of the Satluj. The alluvium deposited by this river has been worked over by the wind, giving rise to a number of small sand dunes and sand mounds.

In the Ludhiana plain, the elevation ranges from about 268 metres in the east to about 216 metres in the west. The slope of the land is from east to west at the gentle gradient of about 2 feet in a mile.

For a broad understanding of its topography the district can be divided into two parts; (1) the Floodplain of the Satluj, and (2) the Upland plain. A brief description of each part is given below:--

The Floodplain of the Satluj:

The Satluj makes an extensive floodplain along its 96 kilometres course in the North of the district. This covers an area of about 600 square Kilometres, which accounts for about 16 per cent of the total area of the district and is locally known as Bet. Most of this tract is between the Satluj and its tributary, the Budha Nala, and runs parallel to the master stream for almost the whole of the length of the district. The Satluj floodplain does have its extension even south of the Budha Nala. The floodplain is the low lying area which has swampy condition in parts and possesses somewhat undulating topography. It is the widest in its eastern half (about 11 kms.) and gradually narrows down towards the west (about 5 kms.). Prior to the construction of the Bhakra Dam over the Satluj (in 1952) and the opening of the network of canals in 1954, the whole of the plain was flooded by the river during the rainy season. The damming of the Satluj had a profound effect on its alleviation and erosive power. The flood plain is now practically free from floods, except for a narrow strip of land along the river, which is locally called as Mand area.

There is an extensive reclamation of cultivable land in the flood plain. Thus, the floodplain area of the Satluj is further divisible into two parts; (1) The Mand area (inundated area in high flood) and (2) the flood free floodplain, which has been reclaimed for agricultural purposes.

The Upland Plain :

The upland plain is locally known as Dhaiya. It accounts for about 84 per cent of the total area of the district. It lies at a general elevation of about 243 metres above main sea level and has a gentle slope from the east to the West. The upland plain is separated from the flood plain by a distinct, though low scarp, which varies in its elevation from 1.5 metres to 6 metres. In its orientation the scarp parallels the Budha Nala. The most distinguishing feature of this upland plain is its characteristic flatness. However, there are number of sand dunes and sand mounds varying in elevation from 1-5 metres to 9.6 metres and in length from a few metres to about 200 metres. Scattered over the area, the sand dunes find a relatively high concentration along the scarp between the floodplain and upland plain in Jagraon Tahsil and near Samrala; Machhiwara, Halwara and Sidhwan. The availability of better irrigation facilities has considerably reduced the occurrence of sand dunes throughout the district.

Rivers and Drains :

The Satluj and its tributary, the Budha Nala, constitute the chief hydrographic features of the district. A brief description of these is as follows:

River Satluj :

It takes its origin from Mansarovar Lake in Tibet (China). After flowing through Himachal Pradesh territory, it debouches from the Shiwaliks just above Rupnagar, some 32 km. east of the boundary of Samrala tahsil. Then it flows due west along the top of the district for some 96 km. and turns, as it leaves Jagraon Tahsil, slightly to the north towards its junction with Beas at Harike. During its journey along the district, it maintains an east-west direction. It has been a devastating river during its flooding fury. The Satluj has experienced a westward drift during recent times. The old towns and villages of Bahlolpur, Machhiwara, etc. were built on

its banks. The river had since been dammed at Bhakra, which has considerably checked its flooding menace in the district.

Budha Nala :

Immediately under the high bank along the old course of the Satluj runs a perennial stream called Budha Nala, which takes its rise near Chamkaur Sahib. It runs parallel to Satluj on its south for fairly large section of its course in the district and ultimately joins Satluj at Gorsian Kadar Baksh in the north-western corner of the district. It is a flooding stream during the rainy season but in the dry season it can be crossed on foot at certain points. Ludhiana and Machhiwara are situated to the south of the Budha Nala. The water of the stream becomes polluted after it enters Ludhiana city, unlike in the past when it used to be quite clear throughout its course in the district.

Major characteristics of the District

Forestry:

The area under regular forests is very small. The process of consolidation of holdings has led to the cutting of large numbers of trees. There was an acute shortage of fuel as a result of which rural population made use of cowdung cakes as fuel. This resulted in waste of cowdung which could be used as manure to augment fertility of the soil. Consequently in 1951, the railway and national highway strips and in 1956 the PWD road strips and canal strips were transferred to forest department for plantation purposes. The break up of area under various type of forest in the district during 2009-10 is as follows:

Serial No.	Type of Forest	2009-10 (in sq. kms.)
1.	Reserved Forests	1
2.	Protected Forests	77
3.	Unclassified Forests	22
4.	State Forests (Total 1 to 3)	100
5.	Under S/38 of Indian Forest Act, 1927	-
6.	Total Forest (total 4+5)	100

The table reveals that during the 2009-10 the area under forests is 100 sq. kms. However, during 2009-10, whereas 100 sq. kms are under State forests. The area under forest is amazingly above the far below the norm prescribed for forest cover in the State.

Natural Economic Resources

Minerals and Mining:

The only mineral produce of the district is kankar which is quarried in many places and is to be found in sufficient quantity at many convenient sites that there is no difficulty in obtaining a supply for metalled roads and for lime. Saltpetre (Shora) used to be made in a few villages, but the manufacture has been stopped under new regulations.

Land and Land use Pattern:

During the year 2009-10, the area of the district as per village papers is 368 thousand hectares. The description given hereinafter is only of area according to village papers. Out of an area of 368 thousand hectares 10 thousand hectares is under forests, which are mainly found along the river banks. An area of 52 thousand hectares (approximately) is put under non-agricultural use. There are 306 thousand hectares of net area sown in the district, which works out to 83 per cent of the total area. Out of 306 thousand hectares of net area sown, 289 thousand hectares are sown more than once. Thus the total cropped area of the district in 2008-09 works out to 595 thousand hectares.

Agriculture:

Agriculture provides the single largest source of employment and livelihood in the district as this employed 36.7 per cent of total workers (main + marginal) according to the 2011 Census.

There are two principal crop seasons Kharif (sawni) and Rabi (hari) in the district. Both the seasons are equally important but area wise Rabi is more important of the two as it reported 309 thousand hectares against 263 thousand hectares reported in Kharif in 2008-09. Out of 595 thousand hectares of cultivated area, the area under food and non-food crops is 536 thousand hectares and 59 thousand hectares, respectively. In terms of percentages the area under food crops is 90 per cent against 10 per cent under non-food crops. The major and minor crops during Kharif season are; Paddy, Maize, Groundnut, Sugarcane, Cotton, Pulses and Chillies, etc; whereas Wheat, Gram, Barley, Potatoes and Oilseeds are the major and minor crops of the Rabi season. Among the food crops important ones are; Wheat, Rice and Maize, which account for 259 thousand hectares, 257 thousand hectares and 2 thousand hectares of cultivated area, respectively. Sugarcane with an area of 1 thousand hectares is another important crop which occupies the fourth largest area in the district in 2009-10. The other important crops sown are; Arhar (1.2 thousand hectares), Moong (1.1 thousand hectares), Barley (2 thousand hectares), Potatoes (5.4 thousand hectares), Rapeseed (2 thousand hectares) etc.

The average yield of wheat in the district during 2009-10 was 4634 kg. per hectares, which is the third highest in the state for any district and compares favorably with the best areas in the world. The average yield of rice was 4692 kg. per hectare. The average yield of maize, sugarcane and Barley were 4407, 6428 and 3288kg. per hectare respectively.

The district has an area of 2145 hectares under various types of fruits and orchards during 2009-10 and ranked 9th in area in the State. Among the fruits Guava has the largest area (755 hectares), followed by Mangoes (302 hectares), Ber (197 hectares), Pears (168 hectares), Lemon (93 hectares) and Kinnow (268 hectares). Some other important fruits grown in the

district are; Peach (124 hectares), Grapes (37 hectares), Orange and Malta (20 hectares), Plums (11 hectares), Litchi (5hectare) and Misc. (148 hectares).

The district had an area of 10294 hectares under vegetables in 2008-09. Out of which, 7906 hectares was under potatoes, 247 hectares under onion and remaining 2141hectares under other vegetables. In the case of other vegetables the area under winter and summer vegetables was 1161 and 980 hectares respectively. The vegetable requirements of this district including the city of Ludhiana are met from local supplies and supplies from outside the district.

In addition to the use of green and organic manures chemical fertilizers are increasingly being used in the district. The district was the top consumer of chemical fertilizer during 2009-10 as it alone consumed 155 thousand nutrients tonnes of chemical fertilizers (NPK). Out of this 108 thousand nutrients tonnes was nitrogenous (N), 39 thousand nutrients tonnes Phosphatic (P₂O₅) and 8 thousand nutrients tonnes potassic (K₂O).

This district had an Agricultural Demonstration farm at Ludhiana as far back as 1927. Now a full fledged Agricultural University is functioning at Ludhiana since 1962 which has greatly popularized the adoption of modern agricultural techniques and farm practices in the district thereby making it a lead district in agriculture in the State.

Irrigation:

There were times when 96.6 per cent of the total irrigated area was served by the wells through Persian wheels, Dhenklies and Charasas. Also canal irrigation could not gain popularity among the cultivators of the district due to the fact that canal water supply was irregular and inadequate. But things have since changed and there is ever increasing hunger of water for irrigation, preferably for sub soil water through tube wells. The government has also succeeded to large extent in meeting the legitimate requirements of the farmers. It was the excellent combined effort of Agriculture Department with the farmers which made possible the green revolution in this district.

The canal irrigation was started in the district with the opening of Sirhind canal on November 24, 1882. The canal was taken out from Ropar headworks. Originally the Sirhind canal had a capacity of carrying 8,000 cusecs of water (It had a width of 60 metres and depth of 3.45 metres). But its remodeling was completed in 1953-54 as a result of which it carried a discharge of 12,625 cusecs during Kharif and 10,237 cusecs during Rabi (width was increased to 69 metres from 60 metres and depth increased to 4 metres from 3.45 metres). The Sirhind canal has three main branches in the district: (1) Sidhwan Branch, (2) Abohar Branch and (3) Bathinda Branch. Besides, some area is also irrigated from the two distributaries (Samrala distributary and Khanna distributary) of Bhakra Main Line, which takes of from Nangal Dam in Rupnagar district. In the matter of irrigation facility this district is well placed. In the net area irrigated was 306,000 hectares (canal irrigated 10,000 hectares and tube well and well irrigated 296,000 hectares). The drop, in canal irrigated area during the last decade 2000-01 shows that canal irrigation is still losing popularity in this district due to fear of water logging. Further the percentage of gross area irrigated the district has shown an increase from 599,700 hectares in 1990-91 to 604,000 hectares in 2000-01 and 595,100 hectares in 2008-09. Likewise the percentage of gross area irrigated to total cropped area has increased from 99.8 per cent to 100 per cent in 2000-01 and finally to 100 per cent in the year 2008-09

The figures in the preceding paragraph show that increase in irrigated area has been possible due to the tapping of sub-soil water for irrigation. Even though, there are some diesel operated tube wells yet the majority of the tube wells are electricity operated because the later are cheaper in respect of operational cost, which has mainly resulted in the increase in area irrigated in the district. This has ushered in green revolution in the district.

Animal Husbandry:

Livestock are the backbone of the peasantry. They not only supply the motive power for various agricultural operations but also provide milk and other by-products and thereby help in augmenting the income of the farmer. Animals, especially cattle, play an important role in the economy of the district. Animal husbandry, therefore, is an integral part of the agriculture in the district.

The data on livestock in Punjab is available for the year 2007. It reveals that there are 153,480 Cows and 505,090 buffaloes, 2,420 horse and ponies, 130 donkeys, 1450 mules and ponies, 4,760 sheep, 13,790 goats, 10 Camels and 4,820 pigs. Cows and Buffaloes, as else where, are the two most dominant milch animals in the district. The district can boast of a fairly rich cattle wealth. There were 73,65,270 total animals of various kinds in 2007 as compared to 86,07,500 in 2003 in the Punjab. Thus there is a decrease of 12,42,230 animals during the period 2003-2007 in the state. The decline in the number of cattle is attributable to the mechanization of agriculture and transportation, which make lesser demand of draught cattle. However the ever increasing demand of milk in the urban centers and the State has increased demand of milch buffaloes, which are mainly of good breeds (murrah and nili).

The number of pigs shows a decline from 29,000 in 2003 to 24,990 in 2007. A pig breeding unit is located at Ludhiana, which was established on 18th December, 1964. Later six sub units were opened at: (1) Samrala, (2) Machhiwara, (3) Khamanon Kalan, (4) Khera, (5) Sahnewal, and (6) Dhaka. The increase in the number of pig and popularity of pork could be attributed partly to the developmental efforts of the above unit/sub-units and partly to the change in the consumer preference. The number of sheep and goats both have gone down from 4,98,300 in 2003 to 4,96,990 in 2007 livestock census.

The number of poultry birds has recorded 7,125,776 (5014500 Broilers, 2,099,500 Layers and 11,776 Backyard) in 2007. This has been possible due to the development of poultry farming in the district. The poultry farming is now been practiced on scientific lines, which is evident from the large number of poultry farms located in the district. This has been made to understand due to acceptability of eggs as vegetarian food.

In 2009-10, 114 veterinary hospitals and 135 permanent outlying veterinary dispensaries and insemination Units were rendering services for the betterment of animal health. In the above institutions 87 veterinary officers and 219 veterinary pharmacists were working. There were 3,36,908 cases treated in the above institutions during 2009-10 and 808 animals were castrated.

Fisheries:

Pisciculture has been taken up in a big way in the district. An area of 791 hectares was stocked with fish wherein 11,994 thousand fingerlings were raised. During 2010 fisheries department has accrued income of Rs. 74,000 in the district.

Tenancy:

The farmers generally cultivate their own lands by themselves. This system is called *khud kasht* (self -cultivation). Sometimes the land is leased out to other farmers/ persons for cultivation on *betai* (share cropping) or *theka* (contract) basis. The usual rate of *betai* is half the share of the crops grown. The rate of *theka* may vary from time to time depending upon the quality of land and period of contract. Since large numbers of farmer own tractors they prefer to offer services for various agricultural operations on cash payment basis. This system is becoming popular in recent days. The land holding being small and there being large numbers of migrants from this district to foreign countries from the rural areas, many families prefer such services on cash payment basis only. Under the various land reform enactments the *Jagirdari* system has been abolished. Also the occupancy tenants have been given the ownership right after Independence.

Industry :

In the field of industry, Ludhiana district is renowned for small scale industries not only in Punjab but also throughout India. In fact, Ludhiana City is called “Small Scale Industrial Capital of India” owing to its premier position in hosiery manufacturing, engineering goods, cycles and sewing machine industry. It is also called “Manchester of Punjab” as it has come to occupy top position in industries in the State. About two centuries back, Raikot and Kila Raipur only counted for few industries. But around 1830 woollen industry made a start at Ludhiana due to the migration of Kashmiri artisans, who manufactured woollen shawls, chadars, namdas etc. The local Muslim artisans manufactured lungis and patkas at Bahlolpur. The Khatri of Machhiwara specialized in the manufacture of Gur and Bura. Jagraon later specialized in cotton ginning and wheat flour milling. Sirkis were also manufactured there. Ivory bangles and Desi Juti were speciality of Ludhiana City. Later Khanna came to occupy an important place in cotton ginning, oil pressing and iron re-rolling mills. The stationing of troops at Ludhiana gave a fillip to the development of industries. Woollen shirting known as ‘Ludhiana Shirting’ earned a name throughout India. In the beginning of the present century knitting machines were introduced which started manufacture of gloves and socks at Ludhiana. The advent of 1st world war resulted in the development of casting and foundry industry. Gradually handlooms were substituted with power looms, which rejuvenated the hosiery and textile industries, whereas World War II gave an impetus to the development of industries. Partition of the sub-continent gave a rude shock. There was complete migration of Muslim population, which formed the main labour force and skilled artisans but the vacuum has since been filled by various efforts of the government.

The present day industries are; (1) Cotton ginning and pressing, (2) Oil-Seed crushing, (3) Flour milling, (4) Bakeries, (5) Ice manufacturing, (6) Cold Storage, (7) Leather tanning, (8) Shoe making, (9) Soap manufacturing etc. Besides there are the following manufacturing industries: (1) Hosiery machines, (2) Machine Tools, (3) Motor parts, (4) Oil Engines, (5) Oil expellers, (6) Agricultural Implements, (7) Steel re-rolling machines, (8) Surgical Instruments, (9) Steel Pipes, (10) Cutlery, (11) Belt Fasteners, (12) Electric Fans, (13) Pipes, (14) Band Saws, (15) Screws and (16) Brass Wares, etc.

The industries can be divided into following 3 main categories: (1) Large Scale (2) Small Scale (3) Village and Cottage industries. The large scale industries are: (1) Woollen manufacture (2) Cycle and cycle parts (3) Steel re-rolling (4) Machine Tools (5) Automobile

parts (6) Diesel engine and parts (7) Scooters (8) Hosiery needles (9) Nylon and staple spinning (10) Gas (Oxygen) and (11) Measuring tapes. The small scale industrial units are: (1) Agricultural Implements (2) Dyeing (3) Washing and finishing (4) Calico Printing (5) Nuts and bolts (6) Electrical goods (7) cotton ginning (8) Plastic goods (9) Paints and varnishes (10) Umbrella ribs (11) Radio assembling (12) Surgical Instruments (13) Rubber goods (14) Stationery articles (15) Spray pumps and (16) Steel furniture etc. Some of the present day village and cottage industries are: (1) Handloom weaving (2) Leather and Hides tanning (3) Shoes and leather goods manufacture (4) Kohlu (Oil pressing) (5) Baan making and (6) Gur and Khandsari etc.

The following are some large scale industrial units located in the district:-

1. Milk Plant, Ludhiana - Capacity to process 4,00,000 litres of milk per day.
2. Oswal Vanaspati and Allied Industries - Manufacture Vanaspati.
3. Markfed Vanaspati and Oil Industries, Khanna - Vanaspati.
4. Vardhman Spinning and General Mills, Ludhiana-Cotton ginning
5. Punjab Breweries Ltd., Ludhiana-Beer.
6. Oswal Woollen Mills (Main Unit), Ludhiana-Woollen cloth and yarn.
7. Oswal Spinning and Weaving Mills, Ludhiana-Woolen cloth and yarn.
8. Oswal Woollen Mills (Export Wing), Ludhiana-Hosiery Knitwears.
9. Punjab Wool Comber, Ludhiana-Wool tops.
10. OWM Wool Combers, Ludhiana-Wool tops.
11. Raghbir Cycle Pvt. Ltd., Ludhiana-Tyre, Tubes and Cycles parts.
12. Ralson cycle Pvt. Ltd., Ludhiana-Tyre, Tubes and Cycles parts.
13. R. N. Gupta & Co., Ludhiana-Bright Bars and M.S. Pipes.
14. Mehta Alloy & Steel Works, Ludhiana-Steel Ingots.
15. Upper India Steel Ltd., Ludhiana-Alloy Steel.
16. Punjab Concasts Steel Ltd., Ludhiana-Steel Ingots.
17. R. K. Machine Tools, Ludhiana-Machine Tools.
18. Rita Mechanical Works, Ludhiana-Sewing machine and parts.
19. Gurmukh Singh & Sons, Ludhiana-Auto parts.
20. Highway Cycle Industries, Ludhiana-Single Speed free wheel.
21. Hero Cycle Industries, Ludhiana-Cycle parts.
22. Rockman Cycle Industries, Ludhiana-Cycle parts.
23. Super Cycle Industries, Ludhiana-Cycle parts.
24. Majestic Auto Ltd., Ludhiana-Moped.
25. Avon Cycle Pvt. Ltd., Ludhiana-Cycle and cycle parts.
26. National Tape Co., Ludhiana-Measuring Tapes.
27. Arihant Fabrics, Ludhiana-Synthetic yarn.
28. Bhogal Sons Ltd., Ludhiana-Cycle and cycle parts.
29. Addi Nath Textile Mills, Ludhiana-Worsted Acrylic Yarn.
30. Greatway Pvt. Ltd., Ludhiana-Hosiery and Knitwear
31. Ludhiana Steel Pvt. Ltd., Ludhiana-Steel Ingots.

Trade and Commerce :

Since olden times Machhiwara was the main centre of production for export of gur and bura. The local Muslim labour, however, migrated to Pakistan in 1947 and the curtain fell on this trade in Machhiwara. Khanna and Jagraon were good markets for wheat and cotton

which were exported to other parts of the State and the country and even exported to European countries. Later, consequent upon difficulties faced by the farmers, the cotton cultivation declined and groundnut cultivation picked up around Khanna. Samrala town, however, emerged as the biggest market for groundnut in the district. The local products (commodities) were made use of for the manufacture of vegetable oil and cotton ginning industries in the district, especially around Khanna. Ludhiana specialized in hosiery items and woolen / pashmina shawls. During the world wars acute shortage was felt for various types of cloth.. Ludhiana specialized in Khaddar and Gabrun (course shirting) which was exported to other places. Thus the district hummed with great economic activity and it emerged as a leading district. After partition the district occupied a distinctive place as a centre of production, trade and commerce. It also occupied important position in banking. The establishment of Ludhiana Stock Exchange (LSE) leaves no doubt about its distinctive position in trade and commerce and industry. Some describe Ludhiana as the financial capital of the State.

This district has emerged as a lead district in agriculture. Earlier Ludhiana, Jagraon, Raikot, Mullanpur, Bahadurgarh, Khanna, Samrala and Doraha were considered important markets of this district. As on 31st March, 2010 there were 13 regulated markets at: (1) Jagraon, (2) Khanna, (3) Ludhiana (4) Machhiwara, (5) Mullanpur, (6) Raikot, (7) Samrala, (8) Sahnewal, (9) Malaud, (10) Hathur, (11) Sidwan Bet, (12) Qila Raipur and (13) Doraha.

In these markets the total arrivals of agricultural commodities (food grains and non-food grain), in 2009-10 was 31418000.qts. Out of market arrivals, paddy accounted for 1800,000 tonnes, Maize 9,000 tonnes and Wheat 1,200,000 tonnes. All the market arrivals in 2009-10 were purchased by various agencies as follows: Paddy 1683,000 tonnes – (State Government 568,000 tonnes, FCI 64,000 tonnes, Markfed 285,000 tonnes, Punsup 371,000 tonnes, PSWC 207,000 tonnes, Traders 42,000 tonnes and PAIC 146,000 tonnes). Wheat 804,000 tonnes – (State government 127,000 tonnes, FCI 169,000 tonnes, Markfed 129,000 tonnes , Punsup 194,000 tonnes, PSWC 91,000 tonnes, Traders 2000 tonnes and PAIC 92,000 tonnes) .

Communications :

A good network of roads, railways, bridges and other means of communications is an essential prerequisite for the development of any area. This equally applies to Ludhiana district. All parts of this district are well connected by an efficient network of roads and railways. However, the main hurdle is posed by river Satluj which serves as a natural barrier in the north.

Ludhiana district falls under the Firozpur Division of Northern Railway. It is connected with important places within the state and outside. The following rail lines pass through this district:-

1. Amritsar-Ludhiana-Ambala Rail Line- This is broad gauge line built in 1870. It is double tracked and 58 km. located in this district. The railway stations on this line situated within this district are; (1) Loudhuwal (2) Ludhiana (3) Dhandari Kalan (4) Sahnewal (5) Doraha (6) Jaspalon (7) Chawapail and (8) Khanna.
2. Ludhiana-Firozpur Rail Line-It is also broad gauge line. The Railway Stations on this line in the district are; (1) Modelgram Ludhiana, (2) Baddowal (3) Bhanhod Punjab (4) Mullanpur (5) Chauki Man (6) Jagraon and (7) Nanaksar.

3. Ludhiana-Dhuri-Jakhal-Hisar Rail Line- It is also a broad gauge line. The stations located on this line in the district are (1) Gill (2) Jassowal (3) Qila Raipur and (4) Gungrana.

The district headquarters has no direct rail link with State Capital i.e. Chandigarh, inspite of long demand by the people. Understandably the survey has already been completed but no concrete result emerged so far. To reach State Capital a long detour has to be made via Ambala, which is both expensive and time consuming.

The district has an efficient network of roads. Out of a total road length of 5,186 km. (maintained by PWD, B&R) in 2008-09, 75 km. is classified as National Highway (National Highway No. 1 passing through the district) and the remaining 5,111 kms. as Provincial Highways. At the time of partition of the country in 1947 there were only 268 km. of road length maintained by PWD B&R. As regards facilities of roads in the district we find that during 2008-09 there were 248 km. of road per 100.00 sq. km. area and 252 km. of roads per lakh of population, and all the villages were linked by roads.

There is a bridge over river Satluj at Phillaur, which connects this district with Doaba region. From Majha tract the district is approachable via Harike Pattan barrage bridge. Also this district is approachable from Kapurthala (Sultanpur Lodhi Side) via Harike barrage bridge. There are five ferry crossings in operations at: Sherpur, Jodhwal, Khanpur, Bhundri and Tihara

The district is well served by public road transport. The Punjab Roadways has two depots, one each at Ludhiana and Jagraon having fleet of 61 buses and 24 buses respectively in 2009-10. The Pepsu Road Transport Corporation is also having a depot at Ludhiana having a fleet of buses. Besides, Municipal Corporation Transport Ludhiana operates number of buses on the local routes. There are many private operators who ply buses on various routes within the district and outside. Their number is increasing year after year due to change in government policy. Some of the important private bus operators are:

1. Dashmesh Bus Service Regd., Raikot.
2. Kartar Bus Service, Regd., Raikot.
3. Binapal Bus Service, Regd., Ludhiana.
4. Deol Transport Co. Regd., Raikot.
5. Guru Teg Bahadur Transport Co. Pvt. Ltd., Ludhiana.
6. Gurdev Tourist Bus Service Regd., Samrala.
7. Jujhar Transport Pvt. Ltd., Ludhiana.
8. Kalgidhar Transport Co. Pvt. Ltd., Ludhiana.
9. Ludhiana Malwa Transport Bus Service Regd., Barundi.
10. Ludhiana Transport Co. Pvt. Ltd., Ludhiana.
11. Manjit Transport Co. Regd., Ludhiana.
12. Nirankar Transport Co. Pvt. Ltd., Ludhiana.
13. Nirbhai Roadways Pvt. Ltd., Ltd., Ludhiana.
14. Nankana Sahib Transport Co. Pvt. Ltd., Ludhiana.
15. Shri Guru Nanak Transport co. Regd., Raikot.
16. Sheikhpura Transport Pvt. Ltd., Ludhiana.
17. Zimidara Transport Co. Pvt. Ltd., Ludhiana.

Medical and Public Health

The Ayurvedic system is being practiced in the district since times immemorial. The unani system was introduced during the Mohammedan rule. The *Vaids* and *Hakims* contributed in treating the patients and winning their confidence. But the indigenous systems suffered due to lack of Government patronage during the British times when allopathic system received all types of facilities and Government patronage. The homoeopathic system of medicine had late introduction and is catching up fast.

The State Government has opened up a chain of hospitals and dispensaries for the amelioration of human sufferings. The district can boast of two medical colleges with attached hospitals (Christian Medical College and Hospital and Dayanand Medical College and Hospital) at Ludhiana. Both the institutions have been vastly expanded and improved in all respects since their inception. In 2010, there were 167 medical institutions in the district. Out of these, 142 were in rural areas and 25 in urban areas respectively. Further, out of 167 medical institutions 5 were hospitals (urban), 33 PHCs (30 rural, 3 urban), 120 dispensaries (107 rural, 13 urban) and 9 CHC, (5 rural, 4 urban). In addition to these, there were 36 Ayurvedic, 4 Unani, and 11 Homoeopathic institutions in the district.

Education :

Ludhiana is the most advanced district in the State in the field of education. This may be to a large extent due to fact that after advent of British in this part of region in 1809, Ludhiana formed the head quarter of the Political Agency and the North-West frontier Agency. The Christian missionaries, who established their institutions at the station in the wake of the British occupation, opened an English teaching school at Ludhiana as early as 1834. Their example indirectly created a interest among the local people for the promotion of education. Thus, a good number of schools, both Government and Private, were established in the district from time to time. An intermediate college was established at Ludhiana in 1920. Some of the old colleges working in the district are mentioned below-

1. Government College, Ludhiana (1920)
2. Government College for Women, Ludhiana (1943)
3. Arya College, Ludhiana (1946)
4. A.S. College, Khanna (1946)
5. G.H.G. Khalsa College, Gurusar Sadhar (Ludhiana-1948)
6. Khalsa College for Women, Ludhiana (1958)
7. Khalsa College for Women, Sidhwan Khurd (Ludhiana-1950)
8. Lajpat Rai Memorial College, Jagraon (1959)
9. Shri Saraswati Sanskrit College, Khanna (1907).

Apart from these colleges, there are two medical colleges namely, Christian Medical College (1894), Ludhiana and Dayanand Medical College (1934), Ludhiana. There are one Agriculture University (Punjab Agriculture University, Ludhiana, 1962), two engineering and technology colleges- Guru Nanak Engineering College, Ludhiana and Government Institute of Textile Chemistry and Knitting technology, Ludhiana.

In a nutshell, As on 30th September, 2010, the district comprises 2 University, 35 colleges, 6 Engineering colleges, 2 Medical colleges, 18 Teachers training institute, 319 Senior Secondary

schools, 373 High/ Post Basic school, 334 Middle/ Senior Basic schools, 1151 Primary/ Junior Basic schools in the district. Besides this, 1 Elementary Teachers Training school JBT(E.T.T),5 Polytechnic Institutions and 10 Technical Industrial art & Craft School also working in the district.

(ii) Census concepts

Building:

A 'Building' is generally a single structure on the ground. Usually a structure will have four walls and a roof. Sometimes it is made up of more than one component unit which are used or likely to be used as dwellings (residences) or establishments such as shops, business houses, offices, factories, workshops, work sheds, Schools, places of entertainment, places of worship, godowns, stores etc. It is also possible that building which have component units may be used for a combination of purposes such as shop-cum-residence, workshop-cum-residence, office-cum-residence etc. But in some areas the very nature of construction of houses is such that there may not be any wall. Such is the case of conical structures where entrance is also provided but they may not have any walls. Therefore, such of the conical structures are also treated as separate buildings.

Pucca houses:

Houses, the walls and roof of which are made of permanent materials. The material of walls can be any one from the following, namely, Stones (duly packed with lime or cement mortar), G.I/metal/ asbestos sheets, Burnt bricks, Cement bricks, Concrete. Roof may be made of from any one of the following materials, namely, Machine-made tiles, Cement tiles, Burnt bricks, Cement bricks, Stone, Slate, G.I/Metal/Asbestos sheets, Concrete. Such houses are treated as Pucca house.

Kutcha houses:

Houses in which both walls and roof are made of materials, which have to be replaced frequently. Walls may be made from any one of the following temporary materials, namely, grass, Unburnt bricks, bamboos, mud, grass, reeds, thatch, plastic /polythene, loosed packed stone, etc. Such houses are treated as Kutcha house.

Dwelling Room:

A room is treated as a dwelling room if it has walls with a doorway and a roof and should be wide and long enough for a person to sleep in, i.e. it should have a length of not less than 2 meters and a breadth of at least 1.5 meters and a height of 2 meters. A dwelling room would include living room, bedroom, dining room, drawing room, study room, servant's room and other habitable rooms. Kitchen, bathroom, latrine, store room, passageway and verandah which are not normally usable for living are not considered as dwelling rooms. A room, used for multipurpose such as sleeping, sitting, dining, storing, cooking, etc., is regarded as a dwelling room. In a situation where a census house is used as a shop or office., etc., and the household also stays in it then the room is not considered as a dwelling room. But if a garage or servant quarter is used by a servant and if she/ he also lives in it as a

separate household then this has been considered as a dwelling room available to the servant's household. Tent or conical shaped hut if used for living by any household is also considered as dwelling room. A dwelling room, which is shared by more than one household, has not been counted for any of them. If two households have a dwelling room each but in addition also share a common dwelling room, then the common room has not been counted for either of the households.

Census House:

A 'census house' is a building or part of a building used or recognized as a separate unit because of having a separate main entrance from the road or common courtyard or staircase, etc. It may be occupied or vacant. It may be used for residential or non-residential purpose or both. If a building has a number of Flats or Blocks/Wings, which are independent of one another having separate entrances of their own from the road or a common staircase or a common courtyard leading to a main gate, these are considered as a separate Census house.

Village:

The basic unit for rural areas is the revenue village, which has definite surveyed boundaries. The revenue village may comprise of one or more hamlets but the entire village is treated as one unit for presentation of data. In unsurveyed areas, like villages within forest areas, each habitation area with locally recognized boundaries is treated as one village.

Rural-Urban area:

The data in the census are presented separately for rural and urban areas. The unit of classification in this regard is 'town' for urban areas and 'village' for rural areas. The urban area comprises two types of towns viz; Statutory towns and Census towns. In the Census of India 2011, the definition of urban area adopted is as follows:

- (a) Statutory Towns: All places with a municipality, corporation, cantonment board or notified town area committee, etc are known as statutory towns.
- (b) Census Towns: All other places satisfying the following three criteria simultaneously are treated as Census Towns.
 - i) A minimum population of 5,000;
 - ii) At least 75 per cent of male working population engaged in non-agricultural pursuits; and
 - iii) A density of population of at least 400 per sq. km. (1,000 per sq. mile)

For identification of places which would qualify to be classified as 'urban' all villages, which, as per the 2001 Census had a population of 4,000 and above, a population density of 400 persons per sq. km. and having at least 75 per cent of male working population engaged in non-agricultural activity were considered. To work out the proportion of male working population referred to above against b) (ii), the data relating to main workers were taken into account. In addition the above stated towns, urban areas also constitutes of OGs which are the parts of UAs.

City:

Towns with population of 100,000 and above are called cities.

Urban Agglomeration:

An Urban Agglomeration is a continuous urban spread constituting a town and its adjoining urban outgrowths (OGs) or two or more physically contiguous towns together with or without urban outgrowths of such towns. In some cases, railway colonies, university campuses, port areas, military camps etc; may come up near a statutory town outside its statutory limits but within the revenue limits of a village or villages contiguous to the town. Each such individual area by itself may not satisfy the minimum population limit to qualify it to be treated as an independent urban unit but may qualify to be clubbed with the existing town as their continuous urban spread (i.e., an Out Growth). Each such town together with its outgrowth(s) is treated as an integrated urban area and is designated as an 'urban agglomeration'. For the purpose of delineation of Urban Agglomerations during Census of India 2011, following criteria has been adopted:

- (a) The core town or at least one of the constituent towns of an urban agglomeration should necessarily be a statutory town; and
- (b) The total population of an Urban Agglomeration (i.e. all the constituents put together) should not be less than 20,000 as per the 2001 Census. In varying local conditions, there were similar other combinations which have been treated as urban agglomerations satisfying the basic condition of contiguity.

Out Growth (OG):

The outgrowth is a viable unit such as a village or a hamlet or an enumeration block and clearly identifiable in terms of its boundaries and location. While determining the outgrowth of a town, it has been ensured that it possesses the urban features in terms of infrastructure and amenities such as pucca roads, electricity, taps, drainage system for disposal of waste water etc., educational institutions, post offices, medical facilities, banks etc and physically contiguous with the core town of the UA.

Household:

A 'household' is usually a group of persons who normally live together and take their meals from a common kitchen unless the exigencies of work prevent any of them from doing so. Persons in a household may be related or unrelated or a mix of both. However, if a group of unrelated persons live in a census house but do not take their meals from the common kitchen, then they are not constituent of a common household. Each such person was to be treated as a separate household. The important link in finding out whether it was a household or not was a common kitchen/common cooking. There may be one member households, two member households or multi-member households.

Institutional Household:

A group of unrelated persons who live in an institution and take their meals from a common kitchen is called an Institutional Household. Examples of Institutional Households are boarding houses, messes, hostels, hotels, rescue homes, observation homes, beggars homes, jails, ashrams, old age homes, children homes, orphanages, etc. To make the definition more clearly perceptible to the enumerators at the Census 2011, it was specifically mentioned that this category or households would cover only those households where a group of unrelated persons live in an institution and share a common kitchen.

Houseless household:

Households who do not live in buildings or census houses but live in the open or roadside, pavements, in hume pipes, under flyovers and staircases, or in the open in places of worship, mandaps, railway platforms, etc., are treated as Houseless Households.

Scheduled Caste and Scheduled Tribes:-

The list of SCs and STs applicable in the State/UT is given hereunder:-

1. Ad Dharmi	12. Darain	26. Od
2. Balmiki, Chuhra, Bhangi	13. Deha, Dhaya, Dhea	27. Pasi
3. Bangali	14. Dhanak	28. Perna
4. Barar, Burar, Berar	15. Dhogri, Dhangri, Siggi	29. Pherera
5. Batwal, Barwala	16. Dumna, Mahasha, Doom	30. Sanhai
6. Bauria, Bawaria	17. Gagra	31. Sanhal
7. Bazigar	18. Gandhila, Gandil Gondola	32. Sansi, Bhedkut, Manesh
8. Bhanjra	19. Kabirpanthi, Julaha	33. Sansoi
9. Chamar, Jatia Chamar, Rehgar,	20. Khatik	34. Sapela
Raigar, Ramdasi, Ravidasi,	21. Kori, Koli	35. Sarera
Ramdasia, Ramdasia Sikh,	22. Marija, Marecha	36. Sikligar
Ravidasia, Ravidasia Sikh	23. Mazhabi, Mazhabi Sikh	37. Sirkiband
10. Chanal	24. Megh	38. Mochi
11. Dagi	25. Nat	39. Mahatam, Rai Sikh

Note: There is no Scheduled Tribe notified in the Punjab State

Language and Mother tongue:

As per the census concept, each language is a group of mother tongues. The census questionnaire collects information on the mother tongue of each person. Mother tongue is the language spoken in childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother tongue. In the case of infants and deaf mutes, the language usually spoken by the mother is considered as mother tongue. It is not necessary that the language spoken as mother tongue should have a script. The mother tongues returned by the respondents in census are classified and grouped under appropriate languages according to their linguistic characteristics.

Literate:

A person aged 7 years and above who can both read and write with understanding in any language is taken as literate. A person who can only read but cannot write is not literate. It is not necessary that to be considered as literate, a person should have received any formal education or passed any minimum educational standard. Literacy could have been achieved through adult literacy classes or through any non-formal educational system. People who are blind and can read in Braille are treated as literates.

Literacy rate:

Literacy rate of the population is defined as the percentage of literates in the age-group seven years and above. For different age-groups the percentage of literates in that age-group gives the literacy rate.

Educational level:

The highest level of education a person has completed.

Work:

Work is defined as participation in any economically productive activity with or without compensation, wages or profit. Such participation may be physical and/or mental in nature. Work involves not only actual work but also includes effective supervision and direction of work. It even includes part time help or unpaid work on farm, family enterprise or in any other economic activity. All persons engaged in 'work' as defined above are workers. The main point to note is that the activity should be economically productive. Reference period for determining a person as worker and non-worker is one year preceding the date of enumeration.

Main worker:

A person who has worked for major part of the reference period (i.e. six months or more during the last one year preceding the date of enumeration) in any economically productive activity is termed as 'Main worker'.

Marginal worker:

Workers who worked for less than six months (180 days) in the reference period are termed as Marginal Workers. Marginal workers are further bifurcated into two categories i.e. those who worked for 3 months or more but less than 6 months and those who worked for less than 3 months.

Non-worker:

A person who has not worked at all in any economically productive activity during the reference period (i.e. last one year preceding the date of enumeration) is termed as 'Non worker'.

Cultivator:

For purposes of the Census, a person is classified as cultivator if he or she is engaged in cultivation of land owned or from government or from private persons or institutions for payment in money, kind or share. Cultivation also includes effective supervision or direction in cultivation. Cultivation involves ploughing, sowing, harvesting and production of cereals and millet crops such as wheat, paddy, jowar, bajra, ragi, etc., and other crops such as sugarcane, tobacco, ground-nuts, tapioca, etc., and pulses, raw jute and kindred fiber crop, cotton, cinchona and other medicinal plants, fruit growing, vegetable growing or keeping orchards or groves, etc. Cultivation does not include the plantation crops like– tea, coffee, rubber, coconut and betel nuts (areca). The workers engaged in Plantation crops are recorded under “other workers”.

Agricultural labourer:

A person who works on another person’s land for wages in cash or kind or share is regarded as an agricultural labourer. She/he has no risk in the cultivation, but merely works on another person’s land for wages. An agricultural labourer has no right of lease or contract on land on which she/he works.

Household industry worker:

Household industry is defined as an industry conducted by one or more members of the household at home or within the village in rural areas and only within the precincts of the house where the household lives in urban areas. The larger proportion of workers in household industry should consist of members of the household. The industry should not be run on the scale of a registered factory which would qualify or has to be registered under the Indian Factories Act and should be engaged in manufacturing, processing, servicing and repairs of goods. The activity relate to production, processing, servicing, repairing or making and selling of goods. It does not include professions such as a pleader, Doctor, Musician, Dancer, Waterman, Astrologer, Dhobi, Barber, etc. or merely trade or business, even if such professions, trade or services are run at home by members of the household.

Other worker:

A person, who has been engaged in some economic activity during the last year of reference period but not as a cultivator or agricultural labourer or worker in Household Industry. The type of workers that come under this category include all government servants, municipal employees, teachers, factory workers, plantation workers, those engaged in trade, commerce, business, transport, banking, mining, construction, political or social work, priests, entertainment artists, etc. In fact, all those workers other than cultivators or agricultural labourers or household industry workers are ‘Other Workers’.

Work participation rate:

Percentage of Workers (Main + Marginal) to total population.

Population density:

Population density is the number of persons inhabited per square kilometer of the area.

Age:

Age is measured in terms of the completed number of years.

Sex Ratio:

Number of females per 1,000 males in a population.

(iii) Non-Census Concepts**Concepts used in VD and TD of DCHB:**

1. Educational Amenities:-The type of different educational facilities available in the village is given in numbers. Both Government and private educational facilities / institutions are considered for this-purpose. If there are composite schools like Middle schools with Primary classes, or Secondary schools with middle classes, these are included in the number of Primary and Middle schools respectively. For example, if in a village there are two Primary schools and one Middle school with primary classes, the number of Primary schools in the village are given as three and that of Middle school as one even though there may be only three educational institutions. So, also in case of secondary schools. For better understanding, the distinctiveness of different types of schools is depicted hereunder:

- 1.1 Pre-primary (PP):** Now-a-days, the children are sent to schools at a very early stage. Lot of pre-primary schools, private schools in particular, have come up in villages and towns. These may or may not be recognized by the competent authorities. Even many Secondary schools have classes starting from preprimary level. Pre-primary classes include Nursery, K.G., Pre-basic, Play school, etc.
- 1.2 Primary School (P):** Schools providing education from Standard 1 and upward up to and inclusive of Standard V are classified as Primary Schools.
- 1.3 Middle School (M):** Schools providing education from Standard VI and upward up to and inclusive of Standard VIII are classified as Middle Schools. A School with Class 1 to VIII is treated as two units, i.e. one Primary School and one Middle School.
- 1.4 Secondary School (S):** Schools providing education from Standard IX and upwards up to and inclusive of Standard X are classified as Secondary Schools. A composite school with 1 to X standard is treated as three separate units and counted separately under the categories of Primary School, Middle School and Secondary School.
- 1.5 Senior Secondary School (SS):** Schools and colleges that provide education for Standards XI and XII and first and second year of the Pre-University Course fall under this category. There are Senior Secondary Schools with Standard I and upwards up to Standard XII.
- 1.6 Degree College:** (i) **Arts/Science/Commerce** : These are all educational institutions that provide post-PUC level education leading to University degree/diploma in any subject or combination of subjects and also post-graduate levels of education. The college offering courses in Arts, Science or Commerce either separately or in combination are covered under this category.
(ii) **Engineering College (E):** It is a graduate/post-graduate degree college providing Bachelor of Engineering (BE) or Bachelor of Technology

(B. Tech.) or post-graduate engineering degrees like M.Tech.

(iii) **Medical Colleges:** These are graduate/post-graduate degree colleges providing MBBS or equivalent degree in alternative medicine like Ayurveda, Unani, Homeopathy etc. or post-graduate medical degrees like M.D or equivalent in the above branches of medicine.

1.7. Management College/ Institute (MI): It offers courses like Diploma in Management, Post-Graduate Diploma in Management, Masters of Business Administration (MBA) and specializations in different disciplines of Management like Marketing, Human Resources Development (HRD) etc.

1.8. Polytechnic(Pt): An Institution providing certificate/diploma (not equivalent to degree) in any technical subject like engineering, vocational courses like embroidery, fashion designing etc. It may be both Government and Private.

1.9. Vocational School/ITI: It is a vocational training institute imparting trainings in specific fields acquiring necessary skill, which will make the trainees employable or create them opportunities of self-employment. Trainings offered by Industrial Training Institutes (ITI) fall under this category.

1.10. Non-formal Education/Training Centre (NFTC): Non-vocational education centers, established by the Central and State Governments provide educational facilities to the interested persons irrespective of educational qualification, and age. These education centers are open to all.

1.11. Special School for Disabled: There are Government and Government recognized institutions/organizations engaged for providing education to different groups of disabled persons.

2. Medical Facilities:

2.1 Hospital-Allopathic and Hospital-Alternative medicine: A hospital is an Institution, where sick or injured are given medical or surgical care. Bed strength differs from hospital to hospital ranging from 31 to 500 depending upon whether these are sub-district, sub-divisional or district hospitals. If there is hospitals providing facilities under different systems of medicines such as, Allopathy, Ayurveda, Unani and Homeopathy etc., these details are given separately.

(a) Allopathy: The system of medical practice, which treats disease by the use of remedies which produce effects different from those produced by the disease under treatment.

(b) Ayurveda: Ayurveda means 'Science of life'. The philosophy of Ayurveda is based on the theory of Pancha Mahabhootas (Five elements) of which all the objects and living bodies are composed of. The combination of these five elements are represented in the form of Tridosha: Vata, Pitta and Kapha. These three 'doshas' are physiological entities of living beings. Ayurveda developed into eight distinct specialities, i.e., Internal Medicine, Pediatrics, Psychiatry, Eye and ENT, Surgery, Toxicology, Geriatrics and Science

of virility. Two types of treatments, Preventive and Curative, are given in Ayurveda.

(c) Unani: Treatment of Unani consists of three components, namely, preventive, promotive and curative. Unani system of medicine has been found to be efficacious in conditions like Rheumatic Arthritis. Jaundice, Filariasis, Eczema, Sinusitis and Bronchial Asthma. For the prevention of the disease and promotion of health, the Unani System emphasizes six essentials: pure air, food and water, physical movement and rest, psychic movement and rest, sleep and wakefulness and retention of useful materials and evacuation of waste materials from the body.

(d) Homoeopathy: Treatment in Homoeopathy, which is holistic in nature, focuses on an individual's response to a specific environment. Homoeopathic medicines are prepared mainly from natural substances such as plant products, minerals and animal sources. Homoeopathic medicines do not have any toxic, poisonous or side effects. Homoeopathic treatment is economical as well and has a very broad public acceptance.

2.2 Community Health Centre (CHC): Community Health Centres are designed to provide referral health care for cases from PHC and those in need of specialist health care approaching the CHC directly. 4 PHCs are included under each CHC thus catering approximately 80,000 populations in tribal/hilly areas and 1, 20,000 populations for plain areas. CHC is a 30- bedded hospital providing specialist care in Medicine, Obstetrics and Gynaecology, Surgery and Paediatrics.

2.3 Primary Health Centre (PHC): A Primary Health Centre is the first contact point between a village community and the Government medical officer. A PHC covers a population of 20,000 in **hilly**, tribal or difficult areas and 30,000 populations in plain areas with 4-6 indoor/observation beds. It acts as a referral unit for 6 sub-centres. It has a medical officer and para medical staff.

2.4 Primary Health Sub- Centre (PHS): A Primary Health Sub-centre is the first contact point between the primary health care system and the community. As per the population norms, one PHS is **established** for every 5,000 population in plain areas and 3,000 population in hilly/ tribal/ desert areas. Each PHS has a sanctioned strength of one male and one female health worker.

2.5 Maternity and Child Welfare Centre (MCW): It provides pre-natal and post-natal services for both mother **and** child. The services include regular check-up of pregnant women, giving folic tablets, counseling, delivery, immunization of children with check-up etc.

2.6 TB Clinic (TBC): The diagnosis and treatment of TB are functions of the general health services and hence it is a part and parcel of Primary Health Care. Specialized units such as the District Tuberculosis Centre (DTC) act as referral centres. TB clinics are established by the Government of India under the National Tuberculosis Control Programme and implemented through a network of DTC. The DTC is the nodal point for TB control activities in the district and it also functions as a specialized referral centre. The functions of sub-district level Tuberculosis Unit (TU) are implementation, monitoring and supervision of TB control activities in its designated geographical areas.

- 2.7 Health Centre:** Clinic where medicine and medical supplies are dispensed. It has no in-patient facility. A clinic (or an outpatient clinic) is a small private or public health facility that is devoted to the care of outpatients, often in a community, in contrast to larger hospitals, which also treat inpatients.
- 2.8 Dispensary:** Place where patients are treated and medicines provided but with no in-patient facility. Immunizations, MCH Services and sometimes pathological tests are carried out here. It may be of allopathic or any alternative medicine.
- 2.9 Veterinary Hospital:** Mostly run by the State Government or local body for treatment and **preventive** measures against diseases of domestic animals like cows, buffaloes etc in rural areas.
- 2.10 Mobile Health Clinic:** These are Mobile vans well equipped with a range of health services to villages located far away from the CHCs, PHCs or any public health sources. The vans visit villages on designated days to deliver the health care services. The services generally **offered** are OPD, ante-natal and post-natal, B.P. examination, X-ray, ECG, Immunization, First Aid etc.
- 2.11 Family Welfare Centre:** Check-up and counseling is provided to the pregnant and married women regarding small family norm and devices for having a small family. Temporary and permanent contraceptive devices are provided here.
- 2.12 Nursing Home:** A nursing home is a long –term care facility licensed by the state that offers 24-hour room and board and health care services including basic and skilled nursing care, rehabilitation and a full range of other therapies., treatments and programs to old and sick people. The difference between a hospital and a nursing home is that a nursing home gives importance to convalescence from a disease while a hospital gives medical treatment for the disease.
- 2.13 Medicine Shop:** A shop which sells drugs and medicines of any system of medicine viz. allopathic, homeopathic, ayurvedic or unani medicines, is considered as a medicine shop. Sometimes some shops and Paan shops also keep ordinary medicines, like Crocin, Burnol etc. These shops are **not** taken as medicine shops.
- 3. Drinking water:** The following are the main source of drinking water facility (ies) available in the village.

- 3.1 Tap Water-treated:** This source of drinking water refers to a source of drinking water which is provided to the villagers through pipes within their premises or to the villagers through common taps (public taps/community water points) by the Government departments, local bodies, panchayats, public or private estate agencies, etc. after treatment. Such a source is treated as ‘Tap water from treated source’.
- 3.2 Tap Water-un-treated:** If the villagers are drawing drinking water through pipes either directly from a well or bore well or after pumping the well or tube well water, or the water is supplied through pipes to the households of the village or through public taps without treatment. Such a source is treated as ‘Tap water from un-treated source’.
- 3.3 Covered Well (CW):** A well that is (1) covered on sides from run-off water (i.e., excess water from rain, snowmelt or other sources flows over the land) through a wall lining or

casting that is raised above ground level on a platform that diverts spilled water away from the well and (2) covered so that bird droppings and animals cannot fall down the hole. It is considered as covered well.

3.4 Un-covered Well (UW): A well which is (1) un-covered on sides from runoff water, (2) un-covered from bird droppings and animals; or (3) both.

3.5 Hand Pump (HP): Hand pump means where ground water is taken out manually by operating a hand pump.

3.6 Tube Well / Borehole (TW): Tube well denotes the ground water source from where ground **water** is taken out through electrical or diesel pump. Spring, River/Canal, Tank/Pond/Lark are self explanatory.

4. Community Toilet Complex : Community Toilet may be constructed and maintained by Gram Panchayats or Private NGOs like Sulabh Sauchalaya or likes.

5. Rural Sanitary Mart or Sanitary Hardware Outlet (RSM): It is an outlet dealing with the materials, hardware and designs required for the construction of not only sanitary latrines but other sanitary facilities such as compost pit, washing platform and other sanitation and hygiene accessories required for individuals, households and the environment in the rural areas.

6. Community bio-gas or recycle of waste for productive use: Many of the solid wastes having economic values but put for disposal can be recycled for reuse. For example, food, cow dung, leaves, vegetable, paper, wood, plastics, old cloth etc. However, some of the wastes are not recyclable. These are carbon paper, thermo coal etc. When recyclable solid wastes is subjected to decomposition, bio-gas could be produced under favourable conditions. These systems of recycling may be there at the village level organized by Gram Panchayats with technical support from Governments or non-government organizations.

7. Communication and transport Facilities:

7.1 Post Office (PO): Self-explanatory.

7.2 Sub-Post Office (SPO): Sub-post office includes Extra Departmental Post Offices and those providing franchise postal services and also part time services in lieu of some honorarium. The limited postal services include sale of stamps, receipt of letters and money orders and also distribution of letters.

7.3 Post & Telegraph Office (PTO): Telegraph office is set up by the Government to enable people to send or receive telegrams. If the phonogram facility is available (though the Telegraph **office** may not be equipped with Morse Code Transmitters), the village is considered to be having telegraph facility.

7.4 Telephones (landlines): If the village is having the Public Call Office (PCO) either run by the Post Office or by individuals or by a private shop, then the village is considered to be having telephone facility.

7.5 Public Call Office (PCO)/Mobile PCO: Self explanatory.

7.6 Mobile Phone Coverage: Mobile phones are now very common particularly in urban areas. Some villages by virtue of being in close proximity to the urban areas also enjoy

the benefits of the mobile phone services. Even if a few villagers avail the services of mobile phones, then the village is considered to be having access to mobile phone.

- 7.7 Internet Cafes/Common Service Centres (CSC):** If the village is having the facility of Cyber Cafes or shops owned by private individuals providing the facility of surfing of the internet, then the village is considered to be having access to internet/cyber cafe facility. Government of India formulated the scheme of CSC with the vision of providing all government services in an integrated manner at the door step of the citizen at an affordable cost even in the remotest corners of the country through a combination of IT based as well as non-IT based services.
- 7.8 National Highway (NH):** These are main highways running through the length and breadth of the country. Each NH is numbered like NH-1, NH-2 for easy identification.
- 7.9 State Highway (SH):** These are roads of a state linking district headquarters and important cities within a State and connecting them with NHs or Highways of the neighboring States.
- 7.10 Major District Roads (MDR):** These are important roads within a district, serving areas of production and markets and connecting these with each other or with the main Highways.
- 7.11 Other District Roads (ODR):** These are roads serving rural areas of production and providing them with outlet to market centres, taluka headquarters, block development head quarters or other main roads.
- 7.12 Village Road:** The approach to village refers to the state of road etc., leading to the village. This is to see whether the village is approachable both in fair and foul weather, and whether it is inaccessible only for some time in the year.
- 7.13 Black-Topped (Pucca) Road (BTR):** A road provided with a bituminous surfacing.
- 7.14 Gravel (Kuchha) Road (GR):** A road constructed using well compacted crushed rock or gravel material (coarse sand, small stones), which is fairly resilient and does not become slippery when wet.
- 7.15 Water Bound Macadam (WBM):** This is the road layer made of crushed or broken mixture of sand and rock fragments mechanically interlocked by rolling and voids filled with screening and binding material with the assistance of water.
- 7.16 Foot Path (FP):** A trodden path for the use by pedestrians and in some cases bicycles. The Foot Paths are not suitable for vehicular traffic except bicycles in some cases. Most of the interior/forest villages are connected by Foot Paths.
- 8. Banks and Credit Societies:** - Banking facility means a place where a person can operate a bank account.
- 8.1 Commercial Bank (CB):** These may be banks wholly owned by the Government of India or by Indian or Foreign Companies.
- 8.2 Cooperative Banks (Coop. B):** A co-operative bank is a financial entity which belongs to its members, who are at the same time the owners and the customers of their bank. Cooperative banks are often created by persons belonging to the some local or professional community or sharing a common interest. These banks are registered under the Cooperative Societies Act. The cooperative banks are regulated by RBI and are covered by the Banking Regulations Act, 1949.

- 8.3 Agricultural Credit Society (ACS):** Major objectives of the ACS are to supply agricultural credit to meet the requirements of funds for agricultural production, the distribution of essential consumer commodities, the provision of storage and marketing facilities and for light agricultural implements and machinery.
- 8.4 Non-Agricultural Credit Society (NCS):** These societies include consumer cooperative societies and also credit cooperative societies of certain categories of persons like teachers, health workers, etc.

9. Miscellaneous Facilities:

- 9.1 Self-help Group (SHG):** Self-Help Groups are groups of between 10-25 women created by either NGOs or under the SGSY (Swarnjayanti Gram Swarozgar Yojana) for the purposes of meeting local credit needs. They are sometimes called Mahila Mandals in villages.
- 9.2 Public Distribution System (PDS) shop:** The shops through which some essential commodities are sold by the government at subsidized rates. They may also be known as ration shops and control shops.
- 9.3 Mandis/Regular Market:** These are those clusters of shops with or without fixed premises which are open on at least six days a week and opens at least from morning hours to dusk.
- 9.4 Weekly Haat:** These are those clusters of shops with or without fixed premises which are open once a week.
- 9.5 Agricultural Marketing Society:** It is a common platform to analyse the issues among all the individuals and institutions in the field of agricultural marketing.
- 9.6 Nutrition Centre: Integrated Child Development Services (ICDS):** The Integrated Child Development Services (ICDS) Scheme set up by the Government of India with the objective of providing following package of services to the children under 6 years and pregnant and lactating mothers in villages such as; Immunization, Health Check-up, Referral Services, Pre-school Non-formal Education and Nutrition & Health Education.
- 9.7 Anganwadi Centre:** Each centre under the ICDS scheme is run by an Anganwadi Worker. One Anganwadi worker is appointed for specified population of the village. They are basically local women. They are assisted by Anganwadi helper. They provide pre-school non-formal education at the Centre and provide food to the children.
- 9.8 Accredited Social Health Activist (ASHA):** ASHA is a health activist in the community who will create awareness on health and its social determinants and mobilize the community towards local health planning and increased utilization and accountability of the existing health services. She would be a promoter of good health practices. She will also provide a minimum package of curative care as appropriate and feasible for that level and make timely referrals. She will act as a motivator of different types of health related activities. Unlike ANM, she will not be involved in any clinical activities like immunization.
- 9.9 Sports Club/Recreation Centre:** Indoor and out-door games are arranged by the Club and activities like wrestling, Judo Karate etc. are also done there.

9.10 Cinema/Video Hall (CV): If regular cinema houses licensed by Government are available, then the town/village is considered to be having the facility of Cinema Hall. Video hall owners screen films in their own or hired premises.

9.11 Public Library: Books are kept there which can be accessed by the public on loan basis. These may be sponsored by Government or Local Body or Panchayat or any influential person. Free service or nominal charges are made for using the facility.

9.12 Public Reading Room: Here the public may read newspapers and magazines. These may be sponsored by Government or Local Body or Panchayat or any influential person.

9.13 Newspaper Supply: The availability of the Newspaper(s), both in English or vernacular, in the village is considered to having the said facility.

10.Availability of Electricity/Power. If power is actually available, whatever may be the form of its use, it is indicated affirmative. If the village is having electricity for domestic purposes and the residents are using the same for domestic use, then it is considered that domestic power supply is available. If the electricity authority has not given domestic supply to the households on their request and people are using unauthorized electricity either by stealthily or misuse the supply meant for agricultural or industrial purposes, then it is not considered as availability of electricity for domestic purposes. However, if the village goes out of power due to temporary technical problems such as, transformer failures, theft of electrical equipment, etc., it is considered that electricity is available. Supply of electricity is considered available even when there is a temporary ban on new domestic connections. Connections to residential houses, bungalows, clubs, hostels and hospitals run on non-commercial basis, charitable, educational and religious institutions are included in the domestic category.

10.1 Power Supply for domestic use: This category includes electricity used only for domestic consumption.

10.2 Power supply for agricultural use: This category includes all electricity connections given to the farmers for conducting various agricultural activities including irrigation.

10.3 Power supply for commercial use: This category includes electricity connections given for workshops, industries etc. or for any commercial purposes.

10.4 Power supply for all uses: This category includes electricity connection is available for domestic use, agricultural use, and for any commercial purposes.

11. Land Use Pattern: The land use area of the villages is given in hectares. The land use pattern in the Village Directory conforms to the pattern of classification of land use as recommended by the Ministry of Agriculture, Government of India. The Ministry has recommended the maintenance of records of land use pattern under the 9 categories as indicated in the Village Directory.

12. System of drainage :Generally, by drainage system, we mean the network of mains and branches of underground conduits for the conveyance of sewerage to the point of disposal. Sewers that carry only household and industrial wastage are called separate sewers; those that carry storm water from roofs, streets and other surfaces are known as storm water drains, while those carrying both sewage and storm water are called combined sewers. However, in towns, which are not provided with such underground sewerage system, it is mentioned whether it has open drainage system. There may be possibility of the town having both closed as well as open drainage systems.

13.Type of latrines: The data on various types of latrines both public and private together are collected. The three types of latrines considered here are, Pit Latrine, Flush/Pour Flush Latrine and Service Latrine.

- (i) **Pit System:** The latrines are attached to the pit that is dug into the ground for the reception of night soil, are reckoned as pit latrine.
- (ii) **Flush/pour flush:** A flush latrine uses a cistern or holding tank for flushing water and has a water seal, which is a U-shaped pipe, below the seat or squatting pan that prevents the passage of flies and odours. A pour flush latrine uses a water seal, but unlike a flush latrine, a pour flush latrine uses water poured by hand for flushing (no cistern is used). (iii) **Service:** Type of latrine from where night soil is removed manually by scavengers. All other types of latrines are covered under "Others" category.

14. Protected Water Supply- Source and capacity of Storage system: There are various sources of water supply and its storage system in the town.

14.1 Service Reservoir: A service reservoir is a water storage container that holds clean water after it has been treated in a water plant, and before it is piped to the end users. These containers are covered, and are designed to keep the water safe from contamination. Their main purpose is to provide a buffer within the water supply system so that water supplies can be maintained across periods of varying demand.

14.2 River Infiltration Gallery: Infiltration Galleries are capable of supplying large quantities of water, and are used where wells are unable to supply water needs, i.e. where an impermeable rock barrier affects well efficiency, or where surface water sources are too shallow for **intake screens**. Infiltration galleries are one or more horizontal screens placed adjacent to (on-shore), or directly underneath (bed-mounted), a surface water source.

14.3 Bore Well Pumping System: A bore well is a well of 6" to 12" in diameter drilled into the earth for retrieving water. The depth of a bore well can vary from 50 feet to 3000 feet. Water is pumped out to surface through electricity/generator.

14.4 Pressure Tank: Tank that is used to ensure consistent water pressure and for storage of water. Usually **located** in basement of house but sometimes (in older settings) located in well pit.

15. Road lighting (Points): Road lighting means the number of street lights that are maintained in the town.

16. Home Orphanage: Orphanage is the name to describe a **residential institution** devoted to the **care of orphans**—children whose parents are deceased or otherwise unable to care for them. Parents, and sometimes grandparents, are legally responsible for supporting children, but in the absence of these or other relatives willing to care for the children, they become a **ward of the state**, and orphanages are a way of providing for their care and housing.

17. Working women's hostel: These may be recognised or non-recognised by any public authority. The data on number of working women's hostels available in the town are collected with number of seats.

18. Old Age Home: There are two types of Old Age Homes in India. One is the "Free" type which cares for the destitute old people who have no one else to care for them. They are given shelter, food, clothing and medical care. The second type is the "Paid" home where care is provided for a fee. Nowadays, such "Retirement" homes have become very popular in India and they are well worth considering.

19. Stadium: A stadium is a place, or venue, for (mostly) outdoor **sports**, concerts or other events, consisting of a field or stage partly or completely surrounded by a structure designed to allow spectators to stand or sit and view the event.

20. Auditorium/Community Hall: These are the places where meetings, social functions etc. are organised.

Civic status of urban units:

Civic Status of a town/city is determined on the basis of Civic Administrative Authority of the town e.g., Municipal Corporation / Corporation, Municipal Committee / Municipal council, Municipality etc.

Size class of U.A./town:

Size-class of U.A./Town is based on the population size of the U.A./City/Town.

U.A.s/Towns with 100,000 and above population are classified as Class I U.A.s/ Towns. Towns with 50,000 to 99,999 population are classified as Class II towns, 20,000 to 49,999 population are Class III towns, population with 10,000- 19,999 are Class IV towns, population with 5,000 and 9,999 are Class V towns and towns with less than 5,000 population are Class VI towns.

Slum area :

The Slum Areas (Improvement and Clearance) Act, 1956, which was enacted by the Central Government defined slums as (a) Areas where buildings are in any respect unfit for human habitation; or (b) are by reasons of dilapidation, overcrowding, faulty arrangement and design of such buildings, narrowness or faulty arrangement of streets, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

Mega city :

The concept of 'Mega city' is a recent phenomenon in the Urban Sociology and is defined in term of metropolitan city in the form of large size, problem of management of civic amenities and capacity to absorb the relatively high growth of population. Indian Census in 1991 treated the population size of 5 million and above as the cutoff point to identify a place as the mega city. Whereas, for the purpose of inclusion in Centrally Sponsored Scheme for Infrastructure Development in Mega cities the Ministry of Urban Affairs and employment, Department of Urban Development adopted the criteria of 4 million and above population as per 1991 Census for Mega Cities. In 2001 Census, cities with 10 million and above population have been treated as Mega cities and the same criteria of population has been adopted in 2011 census.

(iv) 2011-Census Findings

Distribution of Population in rural-urban areas:

The following table shows distribution of rural and urban population by tehsils in the district.

Population, Number of Villages and Towns, 2011

Name of Tahsil	Population									Number of Villages	No. of Towns	
	Total			Rural			Urban					
	P	M	F	P	M	F	P	M	F	Total Inhabited		
1	2	3	4	5	6	7	8	9	10	11	12	13
Samrala	2,23,385	1,17,268	1,06,117	1,78,791	93,791	85,000	44,594	23,477	21,117	200	196	2
Khanna	2,22,297	117,380	1,04,917	94,160	49,579	44,581	1,28,137	67,801	60,336	72	67	1
Payal	2,13,545	113,803	99,742	1,72,631	91,242	81,389	40,914	22,561	18,353	111	105	3
Ludhiana (East)	19,34,225	1,043,012	8,91,213	2,79,688	1,49,023	1,30,665	16,54,537	8,93,989	7,60,548	184	181	3
Ludhiana (West)	3,62,602	191,203	1,71,399	2,72,489	1,43,430	1,29,059	90,113	47,773	42,340	127	125	7
Raikot	2,01,451	106,084	95,367	1,55,278	81,700	73,578	46,173	24,384	21,789	74	72	3
Jagraon	3,41,234	179,066	1,62,168	2,75,994	1,44,679	1,31,315	65,240	34,387	30,853	139	139	1
District Total	34,98,739	18,67,816	16,30,923	14,29,031	7,53,444	6,75,587	20,69,708	11,14,372	9,55,336	907	885	20

According to 2011 Census, Ludhiana district has 34,98,739 population comprising 18,67,816 males and 16,30,923 females. This makes 12.6 per cent of State's population.

Among the tahsils, Ludhiana (East) with a population of 19,34,225 is the most populous while Raikot with a population of 2,01,451 is the least populous tahsil in the district. The population of other tahsils are: Jagraon 3,41,234, Ludhiana (West) 3,62,602, Samrala 2,23,385, Payal 2,13,545, Khanna 2,22,297. In other words, tahsil with the highest population is more than nine times from the tahsil having least population. On an average, a tahsil in the district has population of 4,99,820 compared with 360,303 in the State as a whole.

Out of the total population in the district, 14,29,031 (40.8 per cent) is rural and 20,69,708 (59.2 per cent) urban; the corresponding percentages of rural and urban population in the State are 62.5 and 37.5 respectively.

Out of 907 villages of the district 885 are inhabited. A tahsil on an average has 126 inhabited villages. The number of inhabited villages among tahsils varies between 196 in Samrala tahsil and 67 in Khanna tahsil.

The rural population spreads over 885 inhabited villages and urban population is distributed over 20 towns in the district. An inhabited village in the district on an average has a population of 1614 as against 1425 in the State signifying that the villages in Ludhiana district are larger in size.

Urban population is distributed over 20 towns in the district. Out of which 11 towns are statutory towns where as remaining 9 is Census towns. A town on an average has a population of 103,485 as compared with 47,922 in the State as such. This signifies that the average size of a town in Ludhiana district is significantly higher than that of the State. Among the towns in the district, Ludhiana 16,18,879 is the most populous while Jodhan (CT) 3845 is the least populous town.

Size Class & Status of a Town:

Size Class & Status of a Town:

The methodology of urbanization can be better understood in terms of distribution of urban population among towns of different size classes. It has been the tradition for the Census organization to classify towns according to their population size. A town with a population of 100,000 or more is termed as 'city' in Indian census.

Class	Population size	No. of Towns.
1	2	3
Class – I	100,000 and above (Generally referred to as city)	2
Class – II	50,000 to 99,999	1
Class – III	20,000 to 49,999	5
Class – IV	10,000 to 19,999	6
Class – V	5,000 to 9,999	5
Class – VI	Less than 5,000	1

Out of 20 towns in the district, Ludhiana and Khanna, are Class I town (city). One falls in the population size class II, five towns in class III, six towns in class IV, and the five in Class V towns. There is one town under Class-VI. As regards distribution of population by size class of towns, it is observed that more than three-fourth (84.4%) urban population in the district is residing in Class I towns and 3.2 per cent in Class II town. The share of Class III town is 6.3 per cent only while class IV towns accommodate 4.03 per cent of the urban population in the district. Further more class V towns contributed only 1.9 per cent of the urban population in the district. There is only one town under class VI having only 0.18 percent of population.

During the decade the number of towns has gone up from 12 in 2001 to 20 in 2011. Among the towns 11 towns are statutory in nature and remaining 9 is Census town. Further among these new town, 1 falls in class-III , 4 in class IV ,2 in class V and one in class VI.

Population Growth, Density and Sex Ratio

Population Growth:

During 2001-2011, population of Ludhiana district has increased from 30,32,831 to 34,98,739 resulting net addition of 4,65,908 persons during this decade. In percentage terms the district has decadal growth rate of 15.4 per cent which is the highest growth rate in the state. Among the districts, it ranks 8th, and its growth rate 15.4 is also higher than that of the state average (13.9%).

Density:

Ludhiana district has 34,98,739 population, 3,578 sq. km area and density of 978 persons per sq. km, which is significantly higher than that of the State (551) and ranks 1st among the districts in the State.

Within the district, Ludhiana(East) (3464) is the most densely populated tahsil and Jagraon (435) the least populated tahsil. Likewise, rural density varies between 720 in Ludhiana East tahsil and 358 in Jagraon tahsil. The urban density is the highest in Ludhiana East (9,724) tahsil and the lowest in Raikot (1,368) tahsil.

Sex Ratio:

Sex ratio is defined as the number of females per 1,000 males. Generally speaking differentials in mortality conditions of males and females, male-female ratio at birth and sex selective migration are the key factors, which determine the sex composition. It reflects the socio-economic and demographic characteristic of the population and unfolds the status of women in the society and care of the girl child in particular.

Significant feature of Punjab's population is the preponderance of males over females. According to 2011 Census, out of total population 2,77,43,338 in the State comprising 1,46,39,465 males and 1,31,03,873 females resulting in an overall sex ratio of (895) which is significantly lower than the country as a whole (943).

The child sex ratio in Punjab has been increase during 2011, from 798 in 2001 to 846 in 2011 exhibiting an increase of 48 points in child sex ratio. The Child sex ratio is reported to be the highest in Shahid Bhagat Singh Nagar district (885) and the lowest in Tarn Taran (820). This exhibits that the child sex ratio is quite poor in all the districts in the state. There are 20 districts which exhibit a child sex ratio of over 800.

The sex ratio in the State and its constituent districts has remained low throughout. At the beginning of the 20th century, the sex ratio was 832 in 1901 which declined to 780 in 1911. Ever since, the sex ratio in the state showed gradual improvement till 1991 when it reached 882. However, it has again declined to 876 in 2001, exhibiting a fall of 6 points in the State. While it again increase to 895 in 2011 which show the raise of 19 points in the state.

Ever since 1911 the sex ratio in the district has gradually improved from 765 in 1911 to 856 in 1961. Last four decades exhibited an up and down in the sex ratio and ultimately reached to 873 points in 2011. Within the State the districts among themselves show considerable disparity which is the highest in Hoshiarpur District (961) and the lowest in Bathinda (868).

Among the tahsils in the district the sex ratio is the highest in Jagraon (906) and the lowest in Ludhiana (East) (854). The rural sex ratio varies between 908 in Jagraon and 877 in Ludhiana (East) tahsil. The urban sex ratio fluctuates between 899 in Samrala and 813 in Payal tahsil. The towns among themselves exhibit significant disparity in this regard.

The sex ratio in the age group 0-6 in the State and its constituent districts is quite low and it has become a matter of deep concern. Punjab has a child sex ratio 846; it is almost identical in its rural (844) and urban (852) areas. In Ludhiana district, the child sex ratio (860) is higher than that of the State. Within the district, the tahsils among themselves display a considerable disparity in their child sex ratio; which is the maximum in Jagraon (874) and the minimum in Payal (835).

Likewise, the disparity in the rural and urban child sex ratio among the tahsils is also quite marked; the rural child sex ratio varies between 878 in Jagraon and 840 in Payal while the variation in urban child sex ratio is to the extent of 897 in Ludhiana (west) and 817 in Payal & Khanna tahsils each.

Literacy:

Any person who is able to read and write with understanding in any language is recorded as literate. As in 2011 all the children below 7 years of age have been treated as illiterates.

75.8 per cent of the state's population is literate which is higher than that of the country as such 73.0 per cent. Among the States /Union Territories, Punjab ranks 22st in terms of literacy.

82.2 per cent population of Ludhiana district is recorded as literate, which is significantly higher than the State as such. It ranks among the top five districts whose literacy rates are more than 82.0 per cent. Among the tahsils in the district, Ludhiana East (84.6%) ranks at the top while Jagraon (76.7%) is placed at the bottom. However, all the tahsils in the district surpass the overall literacy rate in the state average.

Between the two sexes, the gap in the literacy rate among males and females in the district is more significant as compared to that of the State. In Ludhiana district 86.0 per cent males and 77.9 per cent females are literate, while the corresponding figures for the State are 80.4 and 70.7 per cent respectively.

Likewise, the rural-urban literacy rates also exhibit significant disparity. In the district 78.3 per cent of the rural population and 84.9 per cent urban population is literate.

Work Participation Rate

Definition of Work and Classification of Workers:

How the 'work' is defined by the Census needs to be understood properly. Work is defined as the participation in any economically productive activity with or without compensation, wages or profit. Such participation may be physical and/or mental in nature. Work involves not only the actual work but also includes effective supervision and direction of work. It even includes part time help or unpaid work on farm, family enterprise or in any other economic activity. The scope of definition of work was expanded at the Census of India 2011, which includes production of milk even for domestic consumption. In the 2011 Census cultivation of certain crops even for one's self-consumption was treated as an economic activity. The scope of the term cultivation was expanded in this census to include certain other crops such as tomatoes, all types of flowers, fruits and tuber potatoes, chilies and turmeric, viper, cardamoms, vegetables etc. On the other hand plantation of tea, coffee, rubber, coconut and betel nuts have been classified under plantation and not included in cultivation.

For the 1st time in Census 2011, the marginal workers i.e. workers who worked for less than six months during the reference, have been subdivided in two Categories namely, those who worked for 3 months or more but less than six months and those who worked for less than 3 months.

For non economic activity: A category of 'other' has been included to account for commercial sex work and persons involved in illegal activities. A new code for 'rentier' has also been introduced.

The reference period for recording the economic activity of any person is preceding one year from the date of enumeration. All those persons who had worked for six months or more during the last year are recorded as main workers while those who had worked for less than six months during the last one year are treated as marginal workers. A person who had not worked at all during the last one year falls in the category of non- worker. Workers have been further classified into four categories viz. Cultivators, Agricultural labourers, Household Industries and other workers.

Punjab, with a work participation rate of 35.7 per cent, ranks 27th among the States/Union Territories in the Country and thus, the work participation rate in the State is lower than that of India (39.8%). Among the districts in the State, the proportion of workers varies between 42.7 per cent in Mansa and 31.5 per cent in Hoshiarpur district. In all, 10 out of 20 districts in the State have shown work participation above the state average and among them five districts has at least two-fifths of their population reported as worker. Besides Mansa, they include Bathinda (39.6%), Firozpur (37.3%), Muktsar (37.2%) and Amritsar (36.9%).

Main Workers and Marginal Workers:

85.4 per cent of Punjab's total workers have been recorded as Main Workers and 14.6 per cent as Marginal Workers. The corresponding figures for 2001 Census were 85.8 per cent and 14.2 per cent respectively. In Ludhiana district Main Workers and Marginal Workers constitute 88.6 and 11.4 per cent to the total population of workers.

The work participation rate in Ludhiana district (36.7%) is a little better than the state average (35.7%). Among the tahsils in the district, it varies between 40.2 per cent in Payal and 35.4 per cent in Khanna. In the district 56.4 per cent among males and 14.2 per cent females are reported as workers. In Payal nearly one-fifth of the females (20.0%) are recorded as workers.

The proportion of main workers is the highest in Payal (33.89%) and the lowest in Raikot tahsil (30.74%). However, the proportion of marginal workers is the highest in Payal tahsil (6.27%), and the lowest in Khanna (3.34%). Further, the incidence of marginal workers is observed to be more among males as compared with females. The proportion of marginal workers in the district among males (4.48%) is slightly more than that of females (3.83%). By and large, a similar pattern is observed among all the tahsils in the district. In Payal, 6.29 per cent of females are marginal workers is little more than 6.26 per cent among male counterparts.

Religion :

It has been customary for the Indian Census to provide information on religious persuasions of its people. Religion is one of the basic cultural characteristics of population and several religions have thrived in the secular state of India. Apparently, information on various religious communities in the country has been of great interest and useful to the Anthropologists, Sociologists, Demographers, Administrators, Planners and the public at large. Question 7 of the household schedule canvassed at the 2011 Census pertained to religion. The instructions to enumerators were to record the religion faithfully of each member of the household as returned by the respondent in reply to this question.

The six main religions in the country were recorded by using following codes in 2011:-

Hindu	-	1
Muslim	-	2
Christian	-	3
Sikh	-	4
Buddhist	-	5
Jains	-	6

For all others, actual religion as stated was recorded fully. Further more, if any individual stated that he had no religion, the answer was recorded accordingly.

As per Census 2011, In Ludhiana district there are 53.3 per cent Sikhs, 42.9 per cent Hindus, 2.2 per cent Muslims, 0.5 per cent Christians, Jains 0.6 per cent and Buddhists negligible.

The instructions for recording this information are by and large the same as in 2001.

Mother Tongue and Language:

Question 10 of the Household Schedule canvassed at the 2011 Census pertained to 'Mother Tongue'. It is the language spoken in the childhood by the person's mother to the person. If the mother died in infancy, the language mainly spoken in the person's home in childhood will be the mother-tongue. In the case of infants and deaf mutes the language usually spoken by the mother should be recorded. In case of doubt, the language mainly spoken in the household may be recorded. Since the household may consist of persons related by blood or of unrelated persons or a mix of both, every person in the household is asked about her/his mother tongue because the mother tongue of each member of a household need not necessarily be the same. It may be different for different members in the household. The definition of 'Mother Tongue' is the same as in 2011.

Question 11 of the Household Schedule was aimed to collect information on 'Other Languages known' (up to two languages in order of proficiency) other than Mother Tongue.

Scheduled Castes and Scheduled Tribes:

Out of the total population of 2,77,43,338 in the State 88,60,179 belong to Scheduled Castes as per 2011 Census. As such 31.9 per cent of the state's population and 26.4 per cent population in the district belong to Scheduled Castes. Among the districts, two-fifth (42.5%) of the total population in SBS Nagar belongs to Scheduled Castes and it is the highest among the districts in the state. Ludhiana district with a proportion of 26.4 per cent is placed at bottom. Besides Amritsar (31.10%), Sangrur (27.9%), Gurdaspur (25.3%), Rupnagar (26.4%) and Patiala (24.5%) are the districts which have proportion of Scheduled Castes population lower than that of the state while the remaining 12 districts exhibit this percentage higher than that of state average. Out of the total population of 34, 98,739 in the district 9,23,358 belong to Scheduled Castes and this makes (26.4%) of the district's population belong to Scheduled Castes. Among the tahsils it is the highest in Jagron (41.1%) and Lowest in Ludhiana East (17.52%)

In consonance with the general trends in the state, Scheduled Castes are more rural by residence. In the district 39.2 percent of population in rural area belongs to Scheduled Castes while the corresponding percentage in urban areas is 17.6 per cent. In Khanna tahsil Scheduled Castes comprise more than one-third (45.51%) of rural population and this percentage is the highest among all the tahsils in the district. On the other hand it is the lowest in Samrala (34.61%).

During the 2001-2011 Scheduled Castes population in the state has increased by 26.1 per cent which is lower than that of Ludhiana district (26.4%).

There is no Scheduled Tribes population in the State.

(v) Brief analysis of PCA data based on inset tables 1 to 35

TABLE 1: DECADAL CHANGE IN POPULATION OF TAHSILS BY RESIDENCE, 2001-2011

Serial number	Tahsil	Population						Percentage decadal variation 2001-2011			Percentage urban population	
		2001			2011						2001	2011
		Total	Rural	Urban	Total	Rural	Urban	Total	Rural	Urban

Table 1 Ludhiana district has recorded a growth rate of 15 per cent during 2001-2011 as against 13.9 per cent for the state. The decadal growth rate in Ludhiana (W) tahsil (31.5%) is the highest and that in Raikot tahsil (4.8%) is the lowest. Besides Raikot, the decadal growth rates of Samrala, Payal and Jagraon tahsils are also below the district average.

The urban population in the district grew by 22.2 per cent which is more than almost three times that of the rural (6.7 %). Ludhiana (West) tahsil has recorded a very high urban growth rate of 546.0 per cent, while a minimum growth rate was witnessed in Jagraon (8.6%). Rural growth rate varies between 20.6 per cent in Ludhiana (E) and -3.5 per cent in Raikot.

In 2011 census, the urban population were recorded 59.2 per cent as against 55.8 per cent in 2001 in the district. The level of urbanization in the district is much higher than that of the state average (37.5%). Percentage of urban population (85.5%) is the highest in Ludhiana (E) whereas it is minimum (19.1) in Jagraon as per 2011 Census.

TABLE 2: NUMBER AND PERCENTAGE OF INHABITED VILLAGES IN SPECIFIED POPULATION SIZE RANGES WITH THE RELATED POPULATION, 2011

Districts (Rural) Total:		201 (23 %)	313,296	280,347	29 (3 %)	102,089	90,609	3 (0 %)	19,937	17,847

Table 2 Out of 907 villages in the district, 22 villages are uninhabited, out of which 6 Villages in Payal, 5 in Khanna and 4 in Samrala, 3 villages in Ludhiana (E), 2 villages each in Ludhiana (W) and Raikot tahsil. An inhabited village on an average has a population of 1615 in the district. The corresponding size of an inhabited village in the State as a whole is 1425. The inhabited villages which number 885 are distributed over 12 CD blocks in the district, on an average a CD block has 74 inhabited villages and population of 119086, whereas total villages of the state are distributed over 142 CD blocks. In the state a CD block has 86 inhabited villages and population of 122,142. Evidently,

the inhabited villages in Ludhiana district are much smaller in population size as compared to the State. Among 885 inhabited villages 46 (5%) villages have a population of less than 200, 119(13%) fall in the population size Class of 200 - 499, 204(23%) in the category of 500 - 999, 283(32%) in the range of 1,000 - 1,999, 201(23%) with population varying between 2,000 - 4,999, 29(3%) are having population between 5,000 - 9,999 and only 3(0%) villages in the district crosses the population of 10,000 and above. In other words 369 villages are of small population size with a population of less than 1,000 and they contain 13.8 per cent of the rural population of the district, 484 are of medium size having population 1,000 - 4,999 and they contain 70.1 per cent of rural population of the district, 32 villages are of large size having population 5,000 and above and they contain 16.1 per cent of the rural population of the district.

TABLE 3 : NEW TOWNS, DE-NOTIFIED, DECLASSIFIED AND MERGED TOWNS IN 2011

Sl. No.	Name of Town
(a) New Towns	
(i) Statutory town	Nil
(ii) Census town	Bhamian Kalan Jodhan Gill Tharika Bhattian Partap Singhwala Baddowal Halwara
(b) Denotified	
(i) Statutory town of 2001 Census denotified which did not satisfy the criteria to be treated as towns	Nil
(ii) Statutory towns of 2001 census denotified but identified as census towns based on demographic and economic criteria	Nil
(iii) Census towns of 2001 census are notified as statutory town in 2011 census	Nil
(C) Declassified	Nil
(d) Wholly merged with other town (s)	Nil

Table 3 revealed that the new towns added, denotified, declassified and merged in the district in 2011 Census. There are 20 towns in the district and out of them 11 are statutory in status and 9 are census towns. Bhamian Kalan (CT), Jodhan (CT), Gill (CT), Tharika (CT), Bhattian (CT), Partap Singhwala (CT), Baddowal (CT) and Halwara (CT) are newly added towns to the district in 2011 Census. Akalgarh (CT) was only CT in 2001. Further, no town of 2001 Census has been denotified /declassified or merged in 2011 Census.

TABLE 4: SEX RATIO OF STATE AND DISTRICT, 1901-2011

Census Year	State			District		
	Total	Rural	Urban	Total	Rural	Urban
1	2	3	4	5	6	7
1901	832	837	798	829	824	863
1911	780	785	740	765	765	770
1921	799	808	735	784	790	749
1931	815	832	721	791	814	682
1941	836	855	750	832	852	753
1951	844	854	807	852	854	846
1961	854	865	817	856	862	843
1971	865	868	856	848	862	823
1981	879	884	865	860	881	832
1991	882	888	868	844	880	812
2001	876	890	849	824	879	783
2011	895	907	875	873	897	857

Note: Sex Ratio has been defined as number of females per 1000 males.

Table 4 shows sex ratio of state and the district since 1901. Sex Ratio reflects the socio-economic and demographic characteristics of population. It unfolds the status of women in society and the care for the girl child in particular. Unfortunately, in consonance with the overall patterns of the State, the sex ratio in the district has declined by 20 points from 844 in 1991 to 824 in 2001. The sex ratio declined from 832 in 1901 to 780 in 1911 in the state. Ever since 1911, the sex ratio showed a gradual improvement, uninterruptedly, till 1991 when it reached 882. During 1991-2001, the sex ratio has declined by 6 points, from 882 to 876. While it again increase to 895 in 2011 which show the raise of 19 points in the state.

Ludhiana district had a sex ratio of 829 in 1901 which decreased to 765 in 1911 and ever since 1911 the sex ratio exhibited a gradual rise till 1961. Then it shrunk to 848 in 1971 and augmented to 860 in 1981. Finally the sex ratio started to fall during the last two decades. While it again increase to 873 in 2011 which show the raised 49 points in the district. But the rural counterpart of the district exhibited a gradual rise in the sex ratio during the period of 1911 – 1981. Actually this sinister sex ratio is the outcome of the high jump in the urban sex ratio during the decades 783 to 857 in 2011.

TABLE 5: SEX RATIO BY SUB-DISTRICT, 2011

Sr. No.	Name of Sub-district	Sex ratio		
		Total	Rural	Urban
1	2	3	4	5
1	00224-Samrala	905	906	899
2	00225-Khanna	894	899	890
3	00226-Payal	876	892	813
4	00227-Ludhiana (East)	854	877	851
5	00228-Ludhiana (West)	896	900	886
6	00229-Raikot	899	901	894
7	00230-Jagraon	906	908	897
District: 041-Ludhiana		873	897	857

Sex ratio by tahsils is shown in table 5. The sex ratio is appreciably higher than the district average (873) in all of the tahsils except Ludhiana (East) with a sex ratio 854 only. Similar pattern is observed in tahsil wise urban sex ratio in the district except Payal and Ludhiana (East) other tahsils sex

ratio is greter than district's urban sex ratio, that is 857. However, the tahsil wise rural sex ratios are varying around the district's rural sex ratio (897). In Jagraon (908), Samrala (906), Raikot (901), Ludhiana (West) (900) and Khanna (899) the rural sex ratios are better than that of the district's rural average. On the other hand remaining 2 tahsils namely Ludhiana-East (877), Payal (892) are exhibiting a lower rural sex ratio than that of the district.

TABLE 6: SEX RATIO BY CD BLOCKS, 2011

Sr.No.	Name of CD block	Sex ratio
1	2	3
1	0052-Ludhiana-II	881
2	0053-Sidhwan Bet	918
3	0054-Jagraon	898
4	0055-Sudhar	905
5	0056-Raikot	904
6	0057-Pakhowal	894
7	0058-Ludhiana-I	889
8	0059-Dehlon	895
9	0060-Doraha	890
10	0061-Machhiwara	912
11	0062-Samrala	899
12	0063-Khanna	899
Total		897

Table: 6 Exhibits C.D. block wise sex ratio in the district. Among the CD blocks rural sex ratio varies between 918 in Sidhwan Bet and 881 in Ludhiana-II. In all, seven CD blocks shows rural sex ratio above and five below the rural sex ratio of the district rural sex ratio (897).

TABLE 7: SEX RATIO OF RURAL POPULATION BY RANGES, 2011

Range of sex ratio for villages	Number of inhabited villages	Percentage of villages in each range	Population 2011	Percentage distribution of population
1	2	3	4	5
Less than 700	8	0.90	7,910	0.55
700 - 749	4	0.45	2,087	0.15
750 - 799	20	2.26	22,299	1.56
800 - 849	85	9.60	81,781	5.72
850 - 899	308	34.80	6,33,876	44.36
900 - 949	314	35.48	5,54,503	38.80
950 - 999	102	11.53	1,03,255	7.23
1000 - 1099	34	3.84	20,111	1.41
1100+	10	1.13	3,209	0.22
District: Ludhiana (041)	885	100	14,29,031	100
Sex ratio District (Rural) :	897			

Sex ratio of rural population by ranges is portrayed in Table 7. The district is marked with a low rural sex ratio (897). This is very low (less than 800) in 32 villages only. These villages with low sex ratio comprise 3.61 per cent of the total villages in the district and contain 2.26 per cent of district rural population. 85 villages (9.6 per cent) are marked with a rural sex ratio of 800-849 and they contain 5.72 per cent of the district rural population.

The maximum number of 308 villages exhibits a rural sex ratio in the range of 850-899. These make 34.80 per cent of the total villages and have 44.36 per cent of the rural population of the district. The high sex ratio in the range of 900-949 is noted in 314 villages and they constitute 35.48 per cent of the villages and account for 38.80 per cent of the rural population of the district and 950-999 is noted in 102 villages and they constitute 11.53 per cent of the villages and account for 7.23 per cent of the rural population of the district.

Female-Male ratio is quite close to parity in the range of 1000-1099 as 34 (3.84 %) villages are having 1.41 per cent of rural population of the district. Further more, only 10 villages are highly female biased. This is a welcome sign for the State as well as for the district.

TABLE 8: SEX RATIO OF TOWNS, 2011

Sr. No.	Name of town	Urban status of town	Sex ratio

20	800199-Jagraon (M CI)	(M CI)	897
Sex ratio (Urban) district:			857

Sex ratio of urban agglomerations/towns is exhibited in Table 8. The district has an urban sex ratio of 857 which is much lower than the urban sex ratio of the State (875).

Among the UAs / towns, the sex ratio varies between 956 in Akalgarh and 771 in Doraha. In 16 out of 20 towns have sex ratio higher than that of the district and remaining 4 towns

have sex ratios lower than the district average. Besides Akalgarh, sex ratio crosses 900 marks in Macchiwara, Maloud, Bhamian Kalan, Mullanpur Dakha, Jodhan, Tharika and Bhattian.

TABLE 9: SEX RATIO OF POPULATION IN THE AGE GROUP 0-6 FOR SUB-DISTRICT, 2011

		Rural	148,970	80,113	68,857	859
		Urban	235,144	126,389	108,755	860

The sex ratio of child population in the age-group 0-6 is shown in Table 9. The state and its constituent districts are marked with a very low child sex ratio and this has become a matter of deep concern. Punjab has a child sex ratio of (846) as compared to India (919). Ludhiana district has a higher child sex ratio (860) equal and holding a position among the top seven districts in the state.

Within the district, child sex ratio is the maximum in Jagraon (874) and the minimum in Payal (835).

Likewise, the rural child sex ratio varies between Jagraon (878) and Payal (840), while the variation in urban child sex ratio is between 897 in Ludhiana (west) and 817 in Payal & Khanna

both. Surprisingly, the urban child sex ratio out does the rural sex ratio in two tahsils namely, Ludhiana East, Ludhiana West which is a very rare phenomenon.

TABLE 10: SEX RATIO OF POPULATION IN THE AGE GROUP 0-6 FOR CD BLOCKS, 2011

Total		148,970	80,113	68,857	859

Table 10 shows CD Block wise sex ratio of population in the age-group 0-6 termed as child sex ratio.

The gap of 38 points in rural child sex ratio (859) and the over all rural sex ratio (897) in the district is alarming. Moreover, five CD blocks viz. Pakhowal (832), Ludhiana-I (850), Dehlon (835), Samrala (828) and Khanna (848) are marked with a child sex ratio even lower than the district average (859).

TABLE 11: SEX RATIO OF RURAL POPULATION IN THE AGE GROUP 0-6 BY RANGES, 2011

Range of sex ratio for villages	Number of inhabited villages	Percentage distribution of villages	Population 2011	Percentage distribution of population
1	2	3	4	5
Less than 700	134	15.14	11,740	7.88
700 - 749	69	7.80	11,236	7.54
750 - 799	93	10.51	18,596	12.48

1100+	93	10.51	6,808	4.57
District: Ludhiana (041)	885	100	148,970	100
Sex ratio District (Rural):	859			

Table 11 shows sex ratio of rural population in the age group 0-6 by ranges. It is very low (859) in the district. As many as 134 (15.14%) villages are marked with an excessively low child sex ratio of less than 700.

The sex ratio is equally low in the range of 700-749 in 69 (7.80%) villages constituting 7.54 per cent of the district's child population. Another 93 (10.51%) villages fall in the range of 750-799 and they contain one-sixth (12.48%) of the rural child population of the district.

589 villages (out of 885) which make a two third (66.56%) of the villages and contain 72.09 per cent of rural child population have crossed 800 and above mark. Among, them 114 (12.88%) fall in the range of 800-849 and cover 17.21 per cent of district rural child population. Another 117 (13.22 %) villages having 20.49 per cent of child population are in the range of 850-899. The rural child sex ratio is fairly high in the range of 900-949 in 100 (11.30 %) villages containing 13.65per cent of the child population, and another 52 (5.88 %) villages having 6.24 per cent of the population display a very high sex ratio of 950-999.

As many as 206 villages in the district are female child biased and all of them fall in the range of 1000 + and make 23.28 per cent of the total villages and share 14.50 per cent of the rural child population of the district.

District (Urban): 041-Ludhiana			235,144	126,389	108,755	860

Table 12 shows sex ratio of child population in the age group 0-6 of urban agglomerations/towns in 2011. The urban child sex ratio in the district (860) is significantly higher than the overall urban sex ratio (857) exhibiting a gap of 3 points. However it is lower by 15 points than the urban sex ratio of the state (875) as a whole.

Among the UAs/ towns in the district, Child sex ratio is the highest in Akalgarh (992) and the lowest in Sahnewal (791). Further more child sex ratio is below district average (860) in Nine towns namely Sahnewal (791), Payal (792), Halwara (800), Samrala (803), Raikot (805), Doraha (807), Khanna (817), Mullanpur Dakha (843) and Jagraon (856). Child sex ratio crosses district's average (860) in eleven towns namely Akalgarh (992), Jodhan (973), Partap Singhwala (942), Baddowal (931), Bhattian (926), Bhamiana Kalan (908), Tharika (905), Maloud (879), Gill (878), Machhiwara (873) and Ludhiana (MCorp. (865)).

Table 13 shows the number and percentage of Scheduled Castes and Scheduled Tribes by tahsils. As already stated there are no Scheduled Tribes in the State Punjab.

In the district 26.39 per cent of the population belongs to Scheduled Castes as compared to 31.9 per cent in the State. The proportions of Scheduled Castes among tahsils in descending order are: Jagraon (41.1), Raikot (38.01%), Payal (37.79%), Ludhiana West (37.46%), Khanna (34.77%), Samrala (33.05%) and Ludhiana-East (17.52%). In rural areas, 39.15 per cent of population belongs to Scheduled Castes in the district while corresponding percentage in urban is 17.58 per cent. In Khanna Scheduled Castes comprise 45.51 per cent of rural population and this percentage is the highest among all the tahsils in the district. On the

other hand it is lowest in the tahsil Samrala (34.61%). The proportion of Scheduled Castes population residing in urban varies between 39.43 per cent in Raikot tahsil and 14.53% in Ludhiana East tahsil.

Total		1,429,031	559,471	0	39.15	0

Table 14 gives CD block wise distribution of Scheduled Castes population in the district. The percentage of Scheduled Castes population is the maximum in Sidhwan Bet (50.07%) followed by Khanna (44.42%), Samrala (40.87%) and Jagraon (40.73%) and Dehlon (40.12). Remaining 7 CD blocks reveal percentage lower than the district's average. Besides Pakhowal (38.99%), it is 38.74 per cent in Sudhar, 38.08 cent in Doraha, 37.97 per cent in Ludhiana II, 36.92 per cent in Raikot, 33.36 percent in Ludhiana- I and 29.09 per cent in Machhiwara.

District: Ludhiana(041)	885	100.00	559,471	100.00

Table 15 presents proportion of Scheduled Castes population in villages by ranges. Surprisingly, 35 (3.95%) villages in the district do not have any Scheduled Castes population and in another 20 (2.26%) villages, Scheduled Castes comprise merely 0.11 per cent of the total population in the range of less than 5 per cent. Yet another 19 (2.15%) villages have

Scheduled Castes population in the range of 5-10 per cent and they contain 0.30 per cent of the Scheduled Castes population of the district.

There are 51 villages (5.76%) which accommodate 2.39 per cent of the Scheduled Castes population of the district fall in the range of 11-20 per cent. 129 (14.58%) villages have Scheduled Castes population in the range of 21-30 per cent and they contain 11.03 per cent of the district's rural Scheduled Castes population.

212 (23.95%) villages are having 29.46 per cent of the districts rural Scheduled Castes population exhibit a relatively high proportion of Scheduled Castes population in the range of 31-40 per cent and another 189 villages which comprise 21.36 per cent of the total villages and 27.88 per cent of rural Scheduled Castes population of the district fall in the range of 41-50 per cent.

Scheduled Castes comprise more than one-half of the total population in 230 villages. These villages constitute 25.98 per cent of the total villages and 28.82 per cent of rural Scheduled Castes population of the district. Further, within this group, 165 villages fall in the range of 51-75 per cent comprising 18.64 per cent of the total villages and 22.41 per cent of rural Scheduled Castes population of the district, while the proportion of Scheduled Castes in 65(7.34%) villages in the range of 76 per cent and above counts for 6.41 per cent of rural Scheduled Castes population.

District (Urban) : 041-Ludhiana		2,069,708	363,887	0	17.58	0

Table 17 shows town wise number and percentage of Scheduled Castes and Scheduled Tribes population.

In urban, Scheduled Castes comprise only 17.58 per cent of the total urban population of the district as shown in Table 17. It is much lower as compared to state (22.7%). The towns among themselves show a wide disparity in this regard. In Bhattian (43.88) per cent of the population belongs to Scheduled Castes, while in Ludhiana (M.Corp.) this percentage is barely 14.32 per cent. Scheduled Castes populations in all the towns, except Ludhiana(M.Corp.) , exceed the district average (17.58%).

TABLE 18: SEX RATIO AMONG SCHEDULED CASTES AND SCHEDULED TRIBES (RURAL) IN CD BLOCKS, 2011

20	800199-Jagraon (M CI)	915	0
District (Urban): 041-Ludhiana		879	0

Table: 19 in urban areas, the sex ratio of Scheduled Castes population in the district is recorded 879 which is much better than the overall urban sex ratio of the district

(857). All the towns are exhibiting the same trend. The situation is also quite encouraging in towns viz. Tharika (963), Akalgarh (950), Bhattian (942), Halwara (936), Machhiwara (922), Mullanpur Dakha (921), Jagraon (915), Baddowal (911), Maloud (910), Partap Singhwala (908), and Raikot (904) where the sex ratio among the Scheduled Castes surpass 900 marks.

Table 20: Number of literates and illiterates, literacy rate by sex in sub-districts, 2011

Table No. 20 shows that 82.2 per cent of the district's population is literate compared with 75.8 per cent in the state as such. In other words, more than three-fourth of the total population in the district are literate.

Of the seven tahsils in the district, Ludhiana-East (84.59%) is the most literate tahsil. By contrast, Jagraon with 76.70 per cent of its population as literate is placed at the bottom.

Between the two sexes, the literacy rate in the district varies between 85.98 per cent among males and 77.88 per cent among females, exhibit a gap of 8.1 percentage points. The male-female difference is the widest (9.59 percentage points) in Samrala tahsil (males 83.08 per cent and females 73.49 per cent) and the narrowest (7.37 percentage points) in Ludhiana-East tahsil (males 87.99 per cent and females 80.62 per cent).

Likewise, the rural-urban literacy rates in the district exhibit significant disparity; 78.28 per cent of the rural population and 84.93 per cent of the urban population is literate. The urban literacy is higher than the rural in all the tahsils except Samrala where exceptionally rural literacy rate (78.59%) is higher than that of the urban literacy rate (78.16%). The gap in rural-urban literacy rate is the widest (7.66 percentage points) in Ludhiana East (urban-85.70 % and rural-78.04%) and the narrowest (0.43 percentage) in Samrala (rural-78.59% and urban 78.16%). Amazingly the district exceeds the state average in rural-urban, male-female literacy rates as well as in total.

CD block wise literacy rate is shown in Table 21. The district itself exceeds the state (71.4%) by 6.9 percentage points. Rural areas of the district are marked with a relatively low literacy rate as compared to its urban counterpart. A little more than 7 out of 10 rural persons (78.3%) in the district are literate as compare to 84.9 per cent in urban areas. Among the CD blocks, the rural literacy rate varies between 82.84 per cent in Ludhiana-I and 74.84 per cent in Ludhiana-II. Besides Ludhiana-I, Sudhar (81.88%), Pakhowal (81.17%), Samrala (79.85%), Dehlon (79.74) Doraha, (79.53), Khanna (78.64) CD blocks have a literacy rate higher than the district's average. There is 9.46 percentage points gap in male- female literacy rate in the district whereas in CD blocks, this gap is the maximum in Sidhwan Bet (10.81 percentage points) and the minimum in Doraha (8.3 percentage points).

TABLE 22: DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE, 2011

District: Ludhiana(041)	885	100.00	1,429,031	100.00
Literacy rate for District:	78.28			

Table 22 shows distribution of villages by ranges of literacy rate. Very low literacy rate is reported in only 8 (0.90%) villages and they have a very small (0.15%) population in the range of 31-50 of the districts rural population. Another 21 (2.37%) villages in the range of 51-60 per cent contain 1.03 per cent of the districts rural population. Yet another 94(10.62%) villages in the range of 61-70 per cent contain 9.0 per cent of rural population of the district. The maximum number of villages 423 are less than half (47.80%) of the total villages and 48.52 per cent of the rural population of the district are placed in the literacy range of 71-80 per cent.

Further more, 336 (37.97%) villages containing 41.28 per cent of the districts rural population fall in the range of 81-90. Only three villages with the population of 72 persons comprising 0.34 percent villages falls in the range of 91-100.

District (Urban): Ludhiana(041)		1,558,156	871,052	687,104	511,552	243,320	268,232	84.93	88.16	81.16	7

Table 23 reveals the number of literates and illiterates and percentage of literates by sex in UAs/towns .The literacy rate is significantly higher than the overall urban literacy rate of the district in Akalgarh (88.51%), Baddowal (86.75%), Ludhiana M.Corp.(85.77%), Halwara (85.45%)and Sahnewal (85.32%). All other towns in the district fall below with the district's average (84.93%).

Between the two sexes, 88.16 per cent among males and 81.16 per cent among females are literates. Like wise in urban, male literacy rate is the highest in Akalgarh (91.96%) and the lowest in Machhiwara (77.54%). In case of female literacy, it is highest in Akalgarh C.T. (84.89%) and the lowest also recorded in Bhamian kalan(68.62) per cent.

Male-Female literacy rates in urban shows a sizeable gap of 7.0 percentage points. This gap is comparatively more in Bhamian kalan (16.16 percentage points) and relatively less in Jagraon (6.55 percentage points).

Table 24 shows number and percentage of Scheduled Castes literates and illiterates by CD blocks.

Scheduled Castes have a literacy rate of 72.29 per cent as compared to an overall rural literacy rate of 78.28 per cent in the district. Four CD blocks show low literacy rate of Scheduled caste as compared to the district literacy rate. The rural scheduled castes literacy rate is the highest in Sudhar (77.11%) and the lowest in Jagraon (65.06%).

Among the CD blocks male literacy rate varies between 83.26 per cent each in Sudhar and 70.47 per cent in Jagraon. Likewise, the scheduled castes female literacy shows wide variations; it is the highest 70.27 per cent in Sudhar and the lowest 58.78 per cent in Sidhwan Bet.

There is a considerable gap of 13.01 percentage points among the male-female Scheduled Castes literacy rates and this gap is to the extent of 14.92 percentage points in Sidhwan Bet and 11.46 percentage points in Jagraon.

**TABLE 25: DISTRIBUTION OF VILLAGES BY LITERACY RATE RANGE FOR SCHEDULED CASTES
POPULATION (RURAL), 2011**

District Scheduled castes Literacy rate:		72.29		

Table 25 shows distribution of villages by ranges for Scheduled Castes literacy rate. Five villages, which make 0.60 per cent of the total villages share 0.13 per cent of district's Scheduled Castes population, fall in the range of 30 per cent or less. Evidently, all these villages are marked with a very low literacy rate in their Scheduled Castes population.

Another 6 (0.71%) villages contain 0.05 per cent of scheduled castes population in the range of 31-40 per cent. Scheduled Castes literacy rate is relatively better in 11 (1.29%) villages containing 0.82 per cent of scheduled castes population in the range of 41-50 per cent.

In 828 villages comprising 97.4 per cent of total villages, fall in the literacy range of 51+. Among them 44 (5.18%) villages accommodate 7.25 per cent Scheduled Castes population in the range of 51-60 per cent. 187(22.0% villages contain 24.74 per cent Scheduled Caste population in the range of 61-70. The maximum number of villages 477, which makes 56.12 per cent of the total villages and 56.78 per cent of the Scheduled Castes population, constitute the range of 71-80 per cent. Another 113(13.29%) villages accommodate 10.20 per cent of the Scheduled Castes population in the range of 81-90 per cent. The higher literacy rate among scheduled castes has been noticed in the range of 91-100 in 7 (0.82%) villages. However, their share in populations of the district is 0.04 per cent only.

Table: 26 shows 73.21 per cent of the Scheduled Castes population is literate in urban areas of the district. Among the towns, it is the higher in Akalgarh (86.00%), which is higher than district by (12.79%) points, the lowest in Jagraon (66.74%).

In urban areas 78.82 per cent of Scheduled Castes males and 66.82 per cent of females are literates reflecting a gap of 12.0 percentage points between the two. Male-female disparity in this regard is quite conspicuous. Among the towns Scheduled Castes male literacy rate varies between 90.42 per cent in Akalgarh and 71.31 per cent in Jagraon, while the corresponding percentage among females is 81.27 per cent in Akalgarh and 60.88 per cent in Raikot respectively. Further more, male-female differential in Scheduled Castes literacy rate is the maximum in Bhamian Kalan (16.44 percentage points) and the minimum in Bhattian (7.36 percentage points).

Table 30 shows number and percentage of main workers, marginal workers and non workers by sex in tahsils. Out of the total population in the district, 32.54 per cent are main workers and 4.18 per cent are marginal workers. The proportion of main workers is the highest in Payal tahsil (33.89%) and the lowest in Raikot tahsil (30.74%). The proportion of marginal workers is the highest 6.27 per cent in Payal tahsil and the lowest 3.34 per cent in Khanna tahsil. Further, the incidence of marginal workers is observed to be more among males in comparison with females. The proportion of male marginal workers in the district (4.48%) is more than the females (3.83%). By and large, a similar pattern is observed in all the tahsils except Payal tahsil. In Payal tahsil, 6.29 per cent of females are marginal workers is little more than 6.26 per cent among male counterparts.

The work participation rate (main+ marginal) in Ludhiana district is 36.72 per cent which is higher than that of State average 35.7 per cent. Among tahsils, it varies between 40.16 per cent in Payal and 35.40 per cent in Khanna.

In the district 56.41 per cent males and 14.18 per cent females are reported as workers showing a significant gap of 42.23 points between the two. In Payal tahsil, 19.91 per cent of the females are recorded as workers and this is the highest among all the tahsils in the district.

Out of total population in the district, 43.59 per cent males and 85.82 per cent females are non workers.

Table No. 31 reveals that 37.15 per cent of the rural population in the district are workers; comprising 31.92 per cent as main workers and 5.22 per cent as marginal workers. Among the CD

blocks, the work participation rate varies between 41.98 per cent in Doraha and 35.16 per cent in Jagraon.

Main workers show that proportion is the highest 34.90 per cent in Doraha C.D. block and the lowest 30.34 per cent in Jagraon. However, the proportion of marginal workers is the maximum in Samrala CD block 7.19 per cent and the minimum in Machhiwara CD block 3.96 per cent.

Punjab State, in general is characterized by low female work participation rate. It was the lowest, 4.4 per cent among all the States/Union Territories in the country in 1991 Census. It was more due to non-reporting of female's work by the respondents. Special efforts were made in 2011 Census for getting more accurate female's work have helped in obtaining more accurate picture of female's work. Total female work participation rate in Punjab (13.9 %) and the district is above of the state with 14.2 per cent female work participation rate.

In the district, 16.29 per cent of the rural females are reported as workers comprising 11.28 per cent main workers and 5.01 per cent marginal workers. This percentage is quite low in itself and stands comparable with the male counterparts (55.85 %). Further, in rural areas of the district, the female work participation rate as marginal workers (5.01%) is lower than the males (5.41%) by 0.40 percentage point.

Among the CD blocks Female work participation rate varies between 22.91 per cent in Doraha and 12.40 per cent in Jagraon. In all 12 CD blocks, eight CD blocks have female work participation rate higher and four CD blocks lower than the district average of 16.29 per cent. Out of total rural population in the district, 44.15 per cent males and 83.71 per cent females are reported as non-workers.

Table 32 in urban areas of the district, the work participation rate 36.43 per cent is by and large more than that of the State (35.8 %). Among the towns in the district, it is the highest in Halwara (41.0 %) and the lowest in Baddowal (30.73 %) as is evident.

The participation in marginal work is relatively much less. In the district 3.46 per cent of the urban population is reported as marginal workers as compared to 32.97 per cent as main workers. The percentage of population reported as marginal workers shows a variation of 13.32 per cent in Akalgarh and 2.11 per cent in Payal and the corresponding proportion of main workers varies between 37.11 per cent in Doraha and 24.77 per cent each in Akalgarh.

Urban female work participation rate in the district is 12.68 per cent compared with 56.79 per cent among males. Among the town's female work participation rate, it is the highest in Akalgarh (22.41%) and the lowest in Payal (7.33%). On the other hand, urban male work participation rate is highest in Doraha (59.68%) and the lowest in Halwara (46.14%).

Table 33 shows distribution of workers by sex in four categories of economic activity by tahsils in the district.

Among the total workers in the district, 10.95 per cent are cultivators, 7.68 per cent agricultural labourers, 5.58 per cent engaged in household industry and 75.79 per cent as other workers. This signifies that 18.63 per cent of the total workers in the district are engaged in agricultural sector, while 81.37 per cent in non-agricultural sector of economy.

At tahsil level, the percentage of cultivators is the highest in Raikot (27.05%) and the lowest in Ludhiana-East (3.41%) Likewise, the proportion of agricultural labourers varies between 24.62 per cent in Jagraon tahsil and 2.74 per cent in Ludhiana-East tahsil.

The proportion of workers engaged in household industry is the highest in Raikot (6.84%) cent and the lowest in Khanna (3.42%) In two tahsils, namely Ludhiana (East) and Payal exceed the district's average.50 percent.

The participation of females in non-agricultural sector is greater than the agricultural sector. In the district 87.44 per cent of the female workers are non-agricultural workers comprising HHI- 9.53 per cent and OW- 77.91per cent.

Table 34 shows distribution of workers by sex in four categories of economic activity by CD blocks in the district. Among C.D. Blocks the proportion of rural workers recorded as cultivators is the highest in Raikot (33.41 %) and the lowest in Ludhiana-II (16.03%).

Likewise, the proportion of Agricultural labourer's shows a variation of 34.16 per cent in Sidhwan Bet and 6.46 per cent in Ludhiana-I CD blocks.

The proportion of rural workers engaged in household industry 4.99 per cent and it is 5.99 % for urban workers. It is the highest in Doraha (7.48 %) and the lowest in Khanna (2.98 %). 'Other workers' constitute more than half of the rural workers (54.46 %) in the district. It is the highest in Ludhiana-I (72.33%) and the lowest in Sidhwan Bet (33.50%) CD blocks.

It is further revealed that there is no significant variation in participation of females in the category of cultivator and agricultural labourers (C-8.98 % and AL-12.87 %). Rest of the females i.e. 78.16 per cent (HHI-11.15 % and OW-67.01 %) are non-agricultural workers.

Table 35 shows distribution of workers by sex in four categories of economic activity in Towns, 2011. 3.2 per cent of the workers in urban areas in the district are engaged in agricultural activities, either as cultivators or agricultural labourers and the remaining 96.8 per cent are occupied in non-agricultural pursuits such as household industry and other workers. Further the proportion of agricultural workers (cultivators + agricultural labourers) is the highest 28.64 % in Jodhan and the lowest 2.15 % in Ludhiana M.Corp. The proportion of workers engaged in household industry is the maximum in Halwara (21.89 %) and the minimum (1.72 %) in Dohara. As regards 'other workers', Doraha (95.44 %) and Halwara (50.35 %) represent the highest and the lowest percentages respectively respectively.

Note:-

* Education includes all education facilities.

^ Medical includes all medical facilities.

Post office includes post office, telegraph office and Post and telegraph office.

§ Transport communication includes bus service, rail facility and navigable waterways.

@ Bank includes Commercial Bank and Cooperative Bank.

** Telephone includes Telephone, PCO and Mobile.

Table 36 shows distribution of villages according to availability of different amenities by CD blocks.

Education :

Educational amenity of some kind or the other is available to 92.88 per cent of villages in the district. It is in case of only 63 villages that this facility is not available within the village, but the same can be availed at some distance.

Among the CD blocks, cent per cent villages of Sudhar & Raikot blocks have this facility and 82.71 per cent villages of Machhiwara block are availing this facility. In all the CD blocks, except Machhiwara & Ludhiana II more than 90 per cent of the villages are availing this facility within the villages.

Medical :

52.77 per cent of the villages in the district are equipped with some kind of medical facility or the other. This percentage is high in Raikot CD block (90.91 %). Apart from this, CD block, Jagraon (89.8%), Ludhiana I (80.7 %), Samrala (72.58%), Sidhwan Bet (70.65%), Dehlon (66.28%) are having the medical facility within the village. Remaining six CD blocks Khanna (51.22 %), Doraha (50.91%), Sudhar (45.00%), Pakhowal (38.78%), Ludhiana II (28.65) and Machhiwara (24.81%) having this facility below the district average.

Drinking Water:

Drinking water which refers to availability of drinking water through tap, hand pump and tube well is available except three villages of two CD blocks in the district (two villages in Ludhiana II and one village in Dehlon CD block.)

Post Office:

37.18 per cent of the villages in the district have availability of post office within the village and the villagers of the remaining 62.82 per cent villages avail this facility at some distance. This percentage is as high as 75 per cent in Sudhar CD block. On the other hand, this percentage is as low as 13.53 % in Machhiwara CD block.

Telephone:

Telephone facility is available in 100.0 per cent of the villages in the district.

Transport and Communication:

Only 608(out of 885) villages in this district having available transport and communication as 68.7 per cent of the villages have this facility, remaining 277(31.3) per cent villages avail this facility at some distance. The percentage is highest in Raikot 40 (90.91) and lowest in Machhiwara 54(40.6) in the district.

Banks:

21.13 per cent villages in the district have bank facilities. As high as 42.86 per cent villages of Jagraon CD block have these facilities within village. The percentage is the lowest in the CD block Ludhiana-II (11.11%).

Agricultural Credit Societies :

40.11 per cent of the villages in the district have agricultural credit societies. Among the CD blocks it varies between 85.0 per cent villages in Sudhar and 22.22 per cent in Ludhiana-II. In all, seven CD blocks exhibit percentage of villages with agricultural credit societies above and five below the district's average.

Approach by pucca roads:

The percentage of villages approachable by pucca road in the district, as true for the state, is very high (95.25%). In all the CD blocks. Hundred percent of villages are approachable by pucca road in Sudhar CD block whereas remaining CD blocks, high in Six CD blocks & low in five CD blocks from district's average.

Power Supply:

All the villages in the district are having power supply.

Table 37: Number and percentage of rural population served by different amenities, 2011

Note:-

* Education includes all education facilities.

^ Medical includes all medical facilities.

Post office includes post office, telegraph office and Post and telegraph office.

\$ Transport communication includes bus service, rail facility and navigable waterways.

@ Bank includes Commercial Bank and Cooperative Bank.

** Telephone includes Telephone,PCO and Mobile.

Table 37 shows number and percentage of rural population served by different amenities in the district.

As regards educational facility, it is very satisfying that 98.83 per cent of the rural population in the district avail educational facility. Among the CD blocks, the proportion of population served by educational facility is the highest (100%) in Sudhar & Raikot and the lowest in Machhiwara (95.51%).

As regards medical facility, it is serving almost 7 out of 10 persons (69.42 %) of the rural population. Among the CD blocks, the proportion of population served by medical institutions is the highest in Jagraon (95.35 %) and the lowest in Machhiwara (35.01%). The position is fairly good in Raikot (93.56) Ludhiana-I (86.42 %), Samrala (82.23%) Dehlon (78.79%), Sidhwan Bet (75.67%) and Doraha (73.2%) also where a large chunk of the rural population is enjoying these services.

Drinking water facility is available to 99.98 percent of rural population of the district. And it is 100 percent in all CD Blocks except Ludhiana II in which it is 99.84 percent

Post offices are serving 57.41 per cent of the rural population in the district and this percentage of population varies between 87.81 per cent in Jagraon and 21.61 per cent in Machhiwara CD blocks.

100 per cent of rural population is enjoying the telephone facility in the district.

Transport and communication facility comprising bus and rail services is available to 81.12 per cent population of the district. In this regard seven CD blocks namely Raikot (96.12%), Pakhowal (93.45%), Jagraon (93.28%), Sidhwan Bet (91.29%), Dehlon (89.96%), Sudhar (89.1%) and Ludhiana I (88.99%) facility exhibiting the district average remaining five CD blocks namely Khanna (78.54%), Doraha (72.29%), Ludhiana II (66.09%), Samrala (60.6%) and Machhiwara (53.98%) are the lowest than district average 81.12.

Banks cater to the needs of 37.39 per cent population. Among the 12 C D blocks, the proportion of population served by banks is the highest in Jagraon (61.14 %) whereas it is only 18.45 per cent in Samrala.

55.99 per cent people are having the facility of agricultural credit society. In this regard CD blocks Sudhar (89.53 %), Dehlon (76.14 %), Samrala (70.82%), Jagraon (67.08%), Ludhiana I (64.31%), Raikot (62.30%) and Doraha (57.97%) surpass district's average. On an average 97.03 per cent of the population in 12 CD blocks of Ludhiana district is served by pucca road. In the two CD blocks namely Sudhar and Dehlon all population are availing this facility. Excepting Ludhiana II (94.42%), Raiko (96.52%), Doraha (93.45%), Samrala (94.57%), Khanna (96.89%) and Machhiwara (90.61%), remaining all CD blocks are exhibiting the percentage more than (97.03%) district average.

The entire population in 12 CD blocks of Ludhiana district is served by Telephone and power supply.

Table 38: Distribution of villages not having certain amenities, arranged by distance ranges from the places where these are available, 2011

Table 38 shows distribution of villages, which are not having certain amenities, by distance ranges from the places where these are available.

Education :

In 73 villages which do not have primary school but 67 can avail this facilities within a distance of less than 5 kms and 6 villages it available at a dstance of 5-10 kms. 409 villages in the district do not have middle school. However, among them, this facility is available within less than 5 kms in case of 385 villages and for 24 villages it is available at a distance of 5-10 kms. 874 villages do not have degree colleges. However, this facility is available to 94 villages within a distance of 5 kms, in case of 314 villages at a distance of 5-10 kms and the remaining 466 villages avail this facility by covering a distance of more than 10 kms.

Medical:

855 villages in the district do not have availability of hospital within the village. The same is available to 195 villages within a distance of less than 5 kms; 375 villages avail it at a distance of 5-10 Kms and the residents of 285 villages cover a distance of more than 10 kms to avail this facility.

Likewise out of 783 villages which do not have PHC but the same is available at a distance of less than 5 kms in respect of 361 villages; at a distance of 5-10 kms in case of 337 villages and at a distance of more than 10 kms to population of 85 villages.

Post office :

Population of 556 villages in the district which do not have the post office but the same is available to 416 villages within a distance of less than 5 kms, 137 villages at a distance of 5-10 Kms and in case of another 3 villages have to avail it beyond the distance of 10 kilometers.

Telephone :

Cent persent villages are available this facility.

Bus Service :

There are only 293 villages which do not have bus service with in the village. The same is available to 173 villages within a distance of 5 kms , 118 villages avail it at a distance of 5-10 Kms and remaning 2 villages avail this facility by covering a distance of more than 10 kms.

Bank :

Rural banking seems to be lacking in the district. Commercial banking within the village is not available in 784 villages. Among them 305 villages avail this facility at a distance of less than 5 kms. In case of 390 villages it is available at a distance of 5-10 kms and for the remaining 89 villagers travel a distance of over 10 kms to avail this amenity.

Likewise, Co-operative banking facility is not available in 738 villages. Among them 316 villages avail it within a distance of 5 kms; in case of 357 villages it is available at a distance of 5-10 kms and for the remaining 65, the villagers travel a distance of over 10 kms to avail this amenity.

Agricultural Credit Societies:

Out of 530 villages which are not having Agricultural Credit Societies, 291 can avail this facility within a distance of less than 5 Kms and for 202 villages it is available at a distance of 5-10 kms. Remaining 37 villages avail this facility covering over 10 kms.

Table 40 presents distribution of villages by population ranges and amenities available.

Out of 885 villages, 165 villages have a population of less than 500, 204 fall in size class 500-999, 283 have population in the range of 1,000-1999, 201 are in the range of 2,000-4999, 29 villages comprise the size class of 5,000-9,999. And only 3 villages have population 10,000 and above in the district.

Educational facility is available to 822 (92.88%) villages under various size classes. Barring size classes 1-499 where out of 165 villages, 113 (68.48%) and out of 204 villages 193(94.61%) villages in the range of 500-999 have this facility and villages in rest of the population ranges have cent per cent education facility.

Medical facility is available to all the 3 large sized villages having population of 10,000 or more. Among others, this facility is available to 43 (26.06 %) villages in the range of 1-499, 68 (33.33 %) villages in the range of 500-999, 164 (57.95%) villages with population range of 1,000-1,999, 165 (82.09%) villages with population range 2,000-4,999 and 24 (82.76%) villages in the range 5,000-9,999.

Drinking water facility is every village in all population size ranges, except 1-499, is available in the district. In the population size range 1-499, as many as 162 (98.18 %) villages have availability of drinking water.

Post office facility is available to all three villages in the range of 10000+ and 22 (75.86 %) villages having population of 5,000-9999, 145 (72.14%) in the population range 2,000-4,999. Among others, this facility is available to 16 (9.7%) villages in population size class 1-499, 29

(14.22%) villages with population 500-999, and 114(40.28%) villages with population 1,000-1,999.

Transport and communication facility is available to all the villages in the population size ranges 10,000+. This facility is available to 69 (41.82%) villages under size class 1-499, 119(58.33%) villages under size class of 500-999, 213 (75.27%) villages under size class 1000-1999 , 178(88.56%) villages under size class 2,000-4,999 and 26(89.66%)villages under size class 5000-9999.

Availability of banks is predominantly the characteristic of larger villages. Likewise, 2 villages (66.67%)have this facility available in size class 10,000+. Besides, 75.86 per cent of the villages in the population range 5,000-9,999 have this facility within the village. 40.8 per cent villages in size class 2,000-4,999, 20.14 per cent villages with population in the range of 1,000-1,999, 6.37% villages with population in the range of 500-999 and 6.67% villages with population range of 1-499 have the availability of banks.

Agricultural credit societies are available in 20 (68.97%) villages under population size 5,000-9,999 and 2 (66.67%) villages under population size 10,000+. It is also available to 67.16 per cent of villages with population 2000-4999, 46.29 per cent villages in size class 1,000-1,999, 24.02 per cent villages having population in size class 500-999 and 10.91 per cent villages with population below 500.

Every village in population size range of 10000+ is approachable by pucca road in the district. In the district 96.55 per cent villages in the population size range 5000-9999, 99.0 % in the range 2000-4999, 96.47% in the range of 1000-1999, 92.16 in the range of 500-999 and in the population size of less than 500, 92.12 per cent of the villages are approachable by pacca road.

All the villages in the district have the availability of Telephone, and power supply.

TABLE 41: DISTRIBUTION OF VILLAGES ACCORDING TO LAND USE, 2011

Sr. No.	Name of CD Block	Number of inhabited villages	Total area (in Hectares)	Percentage of cultivable area to total area	Percentage of irrigated area to total cultivable area
1	2	3	4	5	6
1	0052-Ludhiana-II	171	50,155.23	81.09	98.44
2	0053-Sidhwan Bet	92	43,086.00	85.72	99.85
3	0054-Jagraon	49	37,333.74	87.88	100.00
4	0055-Sudhar	20	13,515.60	87.67	100.00
5	0056-Raikot	44	26,309.00	90.00	100.00
6	0057-Pakhowal	49	26,817.73	89.72	100.00
7	0058-Ludhiana-I	57	22,053.00	77.16	100.00
8	0059-Dehlon	71	26,670.00	87.03	99.22
9	0060-Doraha	55	22,521.00	87.37	100.00
10	0061-Machhiwara	133	30,124.74	88.86	100.00
11	0062-Samrala	62	17,614.17	88.33	100.00
12	0063-Khanna	82	24,686.00	86.50	100.00
Total		885	340,886.21	86.12	99.70

Note:- Culativable area= irrigated area + unirrigated area

Table 41 shows the number of villages by CD block wise according to land use. Ludhiana-II CD block (50,155.23 hectares) is the largest in area. On the contrary, Sudhar (13515.60 hectares) is the smallest in area. In the district 86.12 per cent of the area is cultivable and among the CD blocks this percentage varies between 90.0 per cent in Raikot and 77.16 per cent in Ludhiana-I.

99.70 per cent of the cultivable area is irrigated in the district. All the CD blocks except Ludhiana-II, Sidhwan Bet and Dehlon have 100 per cent of their cultivable area under irrigation. In three CD blocks namely Ludhiana II 98.44 %, Sidhwan Bet 99.85% and Dehlon 99.22 per cent of the cultivable land are irrigated.

TABLE 42: SCHOOLS/ COLLEGES PER 10,000 POPULATION IN TOWNS, 2011

Sr. No.	Name of the town	Type of educational institution (Approx. numbers)				
		Primary	Middle	Secondary / matriculation	Senior secondary	College*
1	2	3	4	5	6	7
1	800189-Machhiwara (M CI)	5	4	3	2	0
2	800190-Samrala (M CI)	3	0	3	2	0
3	800191-Khanna (M CI)	8	3	2	1	0
4	800192-Payal (M CI)	3	6	6	3	0
5	800193-Maloud(NP)	7	5	4	4	0
6	800194-Doraha (M CI)	2	1	1	3	1
7	800195-Sahnewal (NP)	4	4	4	1	0
8	800196-Ludhiana (M Corp.)	2	0	1	0	0
9	033546-Bhamian Kalan (CT)	5	1	2	2	0
10	800197-Mullanpur Dakha (NP)	4	3	3	2	0
11	033674-Jodhan (CT)	3	5	8	0	0
12	033675-Gill (CT)	1	0	0	0	0
13	033676-Tharika (CT)	2	1	1	1	0
14	033677-Bhattian (CT)	1	0	0	0	0
15	033678-Partap Singhwala (CT)	1	1	1	1	2
16	033679-Baddowal (CT)	4	3	1	1	0
17	800198-Raikot (M CI)	6	5	4	1	0
18	033754-Halwara (CT)	2	1	1	2	1
19	033755-Akalgarh (CT)	3	1	0	0	0
20	800199-Jagraon (M CI)	4	2	1	1	0
Total		70	46	46	27	4

Note- * College includes

Arts/ Science/ Commerce College (Degree Level and above)

Table 42 shows number of schools/colleges per 10,000 population in town. In the district there are 70 primary schools, 46 middle schools, 46 secondary/matriculation schools, 27 senior secondary schools and 4 colleges per 10,000 populations. In the case of primary schools, Khanna (8) reports the highest figure; where as the lowest is reported in Gill,Bhattian and Partap Singhwala only 1 in each. In the category of middle school, Payal(6)reports the highest figure,whereas no middle school reported in Samrala,Ludhiana M.Corp.,Gill and Bhattian. In case of Secondary/Matriculation school, Jodhan (8) rank first. On the other hand, no secondary/matriculation school is reported in Gill, Bhattian and Akalgarh. In case of Senior secondary school Maloud reports the highest figure(4) against 10,000 populations, whereas no

senior secondary school reported in Ludhiana M.Corp.,Jodhan,Gill,Bhattian and Akalgarh. In case of College, there are 2 colleges in Partap Singhwala and only 1 each in Doraha and Halwara.No College is reported in remaining towns. It can be concluded that Lundhiana being as very big town with large population has been suffering from a very low ratio of number of educational institutes.

TABLE 43: NUMBER OF BEDS IN MEDICAL INSTITUTIONS IN TOWNS, 2011

Sr. No.	Name of the town	Number of beds in medical institutions per 10,000 population (Approx. numbers)
1	2	3
1	800189-Machhiwara (M CI)	12
2	800190-Samrala (M CI)	25
3	800191-Khanna (M CI)	9
4	800192-Payal (M CI)	38
5	800193-Maloud(NP)	40
6	800194-Doraha (M CI)	0
7	800195-Sahnewal (NP)	13
8	800196-Ludhiana (M Corp.)	2
9	033546-Bhamian Kalan (CT)	0
10	800197-Mullanpur Dakha (NP)	0
11	033674-Jodhan (CT)	5
12	033675-Gill (CT)	0
13	033676-Tharika (CT)	6
14	033677-Bhattian (CT)	0
15	033678-Partap Singhwala (CT)	0
16	033679-Baddowal (CT)	0
17	800198-Raikot (M CI)	17
18	033754-Halwara (CT)	2
19	033755-Akalgarh (CT)	0
20	800199-Jagraon (M CI)	9
Total		178

Table 43 reveals the number of beds in medical institutions in towns per 10,000 population. The district on an average has 178 beds per 10,000 population. Among the towns, Maloud has 40 beds per 10,000 population which is the highest among all the towns. On the other hand, Doraha, Bhamian Kalan, Mullanpur Dakha, Gill, Bhattian, Partap Singhwala, Baddowal and Akalgarh is showing no bed facility in the medical institution.

TABLE 44: PROPORTION OF SLUM POPULATION IN TOWNS, 2011

Sr.No.	Name of the town having slum	Total population	Slum population	Percentage of slum population to total population
1	2	3	4	5
1	800190-Samrala (M CI)	19,678	1,172	5.96
2	800191-Khanna (M CI)	128,137	27,495	21.46
3	800194-Doraha (M CI)	25,424	6,313	24.83
4	800196-Ludhiana (M Corp.)	1,618,879	257,595	15.91
5	800197-Mullanpur Dakha (NP)	16,356	2,246	13.73
6	800199-Jagraon (M CI)	65,240	1,416	2.17
Total		1,873,714	296,237	15.81

Table 44 shows proportion of slum population living in statutory towns in the district. In absolute term Ludhiana MC shows the maximum number of slum population 2,57,595 within the town, whereas the percentage of slum population is the highest (24.83%) in Doraha and the lowest (2.17%) in Jagraon.

TABLE 45: MOST IMPORTANT COMMODITY MANUFACTURED IN TOWNS, 2011

Sr. No.	Name of the town	Name of three most important commodities manufactured
1	2	3
1	800189-Machhiwara (M CI)	Nil, Nil, Nil
2	800190-Samrala (M CI)	Agriculture Equipments, Sewing Machine Parts, Nut Bolt
3	800191-Khanna (M CI)	Vanaspati Ghee, Cattle Feed, Steel Rolling Mills
4	800192-Payal (M CI)	Electrical And Electronic Goods, Soaop Manufacturing, Rice Shellers
5	800193-Maloud(NP)	Wooden Furniture, Iron Tools, Nil
6	800194-Doraha (M CI)	Textile/hosiery, Tractor/auto Parts, Iron Rolling Mills Product
7	800195-Sahnewal (NP)	G.i. Pipes, Moter Cycles Partes, Truck Body
8	800196-Ludhiana (M Corp.)	Hosiery And Textile Goods, Cycle And Cycle Parts, Machinery And Auto Parts
9	033546-Bhamian Kalan (CT)	Nil, Nil, Nil
10	800197-Mullanpur Dakha (NP)	Cattle Feed, Steel Wire, Nil
11	033674-Jodhan (CT)	Nil, Nil, Nil
12	033675-Gill (CT)	Nil, Nil, Nil
13	033676-Tharika (CT)	Nil, Nil, Nil
14	033677-Bhattian (CT)	NI, Nil, Nil
15	033678-Partap Singhwala (CT)	NI, Nil, Nil
16	033679-Baddowal (CT)	Nil, Nil, Nil
17	800198-Raikot (M CI)	Cattle Feed, Rice Mills, Nil
18	033754-Halwara (CT)	Machine Tools, Agriculture Equipments, Nil
19	033755-Akalgarh (CT)	Machine Tools, Agriculture Equipments, Nil
20	800199-Jagraon (M CI)	Nil, Nil, Nil

Table 45 shows most important commodities manufactured in the towns. Generally speaking, each town has its own characteristic as is revealed by this table. Besides manufacturing of agricultural products e.g. sugar, wheat, rice etc., towns of the district are also engaged in production of machine tools, steel, agricultural implements, shoes, bicycles, electronic parts, T.V., nut bolts, shawls, mustard oil, hosiery and soap, etc.

Besides the agriculture-oriented products, bicycle & cycle parts, woolen shawl, T.V., hosiery product, hand tools etc. are the key items exported from the towns of Ludhiana district.

(vii) Major social and cultural events, natural and administrative developments and significant activities during the decade.

At the time of 1971 Census, Punjab State was comprised of 11 districts. With the creation of Faridkot district after 1971 Census, the number of districts in the State increased to 12 in 1981 and the number of districts remained the same in 1991 Census as well. During 1991-2001 five new districts were created. These namely are; Nawanshahr, Fatehgarh Sahib, Moga, Muktsar and Mansa. After 2001 Census, three new districts namely, SAS Nagar (Mohali), Tarn Taran and Barnala were created. SAS Nagar district was created by taking out Kharar and SAS Nagar tehsils of Rupnagar district and Dera Bassi tehsil of Patiala district. Tarn Taran district was created out of Amritsar district and includes Tarn Taran, Patti and Khadur Sahib tehsils. Barnala district was created out of Sangrur district and is comprised of Barnala and Tapa tehsils. Administratively, the State is divided into four divisions namely, Jalandhar, Patiala, Firozpur and Faridkot. As per Census 2011, there are 20 districts comprised of 77 tehsils, 217 towns and 12,581 villages. Among the towns, 143 have statutory status. The remaining 74 are Census towns, created based on laid down demographic criteria and are non-statutory in status. Out of 12,581 villages, 413 are uninhabited i.e. with zero population. As such, there is a net increase of 3 districts, 5 tehsils and 60 towns (4 statutory and 56 census towns) in Census 2011 over that of 2001.

Out of 20 districts in Punjab, seven districts which have not experienced any inter - district or intra - district jurisdictional change during this decade are; Kapurthala, SBS Nagar, Ludhiana, Firozpur, Faridkot, Bathinda and Mansa. The remaining 13 districts have undergone jurisdictional change at inter/ intra district level.

Ludhiana district existed even prior to partition in 1947. Ludhiana (earlier Lodhiana) is called after Lodi dynasty which ruled over Delhi from 1451 A.D. to 1526 A.D. For the administrative purposes, Ludhiana is a part of Patiala Division. The district has not experienced any territorial change during this decade. Administrative developments which have taken place in Ludhiana district after the 2001 Census, It had seven tehsils in 2001 and the number of tehsils remains the same as per Census 2011. For the purposes of General and Revenue set up, the district is divided into seven tehsils namely, Samrala, Khanna, Payal, Ludhiana (East), Ludhiana (West), Raikot and Jagraon. All of them have Sub- divisional status. There are 12 Community Development Blocks viz., Doraha, Machhiwara, Samrala, Khanna, Dehlon, and Ludhiana-I, Ludhiana-II, Pakhowal, Sidhwan Bet, Jagraon, Sudhar, and Raikot. Out of 20 towns, 11 towns namely, Machhiwara M.Cl., Samrala M.Cl., Khanna M.Cl., Payal M.Cl., Maloud N.P., Doraha M.Cl., Sahnewal N.P., Ludhiana M.Corp., Mullanpur Dakha N.P., Raikot M.Cl. and Jagraon M.Cl. have statutory status. The remaining 9 namely, Bhamian Kalan, Jodhan, Gill, Tharika, Bhattian, Partap Singhwala, Baddowal, Halwara and Akalgarh are Census towns, non-statutory in status. Ludhiana M. Corp is one of the million + cities of India. As per Census 2011, it has a population of 16,18,879.

(viii) Brief description of Places of tourist, religious, historical or archeological importance

Bhaini Sahib :

It is also known as Bhaini Ala, and is located some 25 kms towards east of Ludhiana on Ludhiana-Chandigarh road with which it is connected by a 3 kms. long link road. It is headquarter of the Namdhari sect, who made great sacrifices against cow slaughter during the British rule. Guru Ram Singh ji made the place the centre of his activities on 13th of April, 1857. The following places in the village are venerated by the Namdharis : Thara (raised platform), Loh (a big round iron pan), Ramsar (Sarowar), Diwanwala Makan, Akalbunga , Gaddi Sahib and Havan Kund etc. The special about this place is that there is no hand pump or tap in the village. Also on the days of the big gatherings mass marriages are celebrated among Namdharis.

Alamgir :

It is located about 13 kms. to the south-west of Ludhiana-Malerkotla Road. The place was named as such due to its taking possession by the inhabitants in the times of Mughal Emperor Aurangzeb. The place is famous for a historical Gurudwara Manji Sahib built in memory of Guru Gobind Singh, who visited this place. The Guru cured a leprosy affected women from a bath in the spring created through an arrow shot by him. It was prophesied by the Guru that who so ever takes a bath in the Sarovar (Tank) with faith would be cured of leprosy. The legend goes that Guru was brought to this place on a cot (Manji) carried by his two Muslim and three Sikh followers.

Chhapar :

It is situated on Ludhiana-Malerkotla Road about 31 kms. from Ludhiana and 3 kms. from Malerkotla. The place is known for its Guga Mari. The legend goes that Guga Mari was built here by bringing few bricks from Bangar Mari (located in Bikaner district of Rajasthan state) A big fair is held here on Guga Naumi which lasts for three days. A number of people from far and wide attend this fair. Cattle fairs are also held here in the months of March and October.

Dehlon :

It is situated at a distance of 19 kms. from Ludhiana on Ludhiana-Ahmedgarh road. There is a historic Gurudwara built in memory of the sixth Sikh Guru Hargobind, who halted here on his return journey from Gwalior fort, where he was imprisoned under orders of the Mughal Emperor. A big gathering is held here on every Sankranti (1st day of every month of Bikrami calendar).

Doraha :

It is situated at a distance of 21 kms. from Ludhiana on G.T. Road toward Ambala. It is also a railway station on Amritsar-Delhi line. There is an old serai (Inn) said to have been built in the time of Emperor Aurangzeb. It must have been an impressive structure at the time of its construction but now it is in ruins. There is a historic Gurdwara built in the memory of the sixth Sikh Guru Hargobind. It is a town with a municipal committee. It used to be an important centre of timber, which was diverted via Sirhind canal from Satluj. The community

development block office is also located here. Number of industrial units has been set up here which provide employment to the residents.

Ghurani Kalan :

It is located some 8 kms. from Payal on Payal-Malerkotla road. The place is associated with sixth Sikh Guru Hargobind, who stayed here for some time. A historical Gurudwara has been constructed in his memory where Guru's **Angarakha**, a shoe and a manuscript of Panchgranhi (Gurumukhi) are displayed in a show case. In the Gurudwara premises there is a Neem tree to which Guru tethered his horse. There is another Gurudwara known as 'Neem Sahib' where the guru struck into the ground Neem stick after cleaning his teeth. The same is said to have grown into a tree. Big diwans are held here on Guru Hargobind's birthday in Asadh (june), kartika Puranmashi (October) and 7th Pausha (December) every year.

Gujarwal :

It is about 19 kms. from Ludhiana towards east. About 2 kms. from the village there is a historic Gurudwara built in the memory of sixth Sikh Guru Hargobind. It is known as Gurusar or Manji Sahib. A legend connected with the place goes that during his stay Guru Hargobind asked Chowdhary Fatouhi to present him his hawk (Baz) but the Chowdhary did not oblige instantly. Later the hawk was taken ill, as it consumed a lump of yarn. The Chowdhary believing this to be the curse of Guru presented the hawk, but the Guru did not accept the offer. Instead he patted the hawk, who vomited out the lump of yarn and recovered. On every Amavas, on the birthday of sixth Guru and Chet Chaudas there are large gathering in the Gurudwara.

Katani :

It is situated about 26 kms. from Ludhiana on Ludhiana Chandigarh Road. The place is known for Gurudwara Katana Sahib, built in memory of the visit of sixth Sikh Guru Hargobind on his return from Gwalior fort. Also the 10th Guru Gobind Singh visited this place in the disguise of Uch-ka-pir after his departure from Chamkaur sahib. As Guru Gobind Singh took meals at this place, the Gurudwara is also called Degsar. The Gurudwara is situated on the bank of Sirhind canal and is built in two wings-- one in memory of the sixth Guru Hargobind and the other of tenth Guru Gobind Singh.

Kanech :

It is about 18 kms. from Ludhiana on G.T. Road towards Ambala. The nearest Railway station is Doraha, on Ludhiana-Ambala Railway line. It has a historic Gurudwara built in the memory of the visit of Guru Gobind Singh after his departure from Chamkaur sahib. The legend goes that Guru Gobind Singh desired a local resident Chowdhary Fatouhi to present him his mare. On later's refusal the mare died.

Lalton :

It is about 8 kms. from Ludhiana. The village was under the rule of Rai Muslims of Raikot. Choudhary Gainda got built Gurudwara, a Shivala and a tank at this place, which was considered an example of religious harmony. Free langar is served in the Gurudwara. The village is divided into two parts, Lalton Kalan and Lalton Khurd.

Ludhiana :

It is the seat of the district as well as Tahsil headquarters. The town is said to have been founded in the times of Lodi Emperors on the site of the village called Mir-Hota in the year 1481 AD. The present name corrupted from the old name Lodiana, which means town of the Lodi's. It was originally situated on the left bank of Budha Nala on the ridge but now has spread out on all the four sides. In the old times it was an important station on the Delhi-Central Asia Highway. In the times of Mughals it was the seat of Mahal (throne), as part of Suba of Sirhind. With the downfall of the Mughals it passed in the hands of Rais of Raikot and in about 1760 AD. Rai Kalha is said to have strengthened the fort. In 1806 it passed in the hands of Maharaja Ranjit Singh, who annexed it from Rani Bagh Bhari of Raikot. Ranjit Singh passed it over to his maternal uncle Raja Sangat Singh of Jind state. In 1809 the British got in lease a plot of land to build a cantonment and ultimately annexed it in 1835 on the death of Raja Sangat Singh. The town renamed it in possession of the British till 1947.

The town made rapid progress under the patronage of British, who developed it as a center of trade and commerce. As a result of famine in Kashmir in 1833 about 1500-2000 families of Kashmiri artisans took residence in this town. In 1842 on withdrawal of British from Kabul they settled Amir of Kabul, Shah Shuja-ul-Mulk, at Ludhiana. After annexation of Punjab in 1849 it was made district headquarters in 1850 and thereafter there was no looking back. The building of G.T road, the railway line and the Sirhind canal opened many economic opportunities for its inhabitants. The town has blossomed into a leading centre of industries, trade and commerce and education the city boasts of having the only stock Exchange of the state of Punjab. Besides its road and rail connections with other parts of the state and the country, it is connected by air with Delhi, Chandigarh, and Hissar. It was first connected by air with Delhi in 1982 by a Vayudoot service. It is the most populous city of the State. It is known for cycle, sewing machines, auto-parts engineering products and hosiery throughout India. It is also called the Manchester of the Punjab.

Maloud :

It is situated some 40 kms. from Ludhiana on Ludhiana-Ahmedgarh Road. It is said to be an ancient place where Mallas hailing from Multan, won a victory against the locals. The place came to be known as Malla Udey (rise of Mallas), which corrupted to the present name Maloud. There was a ruin which was known as Theh Loharan. It had a fort which was annexed by Sardar Man Singh from the Malerkotla Afghans in 1754. The place had a fortification wall which has since been pulled down. In 1872 the local Sardar was murdered by the Namdharis for his refusal to render help against Malerkotla.

Payal :

It is situated about 37 kms. from the district headquarter and is 10 kms. from Chawapail railway station by road. It is also connected with Doraha, Khanna and Malerkotla by road. The legend goes that this place got the name Payal from discovery of **Payzeb** from the old mound on digging under directions of Shah Hussain some 760 years ago. The founder's tomb still stands in the town. It was at Payal that Akbar got the good news that his half brother Mohammad Hakim, the ruler of kabul has turned back towards Kabul. It was part of Malerkotla State till 1766 when it was annexed by Maharaja Amar Singh of Patiala state. There is an old fort at Payal. Akhara of Dashnamis sect is also located here. The place was

known for manufacture of *rathand bahel* by the local carpenters. The country shoes (jutis) locally manufactured were popular in the area.

Qila Raipur :

It is about 21 kms. from Ludhiana with which it is connected both by rail and road. A historical Gurudwara named Damdama Sahib has been built here in the memory of ninth Sikh Guru Teg Bhadur. Also an Ashram of Sadhus known as Dev Puri Akhara is located here. The place is famous as a centre of rural sports. In the month of February a sports mela is held here every year by the Grewal sports society.

Rara Sahib :

It is located about 13 kms. from Payal on the bank of Sirhind canal. There is a big Gurdwara known as Gurudwara Rara sahib constructed through efforts of *sant* Ishar singh in 1936. People from far and near visit this Gurudwara for seeking blessings of Guru.

Sahnawal :

It is located about 16kms..from Ludhiana on the G.T. Road towards Ambala. A historic Gurudwara named Damdama sahib is built at the place where Guru Gobind Singh stayed for some time after leaving Chamkaur sahib.

Bhundri:

It is located about 26 kms. from Jagraon, the tahsil headquarter. The place witnessed the scene of action of one of the battles of the First Anglo-Sikh war on 28th January, 1846. A 60 ft.-70 ft. high column with a platform was raised here to commemorate the event. The column has since fallen but the platform is still there.

Guru Sar Sadhar :

It is about 26 kms. from Jagraon and about 12kms. from Raikot. The place is associated with Sixth Sikh Guru Hargobind, who stayed here for 5-6 months. The Guru dug many wells and Sar or Sarovar (tank) near the hamlet of his devotee Bhai Jiwanda. On every full moon day (Puranmashi) a big gathering is held at the Gurudwara.

Hatur :

It is about 25 Kms. from Jagraon, The tahsil headquarters. There is an old mound. The place is identified with the old name of Ahichetti which was visited by Lord Mahavira, who performed Char Mansa (four months recess) in the time of Raja Kanak Ketu. The residents of Hatur believe that the place was deserted and rehabilitated seven times and the existing village was founded eight times. It is why the village was named Hatur (Hasht or 8th occupation). There are number of notable monuments such as Maqbara of Rai Ferozwala, Azmat Khanwali Masjid, Barkhurdarwali Masjid. The Idgah, Masjid Jali khanwali and Nikkamal Amath Math are completely destroyed. Two cattle fairs, one in April and the other in October, are held here every year.

Jagraon :

It is located 38 kms..from Ludhiana on the Ludhiana-Firozpur Road and is the tahsil headquarter. It is said to have been founded by Rai Kalha with the blessings of Mohammedan Faqir Lape Shah. In 1806--08 Maharaja Ranjit Singh annexed this place and passed it over to the Kapurthala chief. There was a fort built by the Rais, which was improved in the times of Kapurthala chiefs. In 1846 it passed in the hands of the British after the 1st Anglo-Sikh war, 1846. Jagraon is said to be a town of the Pirs. The graves of some notable Pirs are: Mohkam Din, Bandli Shah, Kheve Shah, Chup Shah and Zahir Wali Shah. Every month cattle fair is held. The town is important market for wheat, cotton. There are number of cotton ginning, pressing and oil mills and other engineering units. The important Roshni fair is held here every year.

Nanaksar :

It is some 5 kms..from Jagraon by rail. A beautiful Gurdwara was constructed through public donation by *Sant* Nand Singh. The Gurdwara is located in village Kaleeran. No woman *sevadkar* is allowed to stay inside the Gurdwara. A fair is held from 11th--13th Bhadra (August) every year on the death anniversary of Baba Nand Singh Ji. Thousands of devotees visit the Gurdwara on this occasion.

Raikot :

It is situated at a distance of about 25 kms. from Jagraon, the tahsil headquarter. It is also approachable from Ludhiana via Mullanpur Dakha. The place took its name from its founder Rai Ahmed, who built a fort (Kot) here. There is a historical Gurudwara called Tahilana, connected with 10th Guru Gobind Singh who came here from Machhiwara on his way to Muktsar. The legend goes that while taking rest here Guru Gobind Singh asked one Nura, a local resident to bring some milk for him. Nura expressed his inability as no buffalo was in milk. On Guru's directions he brought a she buffalo and tied it with the tree. The she buffalo gave milk. The Guru gave one Gangasagar to Nura which had miraculous prosperities as when sand was put in this it flowed out but milk was retained. The incident was narrated by Nura to Rai Kalha, the ruler, who came to that place to pay his respects to Guru. The Guru gave him a Patta and a Khanda. On Guru's asking Rai Kalha deputed Nura to bring information about the two sons of Guru Gobind Singh from Sirhind. On meeting Nura he could understand the fate be fallen to his sons and cut a patch of grass, as a token of his anger to finish the 'zalamraj'. A Gurudwara was constituted at the place where guru rested. The Gurudwara is called Tahliana of Tahli sahib which was built through the efforts of Sant Maghar Singh in 1914. About 13 km. from Raikot there is another Gurudwara Shatranj sahib where guru played chess (Shatranj) with Rai Kalha.

Bholapur:

It is in Samrala tahsil and is 10 kms. from Machhiwara. The place was founded by two brothers-- Bahlol khan and Bahadar khan, Afghans in the times of Emperor Akbar. The place has number of old monuments such as, Maqbara of Hussain khan, Maqbara of Alawal Khan (Suba of Deccan), mosque and tomb of Abdul Rahman Khan.

Jhar Sahib :

It is about 13 kms. from Samrala. The name of the village as per revenue records is Chuhapur. The old habitation has been deserted and the new has been named after the Gurudwara. According to the legend there was a *Jhar* where Guru Gobind took rest for about 8 hours after his escape from Chamkaur. A small Gurudwara was constructed at the place where he took rest. It was reconstructed in 1956-57. A big *mela* is held on every *Sangrand* of Bikrami month.

Khanna :

It is a tahsil headquarter and is connected with Ludhiana both by rail and road. It was founded by a Khanna Rajput and was named as such. Mai Daya Kaur was the last ruler of the town. On her death the Jagir lapsed to the British in 1850. The historical places located here are: an Imperial serai built in the time of Emperor Aurangzeb, an old Sikh fort and a Baoli built by Mai Daya Kaur. Khanna is an important market for wheat, paddy and groundnut. It is also emerging as an important industrial centre. It has several oil pressing and cotton mills.

Machhiwara :

It is situated at a distance of about 10 kms. from Samrala, the tahsil headquarters. It is also connected with Rahon by Road. It got its name from fisherman who resided there. Rajput settled there during the Gauri period. Later it became the headquarter of the Sodhis during the Sikh period. The place finds mention in the Mahabharata though there is no historical evidence. A fort of bricks was built here by the Sodhis. There are other historical buildings such as Sujan Shahwali Masjid, Qazi Masjid (built in 1517 AD) and Ganj-i-Shahidan (treasury of Martyrs), Diwali Devi and Bhadarkali Devi temples built in 200 years ago. Sodhi Karam Singh built a Gurudwara 280 years back to commemorate the visit of Guru Gobind Singh. It was here that Guru's disciples Dharam Singh, Daya Singh, and Man Singh spotted him and took to the house of Gani Khan and Nabi Khan. All the five (2 Muslims and 3 Sikhs) took the Guru in the disguise of Uch-Ka-Pir. It has a historical Gurudwara Charan Kanwal, where fairs are held on Baisakhi and Maghi.

Rahawan :

It is situated about 3 kms. from Khanna. The place has got an old mosque, which is now in bad shape. Archeological explorations at the old site have yielded antiquities dating back to 1000 BC, which belong to Aryan period.

Neilon :

It is located on the Ludhiana--Chandigarh Road near the bridge of Sirhind canal. The rich growth of trees on both sides of the Sirhind canal makes it an ideal spot for stay. There is a tourist guest house and a milk bar. Boats are also available on hire for boating in the canal waters

(ix) Major characteristics of the district, contribution of the district in the form of any historical figure associated with the district.

Ludhiana city was founded in the time of Lodhi dynasty which ruled in Delhi from 1451-1526 A.D. The legend goes that two Lodhi Chief Yusaf Khan and Nihand Khan were deputed by Sikandar Lodhi (1489-1517 A.D.) to restore order in this region. They camped at the site of present city of Ludhiana which was then a village called Mir Hota. Yusaf Khan went across the river Sutlej in Jalandhar Doab to check Khokhars who were plundering the Doab and made a settlement at Sultanpur while Nihand Khan stayed back and founded the present city at the site of village Mir Hota. The new town was originally known as Lodhiana, which means the town of Lodi's. The name later changed to the present name Ludhiana.

Baba Gajjuji Thapar Shrine

A three-century-old shrine of Baba Gajjuji Thapar located in Gurdev Nagar here in Ludhiana is not only a symbol of religious devotion but also of immense historical significance. For, it throws light on the strong attraction of the city that, even way back in the 18th century, pulled scores of migrants as far as from Kabul in Afghanistan to come and settle here in the land of plenty. With the Sutlej River flowing nearby, the place had attracted several civilizations to live here. Excavation found at Sanghol and Sunet, near here, also establish the charm of the place to the migrants.

From a domed and octagonal shrine with dilapidated parikarma and corridor, the shrine has now been renovated. Every year on the day of Amavasya of Bhadon, which invariably falls in the month of August, a large number of devotees, including some 600 families of the Thapars converge at the place to remember their forefathers. The day presents a unique chance to the family members of assembling at one place.

Battle of Aliwal - A War Memorial

An over 150-year-old monument, Flame of Memory, built by the British in memory of the last Anglo-Sikh war, the Battle of Aliwal, stands abandoned at the outskirts of Gora Hoor village near Aliwal, some 40 km from here. In spite of being declared a protected monument in 1964 under the Punjab Ancient, Historical Monuments, Archaeological sites and Remains Act, the memorial is dying a slow death for want of proper care by the State Department of Archaeology and Conservation.

Though constructed by the British in 1846 in memory of more than 400 British soldiers who perished in the battle, the monument also stands as an example of the bravery of the Sikh forces that fought the British Army till the proverbial last drop of their blood. However, the memorial built by the British was a very tall one. The original monument, which had weakened considerably due to non-conservation, was destroyed in the eighties during flash floods in the Sutlej River. After that the department got constructed a new but a much smaller monument.

Bilwanwali Masjid, Bhir

Bhir consists of the famous octagonal shape mosque built by Mohammad Ghorī in the year 1911, The mausoleum of Alawal Khan built during Shah Jehan's rule, 150 years old Khangah of Abdul Rehman Khan, tomb of Bahadur Khan built with sloping walls, 2 storied - double tomb of Husain Khan, and Rectangular shape Bilwanwali Masjid

Bilwanwali Masjid is the mosque of Kamal-ud-din Khan/Sarai Doraha dates back to the period of Emperor Jahangir, situated on the main highway of Ludhiana. On all sides it has rooms and verandahs and the two great double storied gates of the mosque are gracefully decorated with colored tiles, and elaborate brick carvings. The double pear shape dome of the mosque is very attractive.

Budha Nallah

Immediately under the high bank along the old course of the Satluj runs a perennial stream called the Budha Nala which takes its rise near Chamkaur, in Ropar district, and enters the district near Bahlolpur. It runs parallel to the Satluj on its south for a fairly large section of its course in the district and ultimately joins the Satluj at Gorsian Kadar Baksh, in the northwestern corner of the district.

The Budha Nala has a sinuous course and the width of the channel varies from place to place. It is a flooding stream during the rainy season but in the dry season it does not carry enough amount of water and it can be crossed on foot at certain points. Its water is quite clear and is used for a number of purposes. Machhiwara and Ludhiana are situated to the south of the Budha Nala.

Chhappar Fair

The Chhappaar Mela is celebrated in the village of Chhappaar in the district of Ludhiana every September. A village fair that originated, as a small gathering of locals to worship snake embodiment of Guga 150 years ago has emerged as a mega festival in the past three decades. This weeklong fair is organised on Anand Chaudas, the 14th day of the bright half of Bhadon in honour of Gugga Pir in Chhappar village of Dehlon block of Ludhiana district.

An impressive shrine, Gugge di Marhi, was built in memory of the Pir in 1890. Gugga Pir was a Chauhan Rajput and folklore has it that he descended into the bosom of Mother Earth along with his steed, and never returned. He is said to possess special powers over all kinds of snakes. On the day the fair begins, villagers scoop out earth seven times, invoking Gugga Pir to protect them against snakes. This shrine is believed to cure people of snakebites. The fair had started as a small congregation of the devotees of Guga, it has now transformed into a big festival.

Christ King Church, Sahnewal

The Christ King Church, located on the GT Road between Sahnewal and Doraha, was inaugurated by Cardinal Telesphore P Toppo, president of the Catholic Bishop Conference of

India on 29th August 2004. The Church is said to be the first of its kind in the northern region in terms of its architecture, design and capacity. About 3000 people can sit in the prayer hall at a single time. The ceilings have special murals and frescoes with angels flying over it. The special work of art has been procured from Kerala. It took a lot of efforts and artistic work for a few years for the Church to be completed.

As the Christ King Church has been built to serve as a Center of Prayer for the faithful, this Church provides an opportunity to the people of the area to get together for the religious congregation. All we hoped that the message of peace would be spread from this church and people will pray here for world peace and the welfare of humanity.

Clock Tower(Ghanta Ghar)

Ludhiana City's best icon Clock Tower, popularly known as Ghanta Ghar, is more than 100 years old. It was on October 18, 1906, that the Victoria Memorial Clock Tower, Ludhiana, was inaugurated by the then Lt- Governor of Punjab and its dependencies, Sir Charles Montgomery along with Deewan Tek Chand, the then Deputy Commissioner, Ludhiana. The rulers of the day had chosen the spot for the tower keeping in mind the proximity of the business centre and the railway station.

In 1906, the tower was erected with the contribution of leading people of the city. At that time, it had been erected in the heart of the city, with Chaura Bazar, the courts and the tehsil office in the vicinity. Even today, the Clock Tower area is considered to be the epicenter of the city that has spread out far and wide over the last century.

Daresi Ground

Daresi Ground located in Old Ludhiana. Daresi Ground witnessed the Indian freedom struggle and even carried some part of the movement in its lap. It also provided a pedestal to leaders like Pandit Jawaharlal Nehru and Indira Gandhi, who addressed rallies of national importance from here. The Hindi agitation movement is said to have been launched from here and for the past so many decades, it has been the place for several political rallies.

Degsar Sahib Gurudwara, Katana

Gurdwara Degsar Sahib is situated in village Katana along with Sirhind Canal near Grand Trunk Road. It is 25 kms. from Ludhiana, and 5 kms. from Doraha. Guru Gobind Singh spent a night here on his way to Alamgir with Muslim brothers Ghani Khan and Nabi Khan. During colonial rule the British had to divert their irrigation canal around the Gurdwara because of its religious sanctity.

This Gurdwara Sahib commonly known as Gurdwara Katana Sahib, is believed to have been visited by Guru Hargobind Ji during his journey through the Malwa country in 1631-34.

This gurdwara is beautifully planned and has large extracts of land. It is located along a canal and has a beautiful view. Sangrand and Prakash Utsav of tenth Guru are celebrated here.

Dukh Niwaran Sahib Gurudwara

Dukh Niwaran Sahib is located in the heart of the city at Field Ganj, Near Jagraon Bridge, Ludhiana. Sri Dukh Niwaran Sahib is though not a Historic Place, still doing very well in Spreading Sikh Guru's Message to All Over.

Its Live Telecast is Usually Shown at Local Cable Networks and Popular TV Channels like MH1, ETC Punjabi and others. Everyday some 50,000 people, including people from other faiths come to pray at Gurudwara Dukh Niwaran.

Gurdwara Charan Kanwal Sahib, Machhiwara

Gurdwara Charan Kamal Sahib is situated on Charan Kamal Road in the town Machiwara. Gurdwara Charan Kanwal at Machhiwara marks the site of the garden where Guru Gobind Singh had a sip of water and a spell of brief sleep. It was here that his three devotees Dharam Singh, Daga Singh and Manu Singh joined him. The sacred shrine commemorating the historical event has a beautiful building, worthy of the holy tradition. An annual congregation fair is held in December, corresponding to 9th and 10th of Poh, the days of Guruji's stay at Machiwara.

Another shrine popularly called Gurdwara Chubara Sahib is located at Machhiwara. Here at the house of Masand Gulaba the Guru spent the night. The place is known as 'Gulaba da Chubara'. It is here Guruji sang "Mitra Piyare Nu". The Gurdwara is supplied with water from the same well believed to be the one from which the garden was watered during those days.

Gurdwara Damdama Sahib Patshahi Chhevin, Doraha

Doraha is a town in the Ludhiana district. It lies 20 km. east of Ludhiana. It is believed that it is in this village that Guru Hargobind, the sixth Sikh Guru halted here for a night during his journey from the Gwalior fort. This city is famous because of its religious connections. Gurdwara Damdama Sahib Patshahi Chhevin is the main attraction of this city. Constructed back in the year 1932, this memorial is well equipped with a rectangular flat roofed hall. Doraha Sarai, a historical monument, is another attraction. The stunning Doraha Canal located in the Doraha town is worth visiting.

Gurdwara Gau Ghat

Gurdwara Gau Ghat is situated on the bank of the stream Budha Nala, Gau Shala road, Ludhiana City. Guru Nanak Dev Ji visited the site in his travels during the early sixteenth century. It is believed that Nawab of Lodhi Jalal-ud-din who lived in the fort nearby, came to pay

respect to Guruji. The Nawab requested Guruji to save the town from erosion by the River Sutlej.

Guruji advised him to leave it to the will of God. It so happened that in due course of time, river Satluj moved away from the city. A main hall stands at the site to mark the occasion. Prakash Divas of all Gurus are celebrated here. Baisakhi too is celebrated with enthusiasm.

Guru Hargobind Sahib Gurudwara, Ikhlaaha

Gurdwara Guru Hargobind Sahib is situated in Ikhlaaha Village, 6 kms away from the city. This Gurdwara is associated with the visit of Sri Guru Hargobind Sahib Ji. Guruji stayed here for a while during his journey from Ghurain Kalan to Saunti in 1632.

The shrine is also known as Gurdwara Guru Sar Patshahi Chhevin. There is a Manji Sahib which marks the site where the Guruji is believed to have sat and from where he addressed to the devotees. Besides the daily services, an annual festival is held on 20th Baisakhi (early May) to mark the day of visit.

Guru Nanak Dev Bhawan

Guru Nanak Dev Bhawan is situated in 4 acres near the mini secretariat in Ludhiana. It has an air-conditioned auditorium, which is the first of its kind in the Ludhiana city, a museum, art gallery, conference halls, a well-stocked library, shopping arcade with 48 shops and a theatre for staging plays.

The construction of the complex is not completed yet but a part of it where the auditorium, library and art gallery located was inaugurated by Chief Minister Parkash Singh Badal in April 2000 with great fanfare. It is one of the projects of the centenary celebrations of the Khalsa.

Guru Nanak Stadium

Guru Nanak stadium is situated in Ludhiana. Ludhiana is well known as the sports capital of Punjab, as a record number of international sports infrastructure has come up in the recent years. It had the right of hosting 31st National Games in the year 2001, in the newly constructed Guru Nanak Stadium. This Guru Nanak Sports complex provides some special modern facilities for games of Athletics, Football, Basketball, Volleyball, Handball, Gymnastics, Badminton, Table Tennis and other indoor games. The expense for the construction of the stadium will cost Rs.15.4 crore. It is illuminated with flood lights and has a capacity for 15000 spectators. There is an 8 path synthetic track with a two way warming up track.

The track conforms to the international standards for conduct of any national or international meet. National Football League matches will be conducted in its well-maintained football ground. Basketball Indoor Hall was built with a synthetic surface by the

Sports Department at a cost of Rs.120.00 Lacs . Two additional outdoor Basketball courts are also available. All the three grounds are also illuminated with flood lights.

Gurudwara Attari Sahib, Kanghrali

Gurdwara Attari Sahib is situated in village Kanghrali, Tehsil Samrala on Ludhiana-Chandigarh road. It is believed that Guru Gobind Singh Ji visited this place. Bhai Nanu Singh used to live at this place. He offered some weapons, which includes 'Kaman' twenty-two arrows, two swords and some pistols to Guruji with devotion. On every 8th and 9th Maghar Sabha is being held. Nagar Kirtan and Dewan are being organised.

Gurudwara Sahib, Raikot

Guru Gobind Singh stayed where at Raikot, was the head quarter of the Pathan Chief Rai Kalla. He was a devoted follower of the Guru and a close relative of Nihang Khan of Ropar. He looked after the comforts of the Guru like a true and faithful disciple. Under order of the Guru, he sent his man Nura Nabi to Sirhind to enquire about the welfare of the Guru's younger sons and his mother Mata Gujri. Rai Kalla with tears in his eyes narrated to the Guru the sad story of the immortal martyrdom of his two younger sons Baba Zorawar Singh and Baba Fateh Singh as also of Mata Gujri. The Guru remarked that they were the gift of Akal Purkh (Almighty God) and have gone back to him.

Gurusar Sahib Gurudwara, Lal Kalan

Gurdwara Gurusar Sahib is situated in village Lal Kalan on Chandigarh-Ludhiana Road. This gurdwara marks the site graced by two Gurus. Guru Hargobind Sahib Ji and Guru Gobind Singh Ji. Guru Hargobind Sahib Ji spent a night here. Since then many devotees who want to get rid of boils, pimples they take bath in the pond nearby. Sayyid Pir Muhammed of Nurpur, who had been Guruji's Persian tutor, testified that the personage inside the palangin was a most exalted Pir and the party was allowed to proceed. Prakash Utsav of first, sixth and tenth patshahis are celebrated here.

Hardy's World

Hardy's World is the largest water park of Punjab situated 7 km away from Ludhiana. This is one of the eye - catching amusement park in the city which provides cafes and shopping complex and also offers as a place to arrange parties .This water city gives full fun to the tourists.

The entertainments in this park are float in the endless river, plummet down water slides, catch a wave in the water city, or just relax in the shade, ride the world's largest uphill water coaster the green extreme. The most striking one is its cool, bouncy, wet wave pool. One can enjoy this by getting into one of these and strike out against the others and feel the water

spatter all around you as a fun. The water sports like skating in ice and snowfall will be conducted here. This water city is considered as the 3rd largest Indoor snow city of India.

Holy Cross Church

The newly renovated Holy Cross Church, Sarabha Nagar Ludhiana is the biggest in the city. This Catholic Church, which was constructed in 1963, is also the headquarter of the Catholic Spheres in the Ludhiana district. Except for the residence of the priest, the church has been renovated completely. It covers an area of more than 6,000 square feet. Rt Symphorian Keeprath, the Bishop of Jalandhar, is the architect for this church.

The church is 81 feet high. It includes a basement, a large balcony, and three storeys built on the balcony to carry the glowing stars and the Cross-, and a statue of Jesus Christ. The church hall is based on 19 pillars, which are 28 feet high. Constructed at a cost of Rs 1 crore approximately, the church has the capacity to accommodate 3,000 people.

The beautiful ceiling of the church narrates many historical and mythical stories, and has been made by six artists from Kerala. The blue background sports murals and paintings on the life of Jesus Christ. In the center is God, Jesus Christ and the Holy Spirit. In a corner, there are Mother Mary, Jesus Christ and Joseph. On the rest of the ceiling are impressions of angels and followers of Jesus Christ.

Jama Masjid

Amidst the dense and thickly populated Field Ganj area here stands a dilapidated mosque, which has been a mute witness to some turbulent moments of history. The Jama Masjid Choon Gharan, now called Field Ganj, may be presenting a desolate look today, but it was not always so. The mosque had remained a center of hectic activity during the freedom struggle.

Currently the mosque has a seating capacity of about 6000 people. Every Friday more than 6000 people throng the place to offer the special Friday prayers. In the absence of an Idgah here, the Id prayers are also offered in the mosque.

Jarag Fair

This fair is held in Jarag, a village in Tehsil Payal. It is held in Chet (March-April) in honor of the goddess Seetla. It is also known as the Baheria fair. Sweet gulgulas (jaggery cakes fried in oil) are prepared one day earlier and then given in offering to the goddess and thereafter to the donkey who is her favorite. After propitiating the goddess, the family members can the remaining savory gulgulas with great relish.

This festival is observed in Malwa and Powad but the fair is held only in Jarag. There is a pond where the devotees of Seetla gather. They scoop the earth and raise a small hillock, which is accorded the status of the goddess's shrine. Potters specially bring their donkeys decked in colored blankets.

Jassal's Art Gallery

Since the establishment Jassal's Art Gallery gave the best in the world of art to its esteemed customers - bringing the Fancy Artistic Frames, Photo Lamination, Wall Paintings and Gift Items. With the great dedication of Mr.Daljit Singh Jassal and his team at Jassal's Art Gallery, the gallery has now reached its overseas customers in different parts of the world.

Kanga Sahib Gurudwara, Pawat

Gurdwara Kangha Sahib is situated in the outskirts of village Pawat near village Bilorpur. It is 10 km from Machiwara and 25 km. from Chamkaur Sahib. The Gurdwara Sahib is situated at the place where Guru Gobind Singh Ji took rest for couple of hours, while coming from Chamkaur Sahib. It is surrounded by farmland.

Khawaja Azam Kothi

Khawaja Azam Kothi was the place of Khawaja Azam who was a noted nationalist Muslim leader. Today, the sprawling area of well over 2,000 yards is now housing transporters' business and a few shops apart from some residences inside its original premises. As one finds his way to the place where the kothi once stood tall with its grandeur and gardens on both the sides, the only thing reminiscent of the structure's pre-independence legacy is some old doors and dilapidated brick-walls of one part of the original structure, while almost all other traces have disappeared now.

Killa Raipur

Killa Raipur is situated 20 km away from Ludhiana, is the famous center where the Rural Olympics is conducted in mid-February .Large number of people from different parts of Punjab gathered here to view the sporting skills of the village youth. There are basically three types of competitions are held in the rural meets.

Firstly, the entirely rural games like Kabaddi, Wrestling, and Weight lifting are held and secondly, the performing sports like Acrobatics, Twisting an Iron-rod by placing it on the Adam's apple, passing a tractor over the rib cage, cracking a big stone slab by place it on the chest ,and more off beat feats, as seen where a youngster applied surma (kohl) on his eyes, with a knife held between his legs and finally there are the modern sports like Athletics, Hockey, Football, Volleyball, Handball, Cycling etc also held.

Kisan Fair

Punjab Agricultural University organizes a Kisan Mela in Ludhiana every year, where new techniques of farming are shown to the farmers. New hybrid quality seeds of food grains are displayed and sold. The unique features of the Kisan Mela are agro-industrial exhibitions, field demonstrations and question-answer session, besides, provision of diagnostic services, sale of seeds, and sale of farm literature.

Apart from this, the various departments of the Punjab Agricultural University showcase their technologies, which is a regular feature of the Kisan Mela at PAU. The farmers of Punjab are always very enthusiastic about the Kisan Mela. They use to come from different parts of the State; dressed in traditional attire.

Lodhi Fort

The over 500-year-old Lodhi Fort, constructed by Muslim ruler Sikander Lodhi on a strategic location along the banks of the Sutlej in the city. Sultan Lodhi constructed this fort. Shere-e-Punjab Maharaja Ranjit Singh had got dug up a large and mysterious tunnel that connected the Lodhi Fort with his residential palace at Phillaur town across the Sutlej River.

Maharaja Ranjit Singh War Museum (Uppal Museum)

Maharaja Ranjit Singh War Museum (Uppal Museum) was instituted in 1999 with a few bare essentials, today stands strong. At the very entrance stands a huge statue of Maharaja Ranjit Singh sitting proud and magnificent on a throne. Towards the right and left of the statue one can find tanks, apec car, anti-aircraft gun, car scout and an old sukhoi fighter aircraft, along with a massive model of the Vikrant.

Walking up several steps one is lead into the entrance hall, where on the right is a line of portraits of Punjabis, who have been awarded the Paramvir Chakra, Mahavir Chakra and Vir Chakra. This museum has mainly two galleries which are Kargil Gallery and Historic Gallery.

Kargil Gallery : It covers complete Kargil war, with brief history of Kargil, Maskhoh Valley, Darass, Batalic and Kaksar area with map and huge blow up depicting the true scene of war. It also has a Diorama of Operation Vijay and rotating translite-containing photographs of gallantry awardees. A Touch figure Multi-Media Kiosk for detailed information has also been installed in this gallery.

Historic Gallery : This Gallery contains Diorama of 1st and 2nd battles of Panipat and Battle of Aliwal (Anglo Sikh War) and Blowups of Rama Ravna Yudh, Alexander and Porus, Maharaja Sher singh and Sardar Baghel Singh along with their great warriors. The Gallery is equipped with portraits of Sardar Jassa Singh Ahluwalia, Nawab Kapur Singh, Talking Soldiers of Krishna, Gupta, Mughal and Sikh era. Muti-Media kiosks have been installed for detailed information.

Mali Ganj

The winding, twisting lanes of Mali Ganj are typically old-fashioned. The locality was built decades ago. The closely constructed houses with raised entrance and open centres remind one of the forties when life was lived at an unhurried pace. But today, the locality can no longer boast of its old charm. In fact, the modern lifestyle with its attendant changes has transformed the whole complexion of the area.

With each passing year, the locality has undergone changes, so much so that it would be practically impossible to catch even a glimpse of the old Mali Ganj. One could easily pinpoint

two conspicuous changes - one was the multi-fold increase in shops and the other was the plummeting civic sense.

Manji Sahib Gurudwara, Alamgir

This Gurudwara stands at a place where Guru Gobind Singh stayed for a few days after covering journey full of hazards, because of the presence of Mughal military contingents in the area. On reaching Alamgir 11 km from Ludhiana and not finding any drinking water, the Guru shot an arrow into the ground where appeared a spring. This spring has been converted into a tank known as 'Tirsar' (arrow lake). Nearby stands the magnificent six-storied Gurudwara Manji Sahib.

Manji Sahib Gurudwara, Kanech

Gurdwara Manji Sahib, is situated 20 Kms. South-east of Ludhiana City, a village Kanech. It is 1.5 kms. from Grand Trunk Road. After leaving Machiwara, Guru Gobind Singh Ji stayed here for a short while. Gurpurabs of first, fifth and tenth patshahis are celebrated here. Also Shahidi Divas of Guru Tegh Bahadur is organized here.

Mosque Koom Kalan

It is after 60 long years that the azan (the call to Muslims for prayers) has started reverberating in the skies of this small hamlet. The doors of the mosque were opened after local residents led by sarpanch Karnail Singh Kelly handed it over to the Al Habib Charitable Trust on June 25 2007.

The people who had migrated here from Pakistan converted the mosque into a gurdwara. It was used as a gurdwara till 1971 when the locals constructed a new gurdwara there. Since then, the mosque had remained closed.

Mughal Sarai at Doraha

This 17th century beautiful Sarai (protected monument) situated at Doraha Village to the south of Ludhiana -Khanna road, built by the Mughal ruler Jahangir. This huge rectangular Sarai has octagonal bastions at each corner with 168m. Square area of battlemented walls and also has rooms and verandahs on all sides. It has a huge two double-storied gateways in the centre on northern and southern sides, connected with a kachha pathway. The northern gate was painted with floral designs and the southern gate has flora and fauna paintings.

Sarai has 20 rooms on northern and southern sides and 30 rooms eastern and western sides each with a suite of three rooms in the centre. The walls and ceilings of these rooms were richly painted with bright colours. The octagonal opening in the ceilings is for light and ventilation and a distinctive "hammam system" for boiling water are the most notable ones.

Museum of Rural Life of Punjab

The Museum of Rural life of Punjab in the campus of the Punjab Agricultural University is one of the must-sees for any tourist of Punjab. This museum displays the Punjabi Culture to its best. The PAU is perhaps, the only university in India to have a museum like this.

The museum assumes much importance since the rural Punjab is changing fast. The old traditions and customs, which were rampant till the last decade, are now losing their stand with the intervention of the technology. Women fetching water in gaggars (the bronze pot) from the village well are no more seen. Old bronze utensils are now antique pieces.

The whole credit for building up this museum goes to Dr. M.S. Randhawa, the first Vice Chancellor of this University. It was he who conceived the idea and initiated the project. He decided suitable design for the building and collected the old objects from small ancient villages and towns like Sultanpur Lodhi, Rahon, Goindwal, Zira and Sunam.

The museum has a beautiful facade. It resembles the traditional houses of rural Punjab. It lies in a 4000 sq. Yards area. The museum looks splendid while also maintaining the simplicity of rural life. A 100-yard long path, flanked on both sides by water channels, leads to the finely carved doors of the museum.

Interiorly the museum is divided into various sections. The very first room contains a collection of Harappan pottery and coins. Next is an open kitchen, which includes all the necessary kitchen equipment like a big paraat, an old type of Chulha (the hearth), a peerhi etc. Besides there are two dummies of housewives - one carrying a gaggar (the bronze pot) on her head and another rolling the chappatis. In a room on the left are placed old bronze utensils for cooking, eating, drinking and milking the cattle.

Nanaksar Gurudwara, Jagraon

It is Located near Jagraon at a distance about 38 Kms from Ludhiana on Ferozepur road, Gurudwara founded by Baba Nand Singh, Nanaksar Sahib is a model of elegance and architecture A five days fair is held here in his memory in August every year and nearly one-lakh devotees attend it from all parts of India. In addition every year Jor Mela is organized in a big way from 13th January to 17th January, which attracts sangat from all over.

Nanaskar Sahib Gurudwara, Thakarwal

Gurdwara Nanaksar Sahib is situated in village Thakarwal in the outskirts of Ludhiana City. It is 8 kms. from Ludhiana City. It is said that Guru Nanak Dev Ji, came to this place from Gurdwara Gau Ghat, Ludhiana Guruji stayed at this place with Bala and Mardana for 3-4 days. It is said that villagers didn't care for presence of Guruji except one old man. When Guruji was going to leave the village, the old man came with bucket full of milk for him. He apologized for ignorance of villagers. Guruji Bala and Mardana drank that milk. He is said to have advised the local chief to be kind and just to his subjects. This Gurdwara sahib has a large complex with adequate space around. All Gurpurabs are celebrated here.

Nehru Rose Garden

Nehru Rose Garden situated in Ludhiana city was established in 1967. This is one of the largest rose garden in Asia, spreads over an area of 30 acres, which planted more than 17,000 plants with 1,600 varieties of roses, which gives a greenery sight. It is a picnic spot with landscaped lawns, musical fountain, pathway, mini-zoo and also offers boat rides in the pool. These are the major entertainments which attract the visitors. It is also considered as a best spot for jogging and walking. The famous annual rose festival of the city is conducted in this garden which attracts thousands of visitors.

Phillaur Fort (Maharaja Ranjit Singh Fort)

This small Fort alias Ludhiana Fort is situated in Phillaur, Punjab on the banks of the Sutlej River, 14 km from Ludhiana. It is an ancient (17th century) fort. In the second half of the century it was transformed to a serai and in the 18th century it was further converted into a mud fort and then in 1809-12 it became the military fortress of Maharaja Ranjit Singh. The governor general of Maharaja Ranjit Singh, Dewan Mohkam Chand intelligently designed the fort very beautifully, which makes it very fascinating to the tourists.

The fort was then converted by the British into the Police training center and now occupied by the Police Academy of Punjab. The fort is having a huge entrance gate and one can reach the fort through the winding paths or through waterway, adjoining the outer boundary. Inside this Fort complex we can see the famous shrine of Pir-i-Dastgir, also known as Abdul Kadir Galani and tombs of Muslim Saints and tombs belonging to members of Shah Shuja's family.

Pir-i-Dastgir Shrine

Pir-i-Dastgir Shrine also known as Abdul Kadir Galani, situated inside the Ludhiana fort to the north-west of Ludhiana. The tombs of famous Muslim saints and the tombs belonging to members of Shah Shuja's family can be seen in this shrine. Both Hindu and Muslim pilgrims visit here.

Prof. Mohan Singh Fair

Prof. Mohan Singh Mela is a cultural festival, where artists, writers, poets and dancers from all over Punjab gather and perform. The aim of this festival is to promote Punjabi culture, language and literature. It is a unique fair of cultural confluence of Punjabi artists, writers and folk performers- kind of a feast that may, again, be called typically Punjabi. Alongside this cultural extravaganza noted writers and artists are honoured for their contribution to the promotion of Punjabi literature, language and culture.

At this annual festival, the emphasis has always been as much on the contribution of the poet to Punjabi literature as on the cultural heritage of Punjab.

Punjabi Bhawan

Dr Radhakrishnan the then Vice-President of India laid Punjabi Bhawan's foundation stone on July 2, 1966. The Bhawan functions as the head office of the Punjabi Sahit Akademi. It also has the District Language Office, the Punjab School Education Board Office and a bookshop on its premises.

Rural youth and workers in rural areas look upon it as a nucleus of musical shows or the venue of Prof Mohan Singh Mela. The urban youth and the rich come here to attend 'star-nites' or fashion shows. The open-air theatre in the Bhawan was named after Balraj Sahni, theatre and film actor, by Dr M.S. Randhawa. Poets get together for their monthly meetings in the committee room. Academicians, critics and students assemble in Rana Seminar Hall for exchange of ideas.

The Punjab Bhawan also houses a reference library, one of best in the region in terms of collection of books, documents and papers. Punjabi Sahit Akademi also organises academic and literary functions. It holds the prestigious Kartar Singh Dhaliwal annual awards ceremony.

Rara Sahib Gurudwara

This holy abode has been a place of worship and penance of the immortal sage, the great "Sriman 111" Sant Isher Singh Ji. This is the place where he tirelessly devoted himself to God. The present form of the Gurudwara is a monument built in his memory.

The exquisite use of marble on all sides the high domes, cupola canopies and the splendid entrance of the Gurudwara provide a divine look to Karamsar. The Gurudwara is located 22 Km Southeast of Ludhiana.

Roshni Mela - Fair of Lights

This mela is held on 13th of Phalgun. Devotees from far of places visit the dargah and also of Mai Zeena situated about 500 metres from the dargah. Mai Zeena was one of the wives of Baba Mohkamdin. She served as watchman of Baba Mohkamdin during his period of meditation. Mai Zeena used to answer questions of devotees.

This fair is held in Jagraon from the 14th to the 16th of Phagun in honor of a Muslim Pir, Abdul Kader Jalani. It is held in the vicinity of his tomb. Although it is a Muslim fair in origin, the Hindus of the area also flock to the site of this shrine. Even after Partition, this fair has been held regularly. Circus, magic shows, swings were the main attraction of the historic Roshni Mela.

It is called the 'fair of lights' because innumerable devotees who come to visit the place light earthen lamps at the shrine of the pir. The lights are visible from long distances. It is believed that whatever wish one sincerely makes at the shrine of this pir is granted. Young people sing bolian and perform dances, thus adding to the gaiety and glamour of the fair. It is sheer

delight to villagers performing dances and singing songs to the sweet strains of the flute and the one-stringed instrument called Toomba.

Sanglan Wala Shivalaya Mandir

This 400 years old Sanglan Wala Shivalaya Mandir is situated in the old Ludhiana city dedicated to Lord Siva. The temple celebrates Shivratri festival very magnificently and large number of devotees irrespective of religion gathered in the Mandir in the early morning to worship the Lord and they offer water, milk and ber to the Lord.

During the Shravan month large number of KanwaRais went to Hardwar from Ludhiana to get holy water from the River Ganga in order to offer this holy water to Lord Siva in the Sanglan Wala Shivalaya Mandir.

Shri Ayyappa Temple

Shri Ayyappa Temple situated in Ludhiana, Punjab is dedicated to Lord Ayyappa. There are also four other temples inside this temple complex , which are dedicated to Lord Vishnu, Lord Ganesh ,Lord Siva, and Goddess Devi Matha. Makaravilakku festival of this temple is celebrated magnificently by conducting a shobha yatra with traditional poojas

Shri Krishna Mandir

Shri Krishna Mandir is very famous and biggest temple of Ludhiana. It is situated in Model Town Extension, Ludhiana. Shri Krishna Mandir is one of the newest beautifully furnished temples constructed on 500 Sq. yards. More than 520 statues have been established in this temple.

The main attraction is the 37 feet high statue of Lord Hanuman. Janam Ashtami, Dushera, and Shivratri are three festivals celebrated with great fervor, enthusiasm and glory at Krishna Mandir. A large number of devotees, use to recite bhajans and shlokas and Devotees kept pouring on this temples during the whole day.

The administration of this temple also runs a charitable hospital for poor; provide free medicines and operation facilities.

Sidhwan Canal

Sidhwan Canal is a distributory of a main canal originating from Bhakra dam flows through the southern part of the city. The canal has a sizeable discharge of 1600 cusecs of water. However, the canal water is meant for irrigation and hence not used for domestic supply in Ludhiana city. Thus there is not surface water available for domestic or industries purpose.

Soil Museum

Soils Museum located in the Department of Soils is one of its kinds in Northern India depicting detailed information about the soil resources of Punjab State based upon research carried out in the Department. The work of Soils Museum was initiated in the 1970 at the instance of Dr. M.S.Randhawa, the Vice-Chancellor of the University.

The museum has six levels (floors), the first three levels depict the soils as they occur in nature whereas the other levels are related with soil fertility. Soil maps of World, India and Punjab, monoliths of representative soils profiles of Punjab, specimens of rocks and minerals, atomic structure model of minerals etc. are shown in the museum.

The museum serves as a tool for teaching and research in the field of soil and water conservation, fertility management and soil resource inventory. Young farmers, Officials from State Agriculture Department and students from other State Agriculture University often visit to the museum for updating their knowledge.

Sri Durga Mata Mandir

Shri Durga Mata Mandir is a place for pilgrimage for people in Ludhiana. Hundreds of devotees throng the mandir daily for prayers. People come to mandir to take blessings of Maa Durga. Due to Ma Durga's blessing mandir has now a larger complex.

Its uniqueness lies in that only in Durga Mata Mandir one can find idols of Guru Nanak Devji, Vivekanand ji, Bhagwan Mahawir and Budha along with other Hindu idols.

Sri Guru Singh Sabha Gurudwara, Bhai Randhir Singh Nagar

The residents of Bhai Randhir Singh Nagar gracefully established Gurudwara Sri Guru Singh Sabha in early 1982 in a vast area of land in E-block inaugurating the Diwan Asthan initially in a small room. Gurudwara Singh Sabha got registered with Registrar of firms and societies, Punjab on 28th November 1983. Gradually it came up with magnificent buildings and a vast area was converted into most modern and spiritual campus to make a more humane, pure and positive world through Gurbani recitations and other religious and social activities.

Parkash Asthan studded with shining stones and glasses presents an attractive view in a big hall with spacious galleries and could accommodate thousands of devotees on all celebrations. It is surrounded by lush picturesque, beautiful lawns of green grass and seasonal flowers inspiring spiritual sagacity and environments with sweet sounds and tones of hymns from Shri Guru Granth sahib.

Sri Guru Singh Sabha Gurudwara, Model

Located in Model Town Extension, near Krishna Mandir, the Gurudwara Sri Guru Singh Sabha's splendour gradually unfolds as you walk through the doors. A flight of stairs leads you to the congregation hall; the three domes above stand as palpable symbols of Sikh architecture. On a well-decorated pedestal in the western corner of this hall lies Sri Guru Granth, which Sikhs regard as their 11th Guru. From this hall, the stairway descends into Langar or dining hall that can accommodate 300 people at a time.

Gurudwara Sri Guru Singh Sabha, Model Town Extn. is one of the famous sabha among other two or three in Ludhiana City. Within less than 12 years from 1987 to 1998, this institution has achieved so many milestones. The residents of Model Town and nearby areas helped whole-heartedly and the enormous and magnificent building of Gurudwara Singh sabha has been beautifully constructed with latest techniques and design on 4825 Sq. Yards plot. Gradually it came up with magnificent buildings and a vast area is transformed into most modern and spiritual campus to make a more humane, pure and positive world through Gurbani recitations and other religious and social activities.

Subhani Building

The imposing heights, delicately designed and carefully crafted wood work and the hanging galleries of wood on all sides of the Subhani building speak of its past. Subhani Miyan, a businessman, had constructed Subhani building in 1931. The building was believed to be one of the few tall buildings in Ludhiana with six stories. Its spacious rooms and multiple stairs speak of the motive of the man who had constructed the house and rightly named it after himself.

The building with about 20 rooms had all the facilities, which may be considered a luxury even from the modern standards. Subhani Miyan had several children and he had constructed one room for each son, besides several guest rooms with a central lobby. The entrance to the house was decoratively designed, the remains of which can be seen even now.

The building appears to have been constructed not with an architectural design only but also with an aesthetic sense. The woodwork still makes the visitor feel awe-struck. The quality of wood, apparently deodar, is too good to have succumbed to the vagaries of weather for the past so many years.

Sunet - The Historical Village

Historic places always attract curiosity. They act as a potential magnet for tourists. Sunet, a village now surrounded by Bhai Randhir Singh Nagar, a posh colony of the city, is one such place. It had first hogged limelight in the early 1980s when thousands of coins and sealing dating as old as first century AD were found during excavations carried out by the National

Department of Archaeology, Punjab. Sunet village comprising of ancient mounds, some of which were excavated, is, sadly, passing into oblivion.

Tiger Safari Zoo

Zoo in Ludhiana called as Tiger Safari, situated 6 kms from the main city on GT Road on Ludhiana-Jalandhar Highway covers an area of on 25 acres. It was established in 1993 and here one can see the majestic tigers are freely wandering in the dense forest, black bucks, sambhars, rabbits and lots of peacocks. It is a good picnic spot for the children and they thrilled to see the bathing of the tigers in the pool and sleeping under the bushes.

In all zoo we can see the tigers in a huge cage but here it is very thrilling experience to see the group of tigers wandering freely in this zoo other than any other zoo. A bell rung at 5 o'clock and they are locked in their cage by giving them meat to eat for the night. Tiger Safari in this Zoo is conducted by a private company under a contract given by the Wild Life Department .The company provides two buses for this service. The Deer Park at Neelon on Ludhiana-Chandigarh road is the near by attraction.

Valmiki Bhawan

The four-storey building of Valmiki Bhavan is located on Chandigarh Road in Jamalpur in the Ludhiana city. The Chief Minister Punjab - Mr. Parkash Singh Badal on 4th November 2001, inaugurated this bhavan, claimed to be the first of its kind in the state.

This building, which has been constructed in a record time on a 9006 square feet piece of land, allotted by Punjab Govt, has a meditation hall, an auditorium, a spacious hall on second floor and a library-cum-reading room and a committee room with office on third floor. A generator has also been provided at the building.

(x) Scope of Village and Town Directory

Village Directory:

The “Village Directory” is one of the traditional compilations of the Census. It gives the list of villages, their location numbers, their area, population, number of households, amenities such as educational, medical, drinking water, post and telegraph, commercial and co-operative banks, agricultural non-agricultural and other credit societies, recreational and cultural facilities, communication, approach to village, nearest town with a distance, power supply availability of newspaper and magazines, most important commodity manufactured and land use of each village.

Village is a statutory recognized unit having a definite boundary and separate land records. In case, a complete village is treated as an outgrowth of urban agglomeration, data on amenities for that village have not been given in the Village Directory but shown along with the urban component. The villages which are considered as a Census Town, the amenities data are shown in the Town Directory. For those villages which have partly merged in an outgrowth of U.A., the amenities data are shown in the Village Directory for that particular village.

Town Directory :

The Town Directory is presented for each town covering different aspects of urban life. Like 2001 census, in the present census also there are seven Statements included in the District Census Handbook for presentation of data. The seventh Statement relates to slums which was numbered as IV- A in 2001 Census. Statements I to VI contain data about growth, density, sex ratio, physical aspects of towns, communications, municipal finances, civic, medical, educational and other amenities and trade, commerce, Industry, Banking facilities etc. Hence the data for the towns have been presented in these six Statements. Similarly the seventh Statement presents the data for slums.

Statement I shows status and growth history of the towns of the District. Column 2 in this Statement indicates class, name and civic administration status of a town (as in 2010). Class of the town indicated under this column has been introduced to facilitate the analysis of town directory data at the State/U.T. and at the national level. Column 6 presents area in Sq. kms., while Column 7 presents number of households including houseless households. Columns 8 to 21 give population and growth rate of towns since 1901. Column 22 presents density and Columns 23 to 25 present sex-ratio.

Statement II shows physical aspects and location of each town as in 2009. Column 2 shows the name and Civic Status of Town. Columns 3 to 5 show the rainfall and maximum and minimum temperature. Columns 6 to 12 show the name and distance of State HQ, district HQ, Tehsil HQ, nearest city with a population of one lakh and more, nearest city with a population of five lakh and more, Railway Station, Bus facility etc. , from town.

Statement III provides information for civic and other amenities available to the Town. The Columns 3 related to road length and 6 to 19 present data regarding a system of drainage, number of latrines, sewerage, method of disposal of night soil, protected water supply, fire fighting service, electric connections for domestic, industrial and commercial as well as road lighting (points) and other amenities.

Statement IV provides information regarding medical facilities available in the towns. The columns 3 to 12 give the information on number of facilities available for hospital (allopathic and others) Dispensaries/Health Centre, Family Welfare Centre, Maternity and Child Welfare Centre, Maternity homes, T.B hospitals/Clinic, Nursing homes, Veterinary hospitals, Mobile Health Clinic and others with the number of beds available in brackets. Charitable hospital/Nursing homes and Medicine shops available in the town are shown in column no. 13 and 14.

Statement V gives information regarding educational, recreational and cultural facilities available in the town. The columns 2-13 indicates the number of educational facilities available in towns viz., Primary, Middle, Secondary, Senior Secondary, Colleges (Arts, Science, Commerce of degree level and above), Engineering colleges, Management Institute/colleges, Polytechnics and other institutes.

This Statement also shows, number of special schools for disabled, working women's hostels, old age homes, stadium, recreational and cultural facilities available in the town under Columns 15 to 23.

Statement VI presents information in respect of industry and banking services in the town. Columns 3 to 5 indicate three most important commodities exported and manufactured in the Town. Information on number of banks (Nationalised, Private and Co-operative banks) available in the town has been presented under column 6-8 whereas Columns 9 and 10 show the number of agricultural and non-agricultural credit societies in the town.

Statement VII shows the civic amenities available to all the towns having slums falling in the jurisdiction of district as per 2009.

Village and Town Directory

Section I – Village Directory

Brief Note on Village Directory

The Village Directory is being compiled for both inhabited and un-inhabited villages. In the village directory both private and government facilities/institutions have been given. In case of un-inhabited /depopulated villages, the location code number, name and area of the village is being given universally in Village Directory and Village PCA. The columns relating to the amenities and land use pattern, etc. being left blank and it will be noted against the name of the village that it is un-inhabited/depopulated. The Appendices to Village Directory and Inset Tables based on village Directory data are also prepared for inhabited villages.

In the Village Directory format for 2011 Census there are 122 columns and the details thereon are as follows:

Columns 1: Serial Number: - Self explanatory. All the villages within the CD block are presented serially in the ascending order of their location code number.

Columns 2: Name of village: - Self explanatory. The name of the villages are shown against this column. This also includes the forest and uninhabited villages.

Columns 3: Location Code Number of village. The location code number of the villages are shown against this column.

Columns 4: Area of the Village: - The area of the villages has been given in hectares.

The Class is presented according to population of the towns in 2011 Census as follows:

Population	Class	Population	Class
100,000 and above	I	10,000 – 19,999	IV
50,000 – 99,999	II	5,000 – 9,999	V
20,000 – 49,999	III	Below - 5,000	VI

The following abbreviations are used to denote the Civic Status of the town.

Civic Status	Codes	Civic Status	Codes
i Municipal Corporation	M.Corp.	xii Notified Town Area	NTA
ii Municipal Committee	MC	xiii Industrial Notified Area	INA
iii Municipal Council	M Cl	xiv Industrial Township	ITS
iv City Municipal Council	CMC	xv Township	TS
v Town Municipal Council	TMC	xvi Town Panchayat	TP
vi Municipal Board	MB	xvii Nagar Panchayat	NP
vii Municipality	M	xviii Town Committee/ Town Area Committee	TC
viii Cantonment Board/Cantonment	CB	xix Small Town Committee	ST
ix Notified Area	NA	xx Estate Office	EO
x Notified Town	NT	xxi Gram Panchayat	GP
xi Notified Area Committee/ Notified Area Council	NAC	xxii Census Town	CT

Column 3 - 25: -

These columns are self explanatory

Statement II: - Physical Aspects and Location of town, 2009.

Column 1 - 2 Serial number and Name of town: -

Self explanatory

Columns 3 to 5 - Physical Aspects:-

In these columns the Rainfall and Maximum and Minimum Temperature of the town is recorded.

Columns 6 to 12:-

Name and road distance of the town (in kms.) from the State headquarters, District headquarters, Sub-divisional/Taluk/Tahsil/ Police station/Development Block/Island HQ., Nearest city with population of one lakh and more, Nearest city with population of five lakh and more, Railway station and Bus route is recorded in these columns respectively. If the names mentioned in these columns are the same as the referent town itself, the distance is recorded as (0) zero.

Statement III – Civic and other Amenities, 2009:-

Column 1 - 2 Serial number and Name of town: -

Self explanatory

Column 3 – Road length (in km.)::-

The information about the road length (in km.) within the limit of the town is recorded in this column.

Columns 4 to 7- System of drainage: -

The system of drainage available in the town is indicated in these columns by the following codes:

System of drainageCodes

Open drains	OD
Closed drains	CD
Both drains	BD

Columns 8 to 11-Number of latrines: -

The number of various types of latrines available in the town is indicated in these columns.

Columns No. 12 & 13 – Protected water supply: -

The information on source of water supply and system of water storage with capacity available in the town are given in these columns in the following codes:

Column 12 (Source of water supply):-

(i) Tap water	T
(ii) Tube-well water	TW
(iii) Tank Water	TK
(iv) Well water	W

Column 13 (System of water storage):-

(i) Over Head Tank	OHT
(ii) Service Reservoir	SR
(iii) River Infiltration Gallery	RIG
(iv) Bore Well Pumping System	BWP
(v) Pressure Tank	PT

The information on 2 major source of water supply is given in column 12 and the system of water storage with capacity against each in kilo-litres (in bracket) is presented in column 13.

Columns 14 Fire Fighting Service: -

In case the fire fighting service is available in the referent town, 'yes' is recorded. If the facility is not available within the town, the name of the nearest place having this facility with its distance from the referent town has been recorded.

Columns 15 to 19- Electrification (Number of connections):-

Different types of electric connections have been shown in these columns, i.e., Domestic, Industrial, Commercial, Road lighting (points) & others.

Statement IV: Medical Facilities, 2009:-

Columns 1 - 2 Serial number and Name of town: -

Self explanatory

Columns 3 to 13 :-

The number of various medical institutions such as Hospitals, Dispensaries, Health Center, Family Welfare Center, Maternity and Child Welfare Center, Maternity Homes, T.B. Hospital/clinic, Nursing Homes, Charitable Hospital/Nursing Home, Mobile Health Clinic and Others as available in the town, are indicated in these columns (along with number of beds in brackets).

If a medical facility is not available in the town, the name of the nearest place and its distance in kilometers from the town where the facility is available is mentioned.

Column 14 - Veterinary Hospital:-

The Number of Veterinary Hospitals available in the town is given in this column.

Column 15 - Medicine Shop:-

The number of Medicine shops available in the town is given in this column.

Statement V: Educational, Recreational and Cultural Facilities, 2009**Columns 1 - 2 Serial number and Name of town: -**

Self explanatory

Columns 3 to 15 Educational Facilities:-

The information on number of Primary school, Middle school, Secondary school, Senior Secondary school, Arts/Science/ Commerce colleges (of degree level and above), Medical colleges, Engineering colleges, Management Institute/Colleges, Polytechnics, Recognized Shorthand, Typewriting and vocational training Institutions, Non-formal Education Center (SarvaShikshaAbhiyanCenter), Special School for disabled and Others available in the town, are indicated in these columns.

If an educational facility is not available in the town, the name of the nearest place and its distance in kilometers from the town where the facility is available is mentioned.

Columns 16 to 23 – Number of Social, Recreational and Culture Facilities :-

The information on No. of Home Orphanage, Working women's hostels (with No. of seats in bracket), No. of Old Age Home, Stadium, Cinema Theatre, Auditorium/Community halls, Public libraries and Reading rooms available in the town are given under these column.

Statement VI: Industry and Banking 2009:-**Columns 1 - 2 Serial number and Name of town: -**Self explanatory

Columns 3 to 5 - Names of three most important commodities manufactured:-

The names of three most important commodities manufactured in the town are given under these columns.

Columns 6 to 8 - Number of banks: -

The number of banks available in the referent town both Commercial and Co-operative banks are recorded against these columns.

Columns 9 & 10 – Number of Agricultural and Non Agricultural Credit Societies: -

The number of Agricultural and Non Agricultural Credit Societies available in the referent town are given in these columns.

Statement VII: Civic and other Amenities in Slums, 2009:-

This statement VII provides information on civic and other amenities in all slums whether notified or not and for all towns having statutory bodies, like Municipality, Municipal Corporation, Town area committee etc.
